

PAKISTAN OILFIELDS LIMITED

Annual Report 2023

Excellence through Exploration

Company Profile

Pakistan Oilfields Limited (POL) is a leading oil and gas exploration and production Company listed on Pakistan Stock Exchange (PSX). The Company's prime focus is to deliver performance through excellence in the field of exploration, drilling and production of crude oil and gas. POL, a subsidiary of the Attock Oil Company (AOC), was incorporated on November 25, 1950.

AOC was founded in 1913 and made its first oil discovery in 1915 at Khaur, District Attock. AOC has, therefore, pioneered exploration and production of oil and gas in this region for more than a century. In 1978, POL took over the exploration and production business of AOC. Since then, POL has been investing independently and in joint venture with various exploration and production companies for search of oil and gas in Pakistan.

In addition to exploration and production of oil and gas, POL plants also manufacture Liquefied Petroleum Gas (LPG), solvent oil and sulphur. POL markets LPG under its own brand name POLGAS as well as through its subsidiary Capgas (Private) Limited. POL also operates a network of pipelines for transportation of its own as well as other companies' crude oil to Attock Refinery Limited.

In 2005, POL has acquired 25% share in National Refinery Limited, which is the only refining complex in the country producing fuel products as well as lube base oils.

The registered office of POL is situated at Morgah, Rawalpindi.

Principal business activities

POL is principally engaged in exploration, drilling and production of crude oil and gas in Pakistan. Its activities also include marketing of LPG under the brand name POLGAS and transmission of petroleum through pipelines.

Cover Story

In these times of economic turbulence and uncertainty, POL remains unwavering in its pursuit of excellence. Excellence is not a static goal but an unending journey. With experience of more than a century in Exploration and Production, we are committed to explore new horizons and achieving excellence as to shape our future.

We're charting a plan towards sustainability, growth, and prosperity. It's not just about securing our present; it's about ensuring a brighter tomorrow and beyond. At POL, the pursuit of excellence is our guiding star, leading us through the challenges of today towards the opportunities of tomorrow.

Grievances Policy

A grievance is defined, as a condition of employment, which the employee feels, is unjust or inequitable. It is the policy of the Company to provide all employees with an opportunity for full consideration of their cases in a situation where the grievance procedure could be applied. A grievance may be presented orally or in writing.

Procedure:

1. In case of any grievance relating to employment, the employee should raise the matter initially with his / her immediate supervisor within a maximum of five working days of the event prompting the grievance. In no case, should the grievance be raised after the expiry of thirty days of the event.
2. Having inquired into an employee's grievance, the immediate supervisor should discuss the issue and make an effort to resolve the matter at the initial level.
3. If the grievance is not or cannot be settled by the immediate supervisor, the employee or the immediate supervisor should, within three working days, present the case to the departmental head. The departmental head should discuss the matter and make all efforts to resolve the issue. A written report is required to be filed with the Admin and HR department as to whether the grievance was resolved or not and confirming the steps taken toward resolution.
4. If the grievance is not or cannot be settled by the departmental head within three working days, the grievance should be presented to the Management Committee, which shall consider all relevant information and take a decision to resolve the problem or give a ruling within three working days of the case being forwarded by Admin and HR.
5. If the decision of the Management Committee is not acceptable to the employee or any other party concerned, they may then refer the matter in writing to the Chief Executive, who shall decide whether or not to review the case. The Chief Executive's decision shall be final and binding.
6. It should be noted that in the process of attempting to resolve any employee grievance, it is also the obligation of the employee, as a mature individual, to be receptive to suggestions and to make a serious effort to resolve the matter.
7. Employees are expected to exercise this right in a sensible and judicious manner. Misuse of this policy is strongly discouraged.

Whistle Blowing Policy

This Policy addresses the commitment of the Company to integrity and ethical behavior by helping to foster and maintain an environment where employees can act appropriately, without fear of retaliation.

The Company conducts business based on the principles of fairness, honesty, openness, decency, integrity and respect.

To maintain these standards, the Company encourages its employees who have concerns about suspected serious misconduct/breach of law/regulation or suspected breach of law or regulation that may adversely impact the Company, to come forward and express these concerns without fear of punishment or unfair treatment.

It is also the policy of the Company to address any complaints that allege/attempted acts of interference, reprisal, retaliation, threats, coercion or intimidation against employees who report, disclose or investigate improper or illegal activities (the “Whistleblowers”) and to protect those who come forward to report such activities. The Company assures that all reports will be treated strictly confidentially and promptly investigated and that reports can be made anonymously, if desired.

The internal control and operating procedures of the Company are in place to detect and to prevent or deter improper activities. However, even the best systems of controls cannot provide absolute safeguards against irregularities.

The Company has the responsibility to investigate the allegations of suspected improper activities and to take appropriate actions.

Employees and others are encouraged to use guidance provided by this policy for reporting all allegations of suspected misconduct or improper activities.

General Guidance

This policy presumes that employees will act in good faith and will not make false accusations when reporting of misconduct . An employee who knowingly or recklessly makes statements or disclosures that are not in good faith may be subject to disciplinary procedures, which may include termination. Employees who report acts of misconduct pursuant to this policy can and will continue to be held to the Company’s general job performance standards and adherence to the Company’s policies and procedures.

- We will minimize any negative impact on the environment that might be associated with our operations or our products, searching out new ways to conserve natural resources and innovating to improve our products and processes.
- We will be a good neighbor. Not just keeping our own house in order but also reaching out to support aid and relate to those in our neighborhood. In particular we will focus on providing educational and academic support and engaging in projects that will benefit our local communities.
- We will seek out opportunities for dialogue with all our stakeholders.
- We will monitor and record our achievements under this policy so that we may continuously improve.

Health, Safety and Environment (HSE) Policy

POL is fully committed to ensure and promote the highest degree of safe and healthy working environment in the entire organization. Our employees are our most important asset and we consider them the critical element for the success of our safety programme. POL recognizes that safe operations depend not only on technically sound plant and equipment but also on competent people and an active HSE culture, and that no activity is so important that it cannot be done safely.

To achieve this objective; we aim to

- Ensure that all relevant health, safety and environment procedures/work instructions are developed and implemented.
- Strive to prevent injuries, ill health and property loss through hazards identification, risk assessments of all activities and processes.
- Ensure that all safety rules and regulations are obeyed and protective equipment is used wherever it is necessary and specified.

Products

Crude Oil

An oily, flammable liquid that occurs naturally in deposits, usually beneath the surface of the earth. It consists principally of a mixture of hydrocarbons, with traces of various nitrogenous and sulphurous compounds. During the past 600 million years, incompletely decayed plant and animal remains have become buried under thick layers of rock. It is believed that petroleum consists of the remains of these organisms but it is the small microscopic plankton organism remains that are largely responsible for the relatively high organic carbon content of fine-grained sediments which are the principle source rocks for petroleum.

Little use other than as lamp fuel was made of petroleum until the development of the gasoline engine and its application to automobiles, trucks, tractors and airplanes. Today the world is heavily dependent on petroleum for motive power, lubrication, fuel, dyes, drugs and many synthetics.

Natural Gas

Natural mixture of gaseous hydrocarbons found issuing from the ground or obtained from specially driven wells. The composition of natural gas varies in different localities. Its chief component, methane, usually makes up from 70% to 95% and the balance is composed of varying amounts of ethane, propane, butane and other hydrocarbon compounds. Although commonly associated with deposits, it also occurs separately in sand, sandstone and limestone deposits. Some geologists theorize that natural gas is a byproduct of decaying vegetable matter in underground strata, while others think it may be primordial gases that rise up from the mantle. Because of its flammability and high calorific value, natural gas is used extensively as an illuminant and a fuel.

Liquefied Petroleum Gas (LPG)

LPG is a mixture of gases, chiefly propane and butane, produced commercially from petroleum and stored under pressure to keep it in a liquid state. The boiling point of liquefied petroleum gas varies from about -44°C to 0°C, so that the pressure required to liquefy it is considerable and the containers for it must be of heavy steel. Common uses are for cooking and heating and lighting. It is also used for powering automotive vehicles. LPG is an attractive fuel for internal- combustion engines because it burns with little air pollution and little solid residue.

Solvent Oil

Solvent oil is one of the five major oil products closely related to people's daily life. Its application sectors also have a constant expansion. There are also extensive uses in rubber, leather and adhesive sectors.

Sulphur

Solid Sulphur occurs principally in three forms, all of which are brittle, yellow in color, odorless, tasteless, and insoluble in water. It is a chemically active element and forms many compounds, both by itself (sulfides) and in combination with other elements. It is part of many organic compounds.

Sulphur is used in black gunpowder, matches and fireworks; in the vulcanization of rubber; as a fungicide and insecticide; and in the treatment of certain skin diseases. The principal use of Sulphur is in the preparation of its compounds. The most important Sulphur compound is Sulphuric acid.

A LOOK BACK ON Our Drilling Activities in 1958

Search for Oil was further intensified in 1958 resulting in a record footage drilled in recent years. Total footage drilled was 22,653. The bulk of this footage was drilled with the Steam Outfits and the Failing "2500"

Details of our drilling activity in 1958 are:—

<i>Dhulian A—5.</i> (<i>Steam</i>)	Deepened to 8507 feet and completed as a producing well.
<i>Dhulian A—38.</i> (<i>Steam</i>)	Drilled to 8810 feet and put on production test.
<i>Nandrakki.</i> (<i>Failing</i>)	Drilled to 3420 feet and abandoned.
<i>Kallar Kahar.</i> (<i>Steam</i>)	Drilled to 7130 feet and abandoned.
<i>Kartal 2.</i> (<i>Steam</i>)	Drilled to 12,676 feet and abandoned.
<i>Tanwin.</i> (<i>Failing</i>)	This Outfit is on Structure Testing and during the period under review drilled No. 1 to 374 feet.

Business Model

POL has strong financial position and it utilizes its unique position in the local E&P Industry to create value across the geographic regions and operational fields.

POL is an integrated E&P Company focused on honoring its economic, social and environmental commitments to all its stakeholders, including the Company itself, its employees, joint venture partners, customers, suppliers, local, provincial and federal governments, local communities in and around the Company's areas of operations and the public at large. POL has strong financial position and it utilizes its unique position in the local E&P Industry to create value across the geographic regions and operational fields. POL's Business objectives are aligned with its operational priorities grouped into following strategic regions:

1. Core Business - E&P:

Strengthening the core E&P by expanding exploration blocks, acquisition of potential blocks focusing on short-cycle, low-cost assets, production optimization from existing reservoirs, exploratory drilling, and reserves replenishment.

2. Diversification:

Expanding on LPG marketing business (region wise and customer wise e.g., domestic and industrial) and crude transportation through pipeline (e.g. adding new customers/fields).

3. Financial:

Enhancement of the return to the shareholders, enhancement of net profit by increasing sales, timely recovery of receivable, budgetary controls measures.

4. Internal Processes:

Re-structuring of internal business processes by adopting the latest technology and techniques to improve Company's operational efficiency

5. Stakeholders:

Create value for joint venture partners, shareholders, customers, employees, government and local communities in different areas of the Company

Pakistan Oilfields Limited - Oil and Gas Value Chain

The oil and gas value chain starts from discovering fields and ends with providing products to end consumers. Different stages include exploration, production, storage, processing/refining and marketing.

The three facets of the value chain are:

Upstream sector (Exploration, Production) -

include as Exploration and Production companies, which are primarily involved in identifying and assessing potential Oil & Gas producing blocks, drilling exploratory/development wells & developing infrastructure in economically viable oil fields to produce commercial quantities of hydrocarbon.

Midstream sector (Transportation and Storage) -

primarily involved in transportation of hydrocarbons. The various modes of transportation include pipelines, rail and road transportation.

Downstream sector (Refining and Retail Markets)

include companies which are involved is the process of refining, marketing & selling. These companies transform & refine crude oil into a variety of derivative products such

as liquefied petroleum gas, gasoline, jet fuel, diesel oil, other fuel oils etc., which are in turn, sold to different end-users.

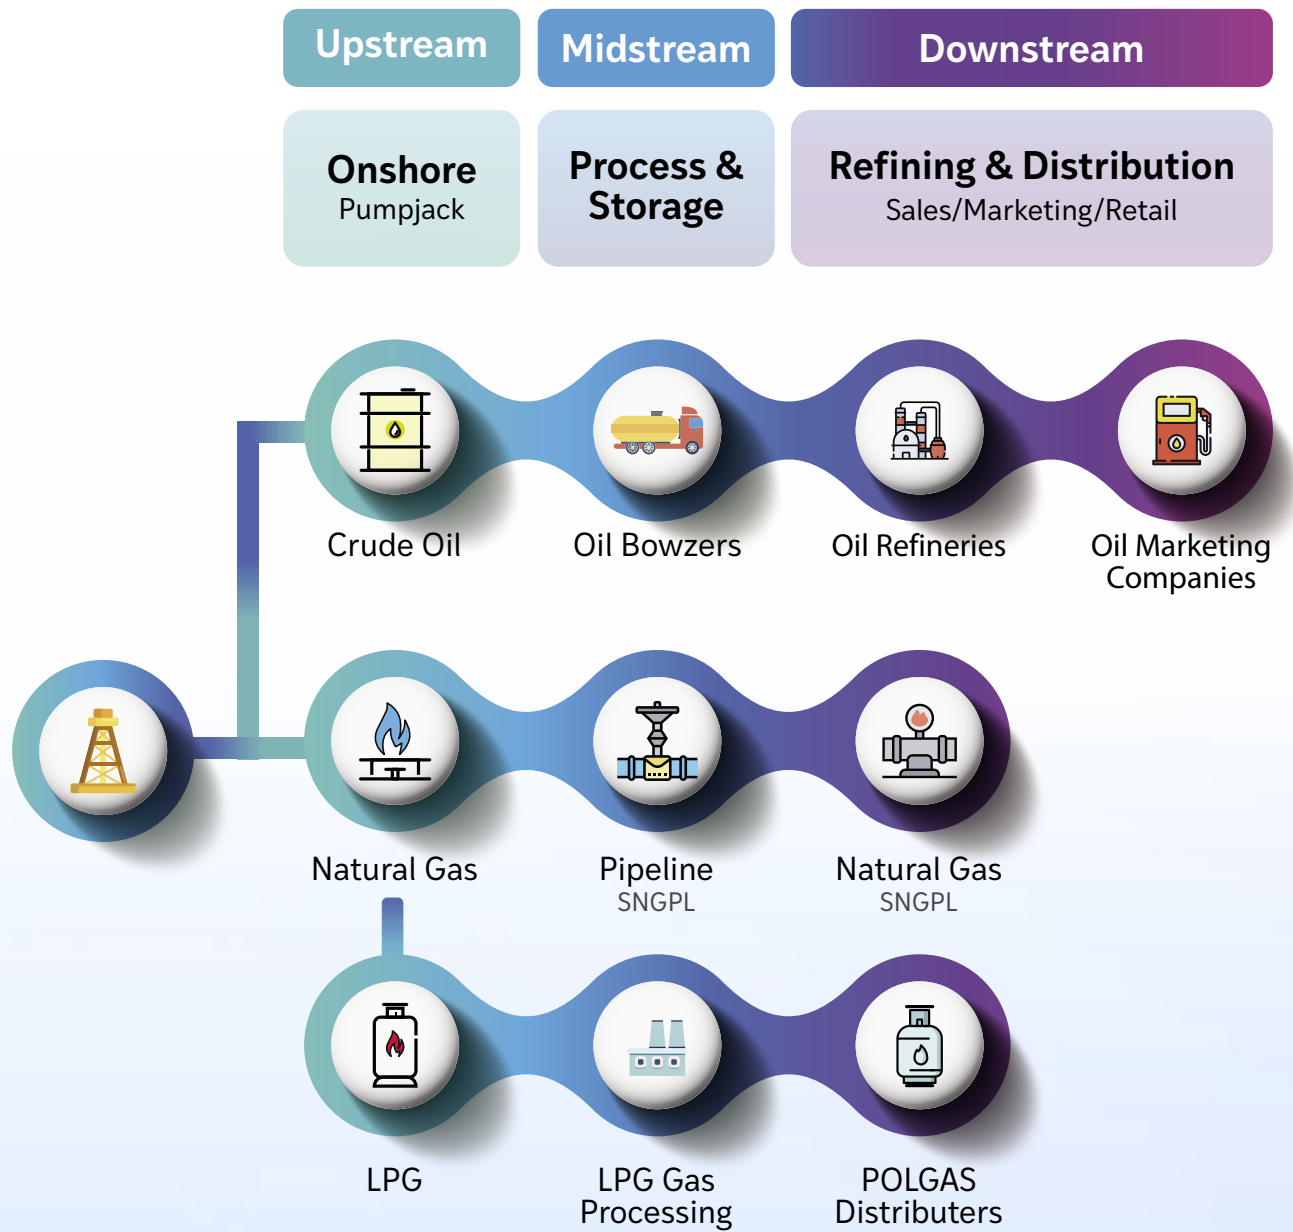

Pakistan Oilfields Limited

After conducting seismic surveys to assess fields having potential hydrocarbon reserves, wells are then drilled to extract Oil & Gas. Main products extracted by POL include Crude Oil, Natural Gas and LPG.

Crude oil is stored in storage tanks and then transported through pipelines and bowzers to own Khaur Crude Decanting Facility (KCDF) then it is transported through pipelines and oil bowzers to Attock Refinery. Some crude from non-operated JV is transported through bowzers to other Refineries. Natural Gas is transmitted through pipelines to SNGPL.

The LPG supply chain starts from production of oil and gas at wells. Some of the Gas is then converted into LPG and distributed to end users in LPG cylinders.

Forward Looking Statement and Future Plan

We are committed to increase hydrocarbon reserves and explore all possible options to recover proven reserves in an optimal and economically viable manner.

Driven by our vision, to be the leading oil and gas exploration and production Company in Pakistan, we are investing heavily on exploration/development activities and with the Grace of Allah we are pretty much hopeful to get new successes.

We remain steadfast in our pursuit of excellence and are planning to initiate two (02) exploratory and six (06) development wells.

Exploratory Wells:

- Balkassar Deep - 1A was spud on April 26, 2023 and is currently under drilling.
- Gurgalot X-1 - subsurface location has been finalized and well planning is in progress

Development Wells:

- Jhandial-3 and has been finalized, start of drilling is expected in September 2023.
- Makori-3 and Makori East-5 sidetrack has been approved for the up-dip location.
- Adhi South 8 and 9 have been approved by the Joint Venture Partners

- Adhi South-6 was spud on June 18, 2023 and drilling at 5,000 ft is in progress
- Ratana-5A well has been approved by the Joint Venture Partners.

Our dedication to harnessing cutting-edge technology for strategic decision-making, we are investing in seismic data acquisition, processing, and interpretation. Data acquisition was performed Pindori, Hisal and Taung Blocks. At TAL block, 3D seismic data interpretation of Makori, Makori Deep, Billitang, Kot South, has been completed while seismic interpretation on Kahi North, Sarozai, Sarozai Deep, Manzalai South, Manzalai Deep leads is in progress.

Further seismic data acquisition is underway at Nareli Block, with plans to extend efforts to Langrial, North Dhurnal & Turkwal blocks for enhanced prospects generation.

In the recent bidding, POL won Multanai Block as an operator (100%). The post bidding process of award is in progress with DGPC.

Trends and uncertainties affecting POL's revenue and operations

The Company's oil and gas prices are linked with the international oil prices denominated in US \$, which are uncontrollable for the Company as well as for the whole industry. Any unfavorable movement in international oil prices and/or exchange rates adversely affects the Company's profits..

Performance related to forward looking disclosure made in last year.

The Company has been continuously investing in exploration and development activities including seismic data acquisition, processing and interpretation. During the year, three development wells and two exploratory wells were drilled.

Production from Tolanj West-2 has been started and currently producing around 18 million cubic feet of gas per day and around 19 barrels of oil per day.

Production from Mamikhel South-1 well has been started and the Government has approved sale of gas to third party.

An exploratory well Razgir has been approved by the joint venture partners but still on hold due to gas price dispute with the Government.

Balkassar Deep-1A well drilling is in progress at 10,300 ft. The prognosed total depth of the well is 14,410 ft. The main objective of the well is to test the hydrocarbon potential of Chorgali and Sakesar formations of the second sheet underneath main Balkassar structure.

At DG Khan block, DGK-1, exploratory well was plugged and abandoned. Remaining leads of DG Khan Block are under evaluation.

Tarnol-1 at Margala block was plugged and abandoned as the prognosed formations were not encountered at the prognosed depth.

Adhi South-7 has been connected to the production line and currently producing around 0.7 million cubic feet of gas per day and around 404 barrels of oil per day.

Adhi South-5 tested to the target depth and not produced any hydrocarbons, frac job was also not successful, after that this well was also side tracked, tested 216 barrels of oil per day and 0.22 million cubic feet of gas per day.

Adhi-35 was spud on January 27, 2023, drilled down to target depth. Tested Khewra formation which was found water wet and preparation for testing of Tobra formation is in progress.

On November 22, 2022, Chah Bali Exploration License was awarded to OGDCL (Operator with 70% share) and POL (30 % share).

Strategic Focus and Future Orientation

Our focus is to grow shareholder value by leveraging our development capabilities and balance sheet to deliver high quality projects while maintaining exposure to upside from successful exploration

POL is an exploration and production company. Strategies to achieve the strategic objectives and targets

Keeping our focus on position in the core business, we utilize our brand name, interesting association culture, proficient magnificence and monetary quality and broadening in neighbourhoods distinctive area for further exploration and development and subsequently to accomplished cooperative energy towards esteem creation for our partners.

Objective 1: Enhance production and reserves through exploration in new blocks/ locations

Strategy: Diversifying in different locations across the country for further exploration/ production activities.

Priority: High.

Status: long term objective (7-12) years.

Opportunity / threat: High demand in the country. However depletion in natural resources, high costs involved in exploration/drilling and delay in requisite approvals from government is a hindrance in achieving this objective.

Objective 2: Enhance/ maintain production from existing reserves through the application of the best technologies and expertise

Strategy: Enhance/maintain current production levels in existing producing fields.

Priority: High.

Status: Medium term objective (2-7) years.

Opportunity / threat: High demand in the country. However depletion in natural resources, high costs involved and delay in requisite approvals from government is a hindrance in achieving this objective.

Objective 3: POLGAS

Strategy: Sales expansion through geographical/ customerwise diversification and improved quality.

Priority: High.

Status: Short term objective (<2) years.

Opportunity/threat: Overall increased demand. Possible threats are economic conditions, competition and inflation (affecting individuals purchasing power).

Objective 4: improved financial/internal controls

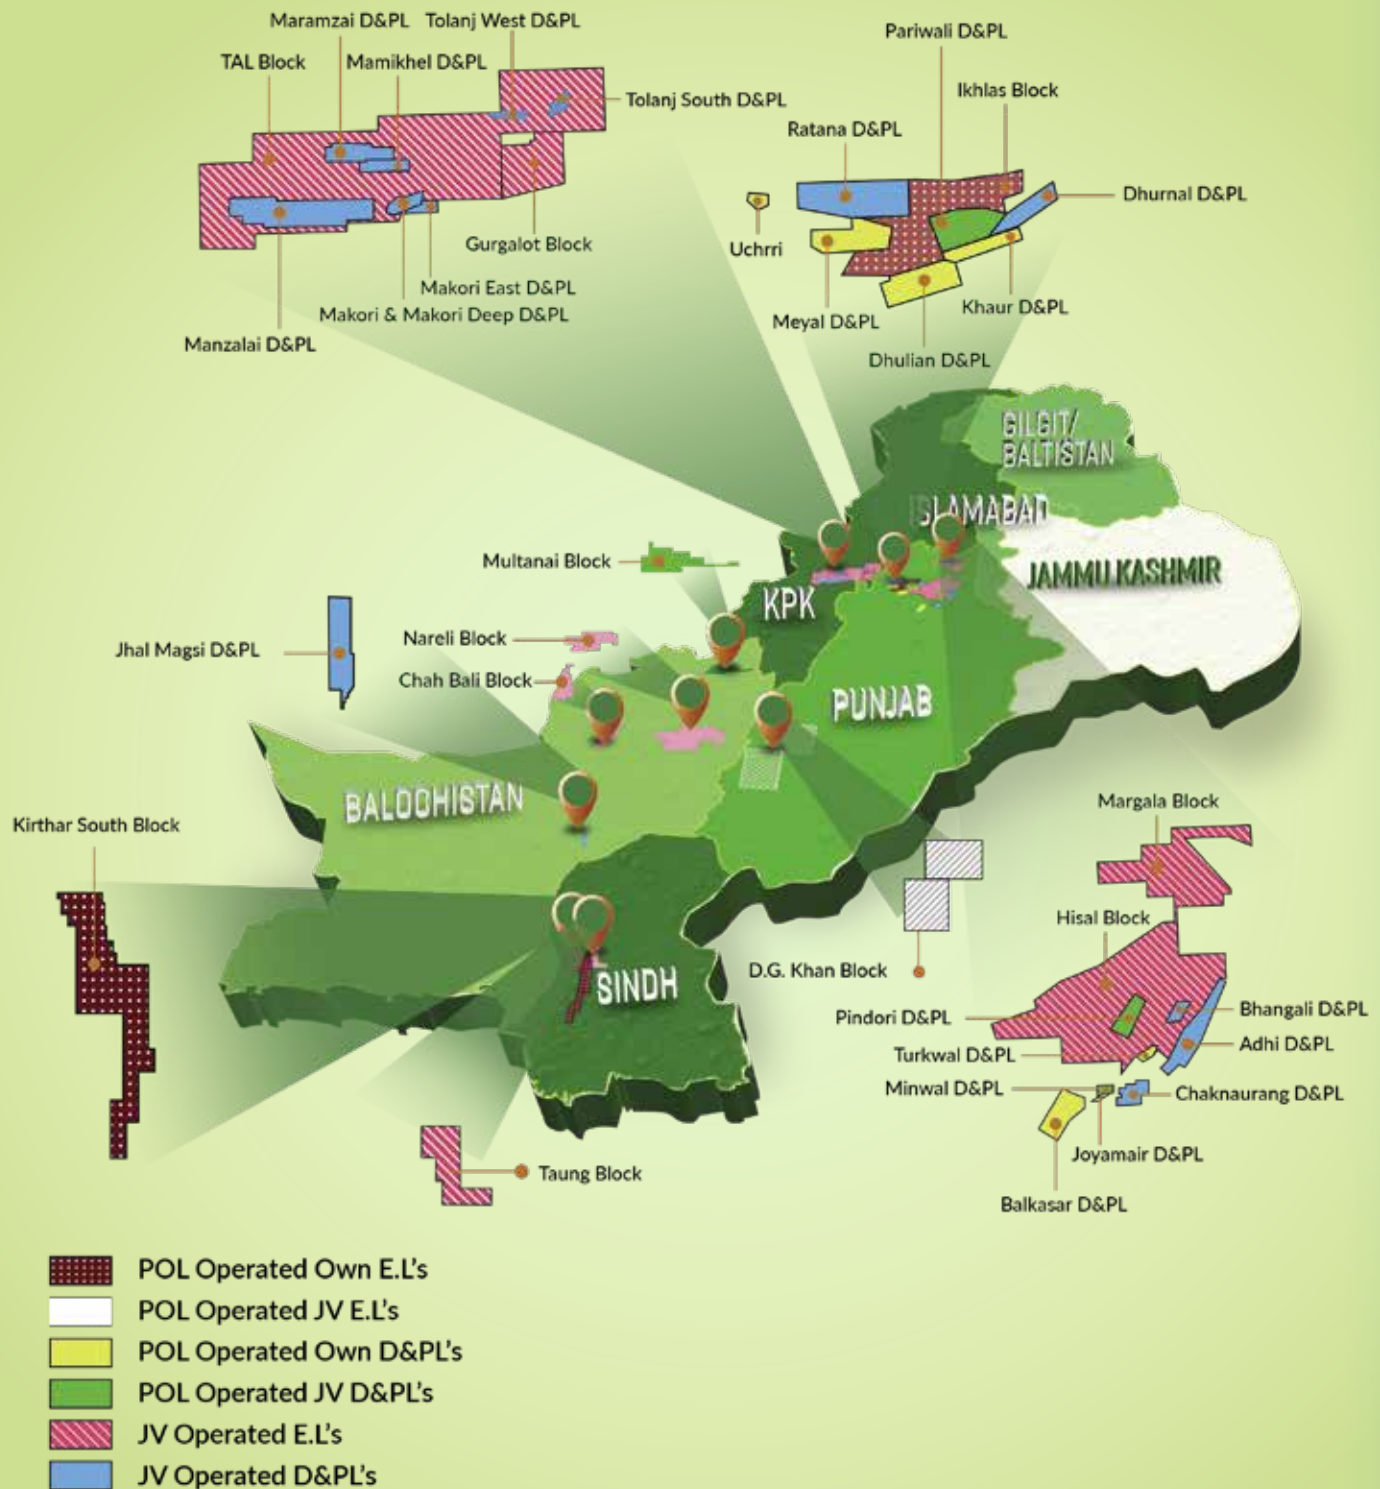

Strategy: Enhance profits by cutting costs mainly in the exploration and drilling activities through improved internal controls.

Priority: High.

Status: Short term objective (<2) years.

Opportunity/threat: Use of BI Tools/Reports will improve financial/internal controls and increase overall efficiency. Possible threats are high cost, hardware malfunction or downtime and training of employees for new technologies are main challenges in achieving this objective.

- m) monitoring compliance with the these regulations and identification of significant violations thereof;
- n) review of arrangement for staff and management to report to audit committee in confidence, concerns, if any, about actual or potential improprieties in financial and other matters and recommend instituting remedial and mitigating measures;
- o) recommend to the board of directors the appointment of external auditors, their removal, audit fees, the provision of any service permissible to be rendered to the company by the external auditors in addition to audit of its financial statements, measures for redressal and rectification of non-compliances with the Regulations. The board shall give due consideration to the recommendations of the audit committee and where it acts otherwise it shall record the reasons thereof.
- p) consideration of any other issue or matter as may be assigned by the board of directors.

Management Committees

Various committees have been constituted to look after the operational and financial matters of the Company. A brief description of the composition and terms of reference of the various committees are as follows:

Executive Committee

The Committee meets under the chairmanship of the Chief Executive to coordinate the activities and operations of the Company.

Review and Appraisal Committee

The Review and Appraisal Committee is responsible for ensuring that procurement of assets, goods and services is made in accordance with Company policies and procedures on competitive and transparent terms.

Business Strategy Committee

The Business Strategy Committee is responsible for preparing the strategic plan for the future growth of the Company. The Committee also reviews major projects and formulates recommendations after evaluation from technical and commercial aspects.

Risk Management Committee

The Risk Management Committee is responsible for ensuring that procedures to identify and continuously update risks are in place. The Committee oversees the process of assessment of the possible impact and likelihood of occurrence of identified risks. The Committee is also responsible for formulating a risk management response to effectively address and manage risks.

Systems and Technology Committee

The Systems and Technology Committee is responsible for developing and implementing an IT strategy for the Company. The Committee oversees the automation of processes and systems in line with latest technology. The Committee is also responsible for development of contingency and disaster recovery plans.

Budget Committee

The Budget Committee reviews and approves the annual budget proposals prior to being presented for the approval of the Board. The Committee also monitors utilization of the approved budget.

Safety Committee

The Safety Committee reviews and monitors Company's wide safety practices. It oversees the safety planning function of the Company and is responsible for safety training and awareness initiatives. The Committee is also responsible for publishing the Company's monthly safety newsletter "Safety Bulletin".

Review of the Company's performance
by the Board of Directors

**We are thrilled to report
a profit after tax of Rs
36.45 billion, marking an
impressive increase of
40.55% compared to the
previous year.**

Chairman's Review

I am delighted to present the annual report showcasing our company's remarkable achievements during the fiscal year ending June 30, 2023. We are thrilled to report a profit after tax of Rs 36.45 billion, marking an impressive increase of 40.55% compared to the previous year. This achievement stands as a testament to our resilience, strategic acumen, and unyielding dedication to excellence.

The primary drivers of this substantial profit growth are manifold. The increase in profit is mainly attributable to positive impact of Rupee/US\$ parity in oil and gas prices, coupled with exchange gains on financial assets and enhanced income from bank deposits due to favorable interest rates. This increase is off-set to some extent by increased exploration cost and decrease in production.

Throughout the year, we steadfastly pursued our core activities of exploration and development. Our exploration cost of Rs 6.72 billion, encompassing drilling of two dry wells cost and seismic acquisition/processing activities. During the year, three developed wells and two exploratory wells were drilled. These ventures, while not without challenges, reflect our ongoing commitment to driving innovation and progress.

Our investments in seismic data acquisition, processing, and interpretation have yielded substantial progress. Notably, the completion of 3D Seismic data acquisition at Hisal and Pindori blocks, coupled with ongoing data processing, signifies our dedication to harnessing cutting-edge technology for strategic decision-making. Further seismic acquisition is underway at Nareli Block, with plans to extend efforts to Langrial, North Dhurnal & Turkwal blocks for enhanced prospects generation.

As we look ahead to the fiscal year 2023-24, we remain steadfast in our pursuit of excellence. Plans are in place to initiate two (02) exploratory and six (06) development wells, with a significant investment to expand our reserve base. We embrace these challenges with optimism, buoyed by our strong balance sheet, cash generation, and, above all, the commitment of our devoted employees.

I extend a warm welcome to the new members joining our esteemed Board of Directors. I also wish to express my heartfelt appreciation to our outgoing members for their insightful contributions during Board meetings. Their exploration of innovative

avenues and adeptness in navigating complex decisions have indelibly shaped our organizational culture and fueled our growth.

Our Board of Directors, comprising of seven individuals, including two independent directors, three non-executive directors, and two executive directors, brings a wealth of diverse experience from fields such as petroleum, finance, corporate sectors, and regulations. Their collective expertise have been instrumental in guiding our strategic direction, fulfilling fiduciary responsibilities, and ensuring compliance with legal and regulatory requirements.

Our Board remained actively engaged with the management, aiding in confronting unforeseen challenges. Throughout the year, five Board of Directors' meetings were convened, during which the Board played an instrumental role in reviewing financial statements and internal controls. The Audit and Human Resource & Remuneration Committees further contributed invaluable insights, reflecting our commitment to best practices in corporate governance.

Our commitment to professionalism and ethical conduct remains unwavering, as demonstrated by our annual performance evaluation mechanism. This mechanism, encompassing the Board, its members, and its committees, reflects the effectiveness of our governance practices and paves the way for continuous improvement.

I extend heartfelt gratitude to our dedicated management and non-management staff, regulatory authorities, and Government officials for their unwavering support, without which our achievements would not be possible. To our shareholders, your continued faith and support fuel our drive for success.

May the momentum of our growth persist in the years to come.

Directors' Report

In the name of ALLAH, the most Gracious, the most Merciful

The Directors of the Company take pleasure in presenting Annual Report along with financial statements for the year ended June 30, 2023.

Financial Results

These are summarized below:

	Rs (000)
Profit for the year after providing for all expenses including depreciation, exploration, amortization and workers' funds.	49,658,659
Less: provision for taxation	(13,206,077)
Profit after tax	36,452,582

In the fiscal year, our company accomplished a commendable profit after tax of Rs 36,453 million, a substantial surge of 40.55% compared to the same period last year (2022: Rs. 25,935 million). This remarkable performance translates into earnings per share of Rs 128.42, reflecting a substantial increase from Rs 91.37 per share in the previous year (2022).

The prominent factor fueling this impressive surge in profits is mainly attributable to positive impact of Rupee/US\$ parity in oil and gas prices, coupled with exchange gains on financial assets and enhanced income from bank deposits due to favorable interest rates. This increase is off-set to some extent by increased exploration cost and decrease in production.

In the exploration segment, we witnessed an increase in exploration costs by Rs 5,843 million, i.e; amounting to Rs 6,720 million (2022: Rs 877 million). This escalation is attributed to the prudent decision to charge the costs associated with two dry wells, located at DG Khan and Margala Blocks. Despite this, our resolute commitment to exploration remains unwavering, as we continue to seek promising opportunities in this domain.

While the year presented its share of challenges, such as a 9% decline in Crude Oil production, an 8% dip in Gas production, and a 4% decrease in LPG production compared to the previous

year, these trends are primarily attributable to the natural depletion of reservoirs. Our steadfast commitment to optimizing production efficiencies will remain a cornerstone of our strategy moving forward.

Furthermore, on a consolidated basis, the company achieved a noteworthy profit after tax of Rs 37,300 million (2022: Rs 26,777 million), translating into consolidated earnings per share of Rs 131.29 (2022: Rs 94.28)

Details of the exploration activities are covered in detail geographical area wise later in subsequent paras

Directors

At the twenty-second (22nd) Extra Ordinary General Meeting held on June 12, 2023, a new Board of Directors was elected for a term of three years with effect from June 27, 2023 as under:

1. Mr. Laith G. Pharaon
2. Mr. Wael G. Pharaon
3. Mr. Shuaib A. Malik
4. Mr. Sajid Nawaz
5. Mr. Abdus Sattar
6. Mr. Shamim Ahmad Khan
7. Mr. Agha Sher Shah

Formation of Committees:

Cash Flows

Cash and cash equivalents increased by Rs 37,428 million during the year (2022: by Rs 20,150 million). Cash flows provided from operating activities were Rs 29,164 million (2022: Rs 27,906 million).

Contribution Towards The Economy

The Company continues to play a vital role in the oil and gas sector of the Country. During the year, the Company saved foreign exchange in excess of US\$ 419 million (2022: US\$ 538 million) for the country. The contribution to the national exchequer, in the shape of royalty and other government levies, was Rs 29,227 million (2022: Rs 25,231 million).

Dividend

The Directors have recommended a final cash dividend @ 600% (Rs 60 per share). This is in addition to the interim cash dividend @ 200 % (Rs 20.00 per share) already declared and paid to the shareholders thereby making it a total cash dividend of Rs 80 per share for the year 2022-23 (2021-22: Total cash dividend of Rs 70.00 per share).

Production

Comparative Production figures from the Company's fields including proportionate share from operated and non-operated joint ventures are given below:

	June 30, 2023	June 30, 2022
Crude Oil (US Barrels)	1,829,336	2,017,581
Gas (Million Cubic Feet)	23,726	25,825
LPG (Metric Tonnes)	53,177	55,418
Sulphur (Metric Tonnes)	609	475
Solvent Oil (US Barrels)	18,334	18,605

The Company's share in production, including that from joint ventures, for the year under review averaged 5,012 barrels per day (bpd) of crude, 64.98 million standard cubic feet per day (mmscfd) of gas, 145.68 metric tonnes per day (MTD) of LPG, 1.67 MTD of Sulphur and 50 bpd of solvent oil.

Exploration & Development Activities

Producing Fields

Balkassar Deep-1A well was spudded on April 26, 2023, drilling is in progress at 10,300 ft. The prognosed total depth of the well is 14,410 ft. The main objective of the well is to test the hydrocarbon potential of Chorgali and Sakesar formations of the second sheet underneath main Balkassar structure.

At Pindori Lease (operated by POL with a 35% share), 3D seismic acquisition project of 60 square kilometers has been completed and data processing is in progress to evaluate the prospectivity of Chorgali formation and to evaluate the possibility to produce un-drained oil.

At Tal block, (operated by MOL, where POL has a pre-commerciality share of 25%), Makori East-5 sidetrack has been approved for the up-dip location. Moreover, delineation of suitable drilling locations for development of Tolanj West and Makori East fields is in progress

Tolanj West-2 a developed well drilled down to target depth tested three formations, production from this well has been started and currently producing around 18 million cubic feet of gas per day and around 19 barrels of oil per day.

At Adhi field (operated by Pakistan Petroleum Limited, where POL has 11% share), Adhi South-7 has been spudded on April 14, 2022 drilled down to its target depth, presently this well has been connected to the production line. and currently producing around 0.7 million cubic feet of gas per day and around 404 barrels of oil per day

Adhi South-5 tested to the target depth and not produced any hydrocarbons, frac job was also not successful, after that this well was also side tracked, tested 216 barrels of oil per day and 0.22 million cubic feet of gas per day.

Adhi-35 was spudded on January 27, 2023, drilled down to target depth. Tested Khewra formation which was found water wet and preparation for testing of Tobra formation is in progress.

Adhi South-6 was spudded on June 18, 2023 and drilling at 5,000 ft is in progress.

Adhi South-8 and 9 have been approved by the Joint Venture Partners.

At Ratana Development and Production Lease (operated by Orient Petroleum Limited, where POL has 4.54% share), Ratana 5/A has been approved by the Joint Venture Partners.

Exploration Blocks

At Ikhlas block (operated by POL with 80% share), Jhandial-3 has been finalized, start of drilling is expected in September 2023. Langrial 3D seismic data acquisition project could not be completed due to permitting issues in the area. New plan through bidding process has been initiated.

At DG Khan block (operated by POL with a 70% share), DGK-1, exploratory well drilled down to 15,206 ft but clearance of hole was not achieved to acquire hole logs. During conditioning 455 ft of fish left in hole and despite several attempts no success was made to recover the fish. Placed cement plugs and tested Chiltan formation but no hydrocarbons were flowed. Finally, the well was plugged and abandoned. Remaining leads of DG Khan Block are under evaluation.

At North Dhurnal block (operated by POL with 60% share), design study has been completed to acquire 285.3 square kilometers 3D seismic data acquisition and bidding process for data acquisition is in process.

At Margala block (operated by MOL where POL has 30% share), Tarnol-1 was spudded on September 20, 2022. During drilling, the prognosed formations were not encountered at the prognosed depth and the well was plugged and abandoned.

At Tal block (operated by MOL where POL has pre commerciality share of 25%), an exploratory well Razgir, a development well Makori-3 and

Exploration & Development Activities

sidetrack of Makori East-5 has been approved by the Joint Venture Partners. 3D seismic data interpretation of Makori, Makori Deep, Billitang, Kot South, has been completed while seismic interpretation on Kahi North, Sarozai, Sarozai Deep, Manzalai South, Manzalai Deep leads is in progress.

Production from Mamikhel South-1 well has been started. The Government has approved sale of gas to third party. Presently, the well is producing at lower choke sizes due to capacity constraints of the buyer.

At Hisal block (Operated by Pakistan Petroleum Limited where POL has 25% share), 3D seismic data acquisition of 235 square kilometers has been completed and processing to carry out the fracture identification study is in progress.

At Gurgulot block (operated by OGDCL where POL has 20% share), 3D seismic data interpretation has been completed and subsurface location of Gurgulot X-1 has been finalized and well planning is in progress.

At Taung block (operated by Mari Petroleum where POL has 40% share), 340.94 square kilometers 3D Seismic data acquisition and interpretation has been completed for the identification of leads.

At Nareli Block (operated by Mari Petroleum where POL has 32% share), 2D seismic data acquisition program of 456-line kilometers-firm and 164-line kilometers-contingent was approved and data acquisition work is in progress.

In the recent bidding, POL won Multanai Block as an operator (100%). The post bidding process of award is in progress with DGPC.

On November 22, 2022, Chah Bali Exploration License was awarded to OGDCL (Operator with 70% share) and POL (30 % share).

Subsidiary - Capgas (Private) Limited (Capgas)

CAPGAS earned a profit after tax of Rs 65.4 million (2022: Rs 27.8 million). It has declared a total dividend of 955% for the year 2023 (2022: 400.60%). During the year, CAPGAS received an average of 22 MTD LPG.

Crude Oil Transportation

Khaur Crude Oil Decanting Facility (KCDF) & other pipelines of POL continued to operate satisfactorily. During the year, a total of 8.9 million barrels (2022: 8.6 million barrels) of crude oil from Nashpa, TAL and others were pumped to Attock Refinery Limited through these facilities and pipelines.

Risks & Opportunities

The Board remains committed to the philosophy of effective business risk management as a core managerial competency. The Board has established a structured approach to risk management through the formulation of a risk management policy and system.

The Company is in a continuous process to implement, monitor and improve its risk management policy. Risks are identified, prioritized and incorporated into a risk management response to effectively address risks.

Following are some material risks being faced by the Company along with mitigation measures:

- 1. Oil price volatility:** The pricing for the Company's oil and gas production is benchmarked with international prices of crude oil and related products. Any unfavorable variance in the international prices adversely affects the Company's profitability.
- 2. Exploration risk:** Exploration activity is prone to the risk of not finding commercial quantities of hydrocarbons due to a number of factors such as incorrect selection of exploration acreage, poor quality of seismic data, error in processing or interpretation of seismic data, incorrect selection of drilling site. The Company is mitigating exploration risks by using latest technologies and hiring experienced professionals. The Company is in continuous process to explore new opportunities and increasing the chances of success by joining hands with other E&P companies by way of farm-in and farm-out agreements.
- 3. Drilling risk:** Oil and gas drilling by its very nature is a high risk activity. The Company is exposed to a number of hazards during drilling of wells including well blow out, fishing, fire hazards and personal injury. In addition, the risk of not discovering oil and/or gas as expected, would have an adverse effect on earnings. The Company is mitigating these risks by selecting efficient and professional teams and also by having strict criterion for selecting rig and other allied services/equipment. Further, the Company also obtains well insurance cover for all drilling wells.
- 4. Underperformance of major oil and gas fields:** The Company's future earnings and profitability is dependent upon the production and reserves of its oil and gas fields. The actual production from fields may differ materially from estimates due to possible under performance of the oil and gas reservoirs or other production related factors.
- 5. Procurement planning related risk:** Vulnerability to the procurement process is a possible threat to the Company's profitability.

The vulnerability can give rise to the following risks
 - Commercial risks
 - Operational risk– not having materials
 - Contractual risk– exposure to liquidated damagesThe Company is mitigating these risks by preparing detailed well prognosis before the spud date and timely placement of procurement orders for long lead items.

Risks & Opportunities

- 6. Reservoir engineering and process:** The over estimation of reserves and production can lead to investment of significant capital in the form of plant design by the engineering function. As far as practical, the Company obtains third party reserve certification to mitigate this risk.
- 7. Laws & Environmental regulations:** The oil and gas industry is regulated by a number of government regulations which are required to be strictly followed. Default in this regard can have serious consequences. E&P Companies must take extra precaution to ensure they are complying with all mandatory regulations when proceeding on a project. The risks of non compliance can include cost overruns, fines, prosecution, work stoppage and physical security threats. The Company is cautious about where they are drilling and be well informed and aware of the applicable laws.
- 8. Increased competition:** With increased competition in the oil and gas exploration and production sector, particularly in relation to the application and award of exploration concessions, the Company may be faced with increased competition. The Company is in a continuous process to explore new opportunities by joining hands with other E & P companies by way of farm-in and farm-out agreements. The Company's LPG marketing business may also be adversely affected due to increased competition, decline in margins or disruption to LPG supply sources. In LPG marketing business, the Company has established a good storage capacity for continuous supply to keep margins intact and it continues to explore sustainable cost-effective sources of further supplies.
- 9. Information technology failures:** The Company's operations may be adversely affected due to information technology failures especially in today's environment of reliance on IT systems, regulation and reporting deadlines. The company has a separate IT wing to control and monitor all related functions especially in relation to back up policy for continuous functioning.
- 10. Economic and political risks:** Uncertain economic and financial market conditions resulting from economic or political instability.
- 11. Joint Venture Partners:** Joint-venture operations are becoming increasingly common across E&P companies as these improve their business by leveraging the expertise and resources of other participants. In particular, when some fields/blocks are new and too challenging to be handled exclusively and the operational costs are high, then companies opt to have another partner in order to have their expertise

and to share the costs involved. POL is also operating in a joint venture environment and many of our projects are operated by other partners. Our ability to influence partners is sometimes limited, due to our small share in non-operated ventures. Non-alignment on various strategic decisions in joint ventures may result in operational and production inefficiencies or delay. We mitigate this risk by continuous and regular engagement with joint venture partners in operated and non-operated projects and by providing them necessary resources/information/approvals required for flow of work.

12. **Terrorist attacks:** A terrorist attack could have a material and adverse effect on the Company's business. The Company has taken a terrorist insurance cover of all its material installations to mitigate this risk.
13. **Third party liability:** A third party liability could have a material and adverse effect on the business. In order to mitigate the risk, the Company is continuously evaluating the areas where insurance cover is required and it has also taken a third party liability insurance which covers its drilling areas, pipelines and material installations.
14. **Human Resource Risks:** Lack of succession planning may lead to hierarchical breakdown. The Company has prepared department wise organogram

and jobs descriptions. Requisitions for new positions and replacements are promptly processed and advertised accordingly.

15. **Lost in hole/damage beyond repair:** During drilling, costly equipment are run in the hole for several jobs at different depths. In order to mitigate the risk, the Company maintains strong control and has also taken insurance coverage.
16. **Increase in fuel cost:** The Company is trying to switch to cheaper alternatives from diesel to gas in order to keep the operating cost low and keep the fields economically viable.
17. **Increase in the SNGPL line pressure:** Due to ever increasing SNGPL line pressure, it has become difficult to inject gas into the SNGPL network. In order to avoid flaring of produced gas the Company is continuously monitoring the SNGPL line pressures and has initiated the process of increasing its delivery pressures.
18. **Overdue receivables :** The Company issues the invoices at the earliest possible time and is continuously monitoring the receivables position with the help of reports generated through Business Intelligence module. Where required, the Company adopts a strong follow up with refineries and SNGPL for swift payment of its invoices.

Business Process Reengineering (BPR) / Development Activities

The Company believes that quality and an unyielding commitment to continuous improvement are indispensable ingredients to achieve success. All processes are subject to continuous evaluation and improvement. Being an Oil and Gas Exploration and Production company, research is an essential activity.

Seismic data acquisition, processing and interpretation during geophysical activities involve selection of optimum data acquisition parameters through careful experimental investigation in the field. The Company undertakes comprehensive analysis to calculate the volume of sub-surface hydrocarbon's trap of any area, also uses latest sub-surface imaging technology, before drilling any prospect.

Research is also conducted by in-house and outsourced G&G and reservoir studies. Research is also conducted to enhance and/or maintain recovery from the fields.

Apart from drilling of development wells already mentioned earlier by geographical location, major business development projects under taken during the year are as follows:

POL IT Up-gradation

Human Resource Management System

Successfully implemented Online Leave Management Module in Head Office.

Planning for HRMS changeover according to new Technology.

Local Area Network

- Phase wise replacement of obsolete Network Switches across POL.
- Local Area Network Expansion – POL Balkassar Hospital.

POL Process Historian

- Integration of POL Pipe Line data with historian server.
- Khaur power house data integration.

CCTV Monitoring and Control

- Installation of CCTV system at KCDF.
- Upgradation of POLGAS Dhulian CCTV setup.
- Recovery of lost, deleted and malware damaged files and their versions
- Secured encrypted retention of user data for record and future reference

Corporate Social Responsibility (CSR)

Strong commitment of the Company to corporate social responsibility (CSR) is reflected by a comprehensive program introduced by it with particular focus on the socio economic uplifting and development of the regions in which the Company is operating.

Our CSR vision is aimed at:

- Protecting our environment.
- Operating in a socially responsible manner.
- Developing the communities in which we operate.
- Maintaining standards of excellence in our work and advocating healthy lifestyles.
- Acting with integrity and adhering to the highest ethical standards.
- Promoting diversity in our work force and partnering with diverse suppliers.
- Ensuring a safe, healthy workplace.

The Company has discharged its mandatory social welfare obligations by depositing the social welfare obligations into joint bank accounts maintained with respective deputy commissioners, where applicable.

The Company has taken a leadership role in contributing to society through a structured social investment program. Investing in the communities in which we operate is not just

a demand that must be met; it is philosophy that we buy into. As part of its core values, the Company places tremendous importance towards contributing to the wellbeing of the communities in which it operates.

Our CSR initiative covers a wide spectrum of activities from the construction of roads and bridges to building schools, colleges and healthcare centers, conducting sports events and support to humanitarian and social work organizations. We are proud of our progress, but there is still much that we plan to do.

Recent devastating floods in the country have affected millions of people and rendered them homeless and jobless with major damages to infrastructure including roads, bridges, livestock and crops.

As a pioneer E&P Company, Pakistan Oilfields Limited (POL) stood by the suffering of the people in this tragic moment for the nation. To contribute towards the national rescue and relief operations, POL & its Staff contributed Rs 31.28 million to the Prime Minister's Flood Relief Fund 2022 through

The Attock Oil Company Limited (AOC).

Some of our Corporate Social Responsibilities programs implemented are summarized below (details are also annexed to the Annual Report):

1. Education
 - Dr. Rashad Institute of Technical Education
 - Dr. Rashad Degree College
 - POL Model Secondary School
 - POL Vocational Training Centre
2. Healthcare and hospital
 - Khaur Hospital
 - Other Healthcare Facilities
 - Community Health Program
3. Sports, Cultural & Religious Activities
4. Infrastructure Development
5. Supporting Drinking Water Schemes
6. Health, Safety and Environment

Corporate Social Responsibility (CSR)

Occupational Health & Safety (OH&S)

POL Management is highly committed to ensure and promote the highest degree of safe and healthy working environment in entire organization.

Our primary objectives are to ensure the safety of our people in occupational and operational environments and to ensure safe and knowledgeable use of hazardous materials during operations.

HSE department monitors health, safety and environment of the organization under International ISO 45001:2018 and ISO 14001:2015 certifications. With the team spirit HSE department ensures effectiveness of OH & S systems, policies and programs to reduce workplace risks and promote safe and healthy working environments.

In addition to regulatory requirements and international standards, occupational HSE activities at POL are also guided by internal policies. Department heads and managers all have the responsibility to ensure occupational health, safety and environmental protection.

Third party ISO 45001:2018 (OH&S) and ISO 14001:2015 (EMS) audits are conducted to ensure the integrity of management systems in true spirit.

The Company has instituted a safety management system built on comprehensive and structured programs designed to reduce accidents and eliminate injuries at all our locations. The structure of Emergency Response Teams is well defined and the required contingency plans have been established which regulate emergency organization, responsibilities, list of key personnel, important

telephone numbers, communication plans and sequence of activities to mitigate the situation.

Comparison of workplace accidents, during last three years given below:

Incident	2020	2021	2022
Fatal	0	0	0
Fire	4	2	2
Reportable Incident (Serious Injury)	0	0	0
Reportable Incident (Minor Injury)	2	0	0
Property loss	0	1	0
Major Environment	0	0	0
First Aid Cases	5	3	4
Near Misses	5	4	1

Procedures and processes are regularly reviewed to ensure that the standards set are linked to industry best practices. Health and safety training is provided to employees to ensure that they perform their work in accordance with the Company's standards. In this respect, in-house training for fire safety, first aid, safe driving and occupational health and safety is imparted regularly.

The Company ensures that employees and where applicable, contractors are aware of potential hazards and of the Company's requirements for healthy, safe and environment friendly working practices. POL issues a monthly Safety bulletin for all employees. These initiatives have helped in reduction of workplace injuries.

Emergency drills for different scenarios are carried out regularly to ensure that the state of preparedness is well maintained. Safety planning is carried out for each concession area of the Company separately. Tool box talks and on Field training sessions are conducted by HSE department in each field on regular basis.

Following are details of trainings given by HSE department during the last three years:

Year 2021		Year 2022		Year 2023	
No. of Trainings	No. of Participants	No. of Trainings	No. of Participants	No. of Trainings	No. of Participants
2,226	29,794	2,375	34,731	2,286	33,808

Helping our Environment

We are committed to minimize and manage environmental impact of our operational activities on our employees, contractors, surrounding neighborhood and earth's resources without affecting ecosystem. In view of our continual environment friendly activities, POL has achieved ISO 14001:2015 certification for LPG plant site at Meyal.

The mitigation measures taken to neutralize environmental impact include technology, up gradation of systems, increased monitoring level of environmental parameters, preparation of EIA reports for new projects, IMC reports for ongoing projects as per EPA applicable rules regulations, good industrial environment practices and waste management.

Projects Completed

- 2nd Surveillance audits of ISO 45001:2018 for Khaur, Meyal, Balkassar and SCR Rig.
- 2nd Surveillance audits of ISO 14001:2015 for LPG plant Meyal.
- Refurbishment of Fire Tender (HT-3) of Pindori Field.
- POL ensured effective contribution in safe rig movement & assembling activities of CCDC Rig-27 at Balkassar Deep-1A through continuous monitoring, risk assessments & gap analysis of rig movement & assembling activities. Consolidated Financial Statements

The consolidated financial statements of the Company and its subsidiary are annexed to the Annual Report.

Future Outlook

Our oil & gas prices are linked with the international oil prices, which is uncontrollable factor for us and the industry as well. During the year, international oil prices decreased and this decrease was compensated by increase in Rs/ US parity which eventually resulted increase in the Company's profits.

Plans are in place to initiate two exploratory and six

development wells during the next year. On the production side, we are pretty much hopeful to maintain our existing production volume and sales, as Pakistan is energy deficient country and will be able to absorb all local oil and gas production easily. We have all resources to complete our development and exploration activities as mentioned in the earlier part of our report.

Acknowledgement

The results for the year could not have been made possible without the loyalty, devotion, hard work and commitment of all employees. The Board of Directors acknowledges and deeply appreciates their contribution towards achievement of the Company's goals.

مشغولیت کی فریکوئنسی کاروباری ضروریات اور کارپوریٹ ضروریات پر مبنی ہے جیسا کہ کوڈ آف کارپوریٹ گورننس کے ذریعہ بیان کیا گیا ہے، یا بطور معاہدہ طے شدہ طریقہ کار کے تحت۔

سرمایہ کاروں کے تحفظات:

چھوٹے سرمایہ کاروں اور اقلیتی حصص یافتگان کی دلچسپی کمپنی کے لئے انتہائی اہم ہے۔ سرمایہ کاروں کے تحفظات پر گہری نظر رکھتے ہوئے ان کے تحفظات کمپنی تک پہنچانے کے لئے کارپوریٹ سیکشن میں ایک ٹیم مقرر کی گئی ہے تاکہ وہ سرمایہ کاروں کے تحفظات / شکایات کو سنے اور ان کا فوری ازالہ کرے۔

شکایات / معاملات کو درج کرانے کے لئے کمپنی کی ویب سائٹ پر طریقہ کار وضع کر دیا گیا ہے۔ کمپنی ریگولیٹرز کے متعلقہ فون نمبرز اور برقی پتے بھی کمپنی کے ذرائع سے سرمایہ کاروں کو دیئے گئے ہیں۔

سرمایہ کاروں کے ساتھ تعلقات بڑھانے اور ان کے تحفظات باسانی کمپنی تک پہنچانے کے لئے "Investors Relations" کاسیکشن بھی پی او ایل کی ویب سائٹ www.pakoil.com.pk میں بنا دیا گیا ہے۔

کمپنی ویب سائٹ پر حصص داران کی رسائی:

ہمارے تمام حصص داران اور عام عوام کمپنی کی ویب سائٹ www.pakoil.com.pk ملاحظہ کر سکتے ہیں۔ جس میں سرمایہ کاروں کے لئے سالانہ، ششماہی اور سہ ماہی مالی بیانات سے متعلق معلومات شامل ہیں اور حصص داران سے متعلق معلومات پر ایک نظر ڈالی گئی ہے۔

حصص کی قیمت کی حساسیت:

کمپنی پاکستان سٹاک ایکسچینج (PSX) کو تمام مادی اور قیمتوں سے متعلق معلومات کو پاکستان یونیفائیڈ کارپوریٹ ایکشن رپورٹنگ سسٹم (PUCARS) کے ذریعے آگاہ کرتی ہے۔

آڈیٹرز:

آڈیٹرز، اے۔ ایف۔ فرگوسن اینڈ کمپنی، چارٹرڈ اکاؤنٹنٹس، ریٹائر ہو گئے ہیں اور دوبارہ تقرری کے لئے خود کو پیش کرتے ہیں۔

حصص داران:

۳۰ جون ۲۰۲۳ء کو حصص داران کی تفصیلی رپورٹ ساتھ لگادی گئی ہے۔

ہولڈنگ کمپنی:

دی انک آئل کمپنی لمیٹڈ برطانیہ میں تشکیل شدہ، پاکستان آئل فیلڈز لمیٹڈ کی ہولڈنگ کمپنی ہے۔

مجموعی مالیاتی بیانات:

کمپنی اور اس کے ماتحت ادارے کے مجموعی اکاؤنٹس اس رپورٹ کے ساتھ لگادے گئے ہیں۔

مستقبل کا نظریہ:

ہماری تیل کی قیمتیں تیل کی بین الاقوامی قیمتوں سے منسلک ہیں، جو ہمارے اور صنعت کے لئے بھی بے قابو عنصر ہے۔ سال کے دوران، تیل کی بین الاقوامی قیمتوں میں خاطر کی آئی اور اس کمی کی تلافی روپے / امریکی ڈالر کی برابری میں اضافے سے ہوئی جو کمپنی کے منافع میں اضافے کا باعث بنی۔

انشاء اللہ اگلے سال کے دوران، دو (۲) نئے دریافتی کنویں اور چھ (۶) ترقیاتی کنویں کھودے جائیں گے۔

پیداوار کے لحاظ سے، ہم اپنے موجودہ پیداواری حجم اور فروخت کو برقرار رکھنے کے لئے بہت پر امید ہیں، کیوں کہ پاکستان میں توانائی کی کمی ہے اس لئے وہ تیل اور گیس کی تمام تر پیداوار کو باسانی جذب کرنے کے قابل ہو جائے گا۔

ہمارے پاس وہ تمام وسائل موجود ہیں جو ہماری ان ترقیاتی اور پیداواری سرگرمیوں کو پایہ تکمیل تک پہنچانے کے لئے درکار ہیں جن کا رپورٹ میں پہلے تذکرہ کیا جا چکا ہے۔

ڈائریکٹر رپورٹ

مزید برآں، کمپنی ڈیٹا کے تحفظ اور کسی بھی تباہی کی صورت میں اس کی بحالی کے لئے روزانہ کی بنیاد پر ریکارڈ کا منظم بیک اپ رکھتی ہے۔

متعلقہ پارٹی سے لین دین:

متعلقہ فریقوں کے ساتھ تمام لین دین کا آڈٹ کمیٹی کے ذریعے جائزہ لیا جاتا ہے اور کمپنیز ایکٹ ۲۰۱۷ کے سیکشن ۲۰۸ کے تحت سہ ماہی کی بنیاد پر منظوری کے لئے بورڈ کو سفارش کی جاتی ہے۔

آپریٹنگ سیگمنٹ:

مالیاتی گوشواروں کو ایک قابل رپورٹ سیگمنٹ کی بنیاد پر تیار کیا گیا ہے۔ کمپنی کی مصنوعات کے لئے بیرونی صارفین سے آمدنی کا انکشاف مالیاتی بیانات کے نوٹ ۲۵ میں کیا گیا ہے۔

آخری سالانہ عمومی اجلاس میں اٹھائے گئے امور:

۲۰ ستمبر ۲۰۲۲ء کو منعقدہ ۷۱ ویں سالانہ عمومی اجلاس کے دوران کمپنی کی مالی کارکردگی اور شائع شدہ مالی بیانات کے بارے میں حصص داران کی جانب سے عام وضاحتوں کے علاوہ کوئی اور مسئلہ نہیں اٹھایا گیا۔

اسٹیک ہولڈرز کی مصروفیت:

اسٹیک ہولڈرز کا عزم کارپوریٹ سماجی ذمہ داری کا ایک اہم جز ہے۔ اور تین اہم نکات کی تکمیل کرنا۔ تنظیمیں اپنے شراکت داروں کی توجہ مبذول کراتی ہے تاکہ یہ دریافت کر سکے کہ کون سے سماجی اور مالی مسائل ان کے لئے سب سے زیادہ اہمیت رکھتے ہیں، تاکہ فیصلہ سازی اور جوابدہی کو بہتر بنانے کے لئے بنیادی قیادت اور ذمہ داری کو بڑھایا جاسکے۔

پی او ایل میں، تمام اسٹیک ہولڈرز کے درمیان سماجی، ماحولیاتی یا کمپنی کے مالیاتی مسائل سے متعلق ہر اسٹیک ہولڈر کی جائز تشویش کو سمجھنے اور اس کا جواب دینے کے لئے ایک بھرپور مشغولیت ہوتی ہے۔

ہمارے اہم اسٹیک ہولڈرز ہیں:

- حصص داران

- صارفین (پول گیس ڈسٹری بیوٹرز)

ساتھ ساتھ موثر پالیسیاں اور طریقہ کار وضع کیے ہیں۔ یہ کنٹرول / پالیسیاں کاروبار کو موثر اور ہموار انداز سے چلانے کو یقینی بنانے، کمپنی کے اثاثوں کی حفاظت، دھوکہ دہی اور غلطیوں کی روک تھام اور ان کا پتہ لگانے، کھاتوں کی درستگی، مکمل اور قابل اعتماد مالی معلومات کی بروقت تیاری کو یقینی بنانے کے لئے بنائی گئی ہیں۔ داخلی مالیاتی کنٹرول کا وقتاً فوقتاً جائزہ لیا جاتا ہے۔ تاکہ اس بات کو یقینی بنایا جاسکے کہ یہ موثر رہیں اور تبدیل شدہ قوانین، قواعد و ضوابط اور / مالیاتی معیارات سے ہم آہنگ رہیں۔

آئی ٹی گورننس پالیسی:

ڈیجیٹل ایکیپیج کے بڑھتے ہوئے حجم کے ساتھ، انفارمیشن ٹیکنالوجی گورننس کو پی او ایل کے مجموعی گورننس پروگرام کا حصہ سمجھا جاتا ہے۔ حصص یافتگان کی دلچسپی کو مد نظر رکھتے ہوئے، آئی ٹی میں کمپنی کی سرمایہ کاری اس کے اسٹریٹجک مقاصد کی حمایت کے لئے منسلک ہے۔ پی او ایل میں ہم نتیجہ خیز اور آسان بنیادی فیصلہ سازی کے عمل کو اختیار بنانے کے لئے بہترین اور تازہ ترین آئی ٹی پیشرفت اور فریم ورک کو شامل کرنے کے لئے واضح طور پر وقف ہیں۔

آئی ٹی گورننس پالیسی مندرجہ ذیل پر مشتمل ہے:

- گورننس، شفافیت، جوابدہی اور ٹیکنالوجی کے بارے میں مکالمے کو فروغ دینا جو موثر حکم عملی اپنانے میں سہولت فراہم کرتی ہے
- مطابقت، انضمام کو یقینی بنانا اور فالتو پن سے گریز کرنا
- کمپنی کے ڈیٹا کو محفوظ رکھنا
- کاروبار کو آئیڈیاز فراہم کرنے والے اختراعی نقطہ نظر سے آئی ٹی کے نظام کو فعال رکھنا
- کنٹرول شدہ اخراجات کے ساتھ ٹیکنالوجی کی سرمایہ کاری پر زیادہ سے زیادہ منافع دینا، پی او ایل کو مربوط و انضمام شدہ فن تعمیر اور انتظامی ڈھانچہ فراہم کرنا
- کمپنی کے اندر کاغذ کے بغیر ماحول کا کلچر پیدا کرنا

کمپنی کے ریکارڈ کی حفاظت کرنا:

پی او ایل موثر طریقے سے ریکارڈ کی حفاظت کو یقینی بناتا ہے۔ تمام ریکارڈ اس وقت تک برقرار رکھے جاتے ہیں جب تک کہ وہ کمپنی کی قانونی، انتظامی، آپریشنل اور دیگر ضروریات کو پورا کرنے کے لئے درکار ہوں۔

ڈائریکٹر کو باضابطہ آگاہ کر دیا گیا ہے اور انہیں اہم معلومات فراہم کر دی گئی ہیں تاکہ وہ مناسب فیصلے کرنے کے قابل ہو سکیں۔ چیئر مین بورڈ کی سالانہ افادیت کا بحیثیت مجموعی جائزہ لیتے ہیں۔

چیف ایگزیکٹو (سی ای) ایگزیکٹو ڈائریکٹر ہیں جو کمپنی کے انتظامی سربراہ کے طور پر بھی کام کرتے ہیں۔ وہ کمپنی کی طویل المدتی حکمت عملی کی تیاری اور اس کے اس طرح نفاذ کے ذمہ دار ہیں کہ اس سے حصص یافتگان اعتماد میں اضافہ ہو۔ چیف ایگزیکٹو کی قائدانہ ذمہ داریوں میں یہ بات بھی شامل ہے کہ وہ یومیہ انتظامی فیصلوں اور کمپنی کے طویل اور قلیل المدتی منصوبوں پر عمل درآمد کے ذمہ دار ہیں وہ کمپنی کی طرف سے حصص یافتگان، ملازمین، سرکاری حکام اور دیگر متعلقین کو معلومات فراہم کرتے ہیں۔

بورڈ کی کارکردگی کا اندازہ:

مجلس ادارت (بورڈ آف ڈائریکٹرز) کمپنی کے مقاصد اور اہداف کو مد نظر رکھتے ہوئے حصص یافتگان کی جانب سے کمپنی کے گورننگ ٹرسٹی کے طور پر کام کرتی ہے۔ لسٹڈ کمپنیوں (کوڈ آف کارپوریٹ گورننس) کے ریگولیشن، ۲۰۱۹ء کے تحت، ایک باضابطہ اور منظم نظام تشکیل دیا گیا ہے تاکہ بورڈ کی اپنی سالانہ کارکردگی، بورڈ ممبران اور اس کی کمیٹیوں کو جانچا جاسکے۔

مجلس ادارت نے اپنی کارکردگی جانچنے کے لئے درج ذیل معیار مقرر کیا ہے۔

- ۱۔ اسٹریٹیجک منصوبوں اور کاروباری خطرات کا جائزہ لینا کمپنی کے مستقبل کے منصوبوں کی نگرانی کرنا اور انتظامیہ کو اس بارے میں مشورے دینا۔
- ۲۔ ایک ٹیم کے طور پر کام کرتے ہوئے بورڈ کے پاس درست صلاحیت مہارت اور جدت اپنانے کی مناسب صلاحیت ہے بورڈ کے اجلاسوں میں حکمت عملی اور پالیسی جیسے اہم معاملات پر باقاعدہ توجہ مرکوز رکھی جاتی ہے۔
- ۳۔ کمپنی میں اندرونی کنٹرول کا مناسب نظام تشکیل دینا اور انٹرئل آڈٹ اور خود احتسابی نظام کے ذریعے اس کی مسلسل جانچ پڑتال کرنا۔
- ۴۔ ریگولیٹرز، آجر، حصص یافتگان اور سی بی اے جیسے اہم اسٹیک ہولڈرز کے ساتھ مستقل اور کھلی مواصلت بہت مفید ہے۔
- ۵۔ انتظامیہ سے مفید تجاویز لینے کے لئے اس کے ساتھ بہتر روابط قائم کرنا تاکہ فیصلے کرنے میں وہ بورڈ کی مدد کر سکے۔
- ۶۔ اس بات کو یقینی بنانا کہ ڈائریکٹرز میورینڈم اور آرٹیکل آف ایسوسی ایشن

کی روشنی میں موجودہ قوانین کے مطابق اپنے کردار کے متعلق پوری طرح آگاہ ہوں۔
۷۔ انتظامیہ کی کارکردگی کی نگرانی اور جانچ پڑتال کرنا۔

چیف ایگزیکٹو کی کارکردگی کا اندازہ:

چیف ایگزیکٹو (CE) بورڈ کا حصہ ہونے کے ناطے، بورڈ کے ہر اجلاس میں موجود ہوتا ہے۔ چیف ایگزیکٹو بورڈ کو کمپنی کی کارکردگی کا ایک اجماعی جائزہ پیش کرتا ہے اور بورڈ ممبران کے ذریعے کسی خاص سوالوں کا ازالہ کرتا ہے۔ چیف ایگزیکٹو کی کارکردگی کا اندازہ پی او ایل کے ذریعے مقرر کردہ تشخیصی نظام کے ذریعے کیا جاتا ہے۔ تشخیص کے اصولی عوامل میں مالی کارکردگی، کاروباری عمل، تعمیل، کاروباری فضیلت اور لوگوں کا انتظام شامل ہے۔

تقرری میں باضابطہ واقفیت:

جب بورڈ کا نیا ممبر بنتا ہے تو اس بات کو یقینی بنایا جاتا ہے کہ اسے کمپنی کی تفصیلی معلومات فراہم کی جائیں۔ واقفیت بنیادی طور پر کمپنی کے نقطہ نظر، حکمت عملی، بنیادی قابلیت، تنظیمی ڈھانچے، متعلقہ فریقوں، بڑے خطرات (بیرونی اور اندرونی دونوں) بشمول قانونی و تنظیمی خطرات اور پاکستان کے قوانین کے مطابق ڈائریکٹرز کے کردار اور ذمہ داریوں سمیت حکمت عملی منصوبے تجارتی تجزیے، پیش گوئیاں، بجٹ اور کاروبار کے منصوبوں پر مشتمل ہوتی ہے۔

ڈائریکٹر کا تربیتی پروگرام:

کمپنی اس بات کو یقینی بناتی ہے کہ سیکورٹیز اینڈ ایکسچینج کمیشن کے قواعد و ضوابط پر پوری طرح عمل کرے اور سند حاصل کر کے ڈائریکٹرز کے تربیتی پروگرام (ڈی ٹی پی) کے معیار کی شرائط کو پورا کرے۔ پانچ ڈائریکٹرز، ڈائریکٹرز کے تربیتی پروگرام کی استثنیٰ کی شرط کو پورا کرتے ہیں باقی دو ڈائریکٹرز نے ڈائریکٹرز کے تربیتی پروگرام کی سند حاصل کر لی ہے۔

داخلی مالیاتی کنٹرول:

داخلی کنٹرول کا نظام خدوخال کے لحاظ سے بہترین انداز میں نافذ کیا گیا ہے اور اس کی نگرانی کی جارہی ہے۔ مالی بیانات کی تیاری کے لئے مناسب اکاؤنٹنگ پالیسیاں مستقل طور پر لاگو کی گئی ہیں۔ ہم نے اپنی سرگرمیوں کے تمام علاقوں میں وقت کے

کاروباری عمل اترقیاتی سرگرمیاں:

کمپنی کا خیال ہے کہ معیار اور مسلسل بہتری اور مضبوط عزم کامیابی حاصل کرنے کے لئے ناگزیر اجزاء ہیں۔ تمام عمل مسلسل تشخیص اور بہتری سے مشروط ہے۔ تیل و گیس کی دریافتی اور پیداواری کمپنی کی حیثیت سے تحقیق بنیادی کام ہے۔ ارضیاتی اعداد و شمار کا حصول، عمل اور جیالوجیکل سرگرمیوں کے دوران ان کی تشریح زیادہ سے زیادہ اعداد و شمار کے پیمانوں کا انتخاب محتاط تجرباتی تحقیق کے ذریعے ہی ممکن ہے۔ کمپنی کسی بھی جگہ میں ہائیڈروکاربن کے حجم کو ماپنے کے لئے جامع تجزیہ کرتی ہے، کسی بھی جگہ کھدائی سے پہلے ذیلی سطح کی جدید ذرائع سے منظر کشی بھی کرتی ہے۔

یہ تحقیق اپنے آپ اور بیرونی G&G ذرائع اور ذخائر کے مطالعہ کے ذریعے کی جاتی ہے۔ تحقیق اس لئے بھی کی جاتی ہے تاکہ فیلڈز سے حاصل ہونے والی پیداوار کو نہ صرف برقرار رکھا جائے بلکہ اس میں مزید اضافہ کیا جائے۔ ان ترقیاتی کنوؤں کی کھدائی کے ساتھ ساتھ جو پہلے جغرافیائی محل وقوع میں بیان کر دیئے گئے۔ اس سال درج ذیل بڑے کاروباری ترقیاتی منصوبے شروع کئے گئے ہیں۔

کارپوریٹ سماجی ذمہ داری (CSR):

اس شعبے میں کمپنی کی مضبوط وابستگی اس کی طرف سے پیش کردہ ایک جامع نظام سے ظاہر ہوتی ہے جس پر کمپنی عمل پیرا ہے۔ کمپنی ان علاقوں کی سماجی و معاشی ترقی پر خصوصی توجہ مرکوز کیے ہوئے ہے جہاں یہ کام کر رہی ہے۔

ہمارے CSR پروگرام کا بنیادی مقصد ہے کہ:

- اپنے ماحول کی حفاظت

- ذمہ داری سے کام کرنا

- جن علاقوں میں ہم کام کریں ان کی ترقی میں حصہ ڈالیں

- اپنے کام کے معیار کو برقرار رکھنا اور محنت مند طرز زندگی کی وکالت

- دیانتداری کے ساتھ کام اور اعلیٰ ترین اخلاقی معیارات کو برقرار رکھنا

- کام کے تنوع کو فروغ دینا اور متنوع سپلائرز کے ساتھ شراکت داری

- ایک محفوظ، صحت مند کام کی جگہ کو یقینی بنانا۔

جہاں قابل اطلاق ہے وہاں کمپنی نے متعلقہ ڈپٹی کمشنرز کے ساتھ مشترکہ بینک اکاؤنٹس میں ڈیپازٹس جمع کر کے سماجی بہبود کی ذمہ داریوں کو پورا کیا ہے۔

کمپنی نے ایک منظم سماجی سرمایہ کاری پروگرام کے ذریعے معاشرے میں قائدانہ کردار ادا کیا ہے۔

جن کمیونٹیز میں ہم کام کرتے ہیں ان میں سرمایہ کاری کرنا صرف ایک مطالبہ نہیں جسے پورا کرنا ضروری ہے بلکہ یہ ایک فلسفہ ہے جسے ہم خریدتے ہیں۔ اپنی بنیادی اقدار کے طور پر، کمپنی ان کمیونٹیز کی فلاح و بہبود کے لئے بہت اہمیت رکھتی ہے جن میں وہ کام کرتی ہے۔

ہمارا CSR وسیع سرگرمیوں پر مشتمل ہے جن میں سکولوں، کالجوں اور صحت کے مراکز کی تعمیر، سڑکوں اور پلوں کی تعمیر انسانی اور سماجی کام کرنے والی تنظیموں کی حمایت اور کھیلوں کا انعقاد ہیں۔ ہمیں اپنی ترقی پر فخر ہے، لیکن پھر بھی ہمیں بہت کچھ کرنا ہے جس کی ہم منصوبہ بندی کر رہے ہیں۔

ملک میں حالیہ تباہ کن سیلاب نے لاکھوں افراد کو متاثر کیا ہے اور سڑکوں، پلوں، مویشیوں اور فصلوں سمیت بنیادی ڈھانچے کے بڑے نقصانات کے ساتھ ساتھ بے گھر اور بے روزگار کر دیا ہے۔

ایک اہم E&P کمپنی کے طور پر، پاکستان آئل فیلڈز لمیٹڈ (پی او ایل) قوم کے لئے اس المناک لمحے میں لوگوں کے ساتھ کھڑا رہا۔ قومی بچاؤ امدادی کاروائیوں میں حصہ ڈالنے کے لئے، پی او ایل اور اس کے عملے نے انک آئل کمپنی (اے او سی) کے ذریعے وزیر اعظم کے فلڈ ریلیف فنڈ ۲۰۲۲ء میں ۳۱.۲۸ ملین روپے کا عطیہ دیا۔

خود مختار ادارے سے ذخائر کی تصدیق کرواتی ہے۔

۷۔ قوانین اور ماحولیاتی قواعد و ضوابط: تیل و گیس کی صنعت حکومتی قوانین کے مطابق قواعد و ضوابط کی سختی سے عمل درآمد کی پابندی ہوتی ہے۔ اس معاملے میں کوتاہی سے سنگین نتائج برآمد ہو سکتے ہیں۔ E & P کمپنیوں کو کسی بھی پروجیکٹ پر کام کرتے وقت لازماً اضافی احتیاطی اقدامات اٹھانے پڑتے ہیں۔ ان قواعد و ضوابط پر عمل نہ کرنے کی صورت میں اضافی اخراجات، جرمانوں، قانونی چارہ جوئی، کام کے رک جانے اور انسانی جانوں کو لاحق خطرات کا سامنا کرنا پڑتا ہے۔

۸۔ بڑھتا ہوا مقابلہ: تیل اور گیس کی تلاش اور پیداوار کے شعبے میں بڑھتے ہوئے مقابلے اور خاص طور پر تیل کی تلاش کے concession کے حصول کے بڑھتے ہوئے مقابلے کی صورت حال کا سامنا ہو سکتا ہے۔ اس کے علاوہ مقابلے میں اضافہ، مارجن میں کمی اور ایل پی جی کی فراہمی میں خلل سے کمپنی کے ایل پی جی کے کاروبار پر منفی اثرات پڑ سکتے ہیں۔ کمپنی فارم ان اور فارم آؤٹ معاہدوں کے ذریعے اور E & P کمپنیوں سے شراکت قائم کرنے کے لئے مسلسل کوشاں ہے۔ کمپنی کا ایل پی جی کا کاروبار بڑھتے ہوئے مقابلے، مارجن میں کمی اور ایل پی جی کے ذرائع میں کمی سے بری طرح متاثر ہوتا ہے ایل پی جی ذخیرہ کرنے کی مناسب صلاحیت حاصل کر لی ہے اور مزید ایل پی جی کی پائیدار اور مناسب قیمت پر فراہمی کے لیے کوشاں ہے۔

۹۔ انفارمیشن ٹیکنالوجی (آئی ٹی) کی ناکامی: آج کے ماحول میں جہاں آئی ٹی پر انحصار، قوانین اور رپورٹنگ کی حتمی معیاد پوری کرنی ہوں وہاں آئی ٹی کی ناکامی سے کمپنی کی سرگرمیوں پر منفی اثرات پڑنے کا اندیشہ ہے۔ تمام متعلقہ معاملات کے کنٹرول اور نگرانی خاص طور پر تمام اعداد و شمار کی حفاظت کے لئے ایک علیحدہ IT شعبہ بنایا گیا ہے۔

۱۰۔ معاشی اور سیاسی خطرات: معاشی اور سیاسی عدم استحکام کے نتیجے میں اقتصادی اور مالیاتی بازاروں کا غیر محفوظ ہونا۔

۱۱۔ باہمی شراکت دار: تمام E & P کمپنیوں میں باہمی شراکت داری میں اضافہ ہو رہا ہے۔ اس کے ذریعے یہ دوسروں کی مہارت اور وسائل سے استفادہ کر کے فائدہ اٹھاتے ہیں۔ خاص طور پر جب قطعات/ بلاکس نئے ہوں اور مشکلات بھی بہت ہوں، انتظامی اخراجات بھی زیادہ ہوں تب کمپنیوں کو دوسرے شراکت دار ساتھ شامل کرنے پڑتے ہیں تاکہ ان کی مہارت سے استفادہ کیا جاسکے اور اخراجات میں بھی شراکت ہو سکے۔ ہم باہمی اشتراک کے ماحول میں کام کر رہے ہیں اور ہمارے کئی منصوبے دیگر شراکت دار چلاتے ہیں۔ ہمارے تھوڑے حصے کی وجہ سے کئی دفعہ شراکت داروں پر اثر انداز ہونے کی صلاحیت محدود ہو جاتی ہے۔ کئی اہم فیصلوں پر ہم آہنگی نہ ہونے کی

بناء پر ان منصوبوں کے انتظامی اور پیداواری معاملات بگڑتا تاخیر کا باعث بن سکتے ہیں۔ اس کے تدارک کے لئے ہم انتظامی اور غیر انتظامی شراکت داروں سے باہم رابطے میں رہتے ہیں اور کام کو جاری رکھنے کے لئے انہیں درکار ذرائع/ معلومات اور منظوریوں فراہم کرتے ہیں۔

۱۲۔ دہشت گردوں کے حملے: دہشت گردوں کا حملہ ہمارے کاروبار پر بہت زیادہ منفی اثرات مرتب کر سکتا ہے۔ اس خطرے کے تدارک کے لئے کمپنی نے اپنی تمام اہم تنصیبات کے لئے دہشت گردی کی صورت میں نقصان پورا کرنے کے لئے باقاعدہ انشورنس کرائی ہوئی ہے۔

۱۳۔ تیسرے فریق کی حیثیت سے ذمہ داری: تیسرے فریق کی حیثیت سے ذمہ داری ہمارے کاروبار پر بہت زیادہ منفی اثرات مرتب کر سکتی ہے۔ اس خطرے کے تدارک کے لئے کمپنی مسلسل ایسے معاملات کا جائزہ لیتی رہتی ہے جہاں انشورنس کی ضرورت ہے، کمپنی نے اپنے کنوؤں کی کھدائی کے علاقوں، پائپ لائنوں اور اہم تنصیبات کے لئے تیسرے فریق کی حیثیت سے ذمہ داری کی انشورنس کروائی ہوئی ہے۔

۱۴۔ انسانی وسائل کے خطرات: متبادل کی منصوبہ بندی نہ ہونا بڑے نقصان کا باعث بن سکتی ہے۔ کمپنی نے ہر شعبے کی ارگنائزنگ اور کام کی تفصیلات تیار کی ہیں۔ نئی آسامیوں اور تبدیلیوں پر فوری عمل درآمد ہوتا ہے اور باقاعدہ اشتہار دیا جاتا ہے۔

۱۵۔ کنوؤں میں کھوجانا یا مرمت کے قابل نہ رہنا: کھدائی کے دوران بہت سے مہنگے آلات کنوؤں میں مختلف گہرائیوں میں داخل کیے جاتے ہیں۔ اس خطرے کے تدارک کے لئے کمپنی بھرپور نظر رکھتی ہے۔ اور ان آلات کی انشورنس بھی کراتی ہے۔

۱۶۔ تیل کی قیمت میں اضافہ: کمپنی انتظامی اخراجات کو کم رکھے اور فیلڈز کو قابل عمل رکھنے کے لئے ڈیزل سے گیس تک سستے متبادل پر جانے کی کوشش کر رہی ہے۔

۱۷۔ ایس این جی ایل (SNGPL) لائن دباؤ میں اضافہ: مسلسل بڑھتے ہوئے ایس این جی ایل لائن کے دباؤ کی وجہ سے ایس این جی ایل نیٹ ورک میں گیس داخل کرنا مشکل ہو گیا ہے۔ پیداواری گیس کو نذر آتش ہونے سے بچانے کے لئے کمپنی ایس این جی ایل کے لائن کے دباؤ کی مسلسل نگرانی کر رہی ہے اور اس نے اپنی ترسیل کے دباؤ کو بڑھانے کا عمل شروع کر دیا گیا ہے۔

۱۸۔ واجب الادا وصولیاں: کمپنی جلد از جلد رسیدیں جاری کرتی ہے اور خود کا نظام سے جاری کردہ رپورٹس کے ذریعے وصولی کی پوزیشن کی مسلسل نگرانی کر رہی ہے۔ جہاں ضرورت ہو، کمپنی اپنی رسیدوں کی فوری وصولی کے لئے ریفرنسیوں اور ایس این جی ایل کے ساتھ مسلسل رابطہ رکھتی ہے۔

ہے۔ حسب ضرورت ۱۶۴ لائن کلومیٹر زکیا عداد و شمار بھی حاصل کئے جارہے ہیں۔

حالیہ بولی میں پی او ایل نے بطور آپریٹر (۱۰۰ فیصد) ملتانائی بلاک جیتا۔ ایوارڈ کے بعد بولی لگانے کا عمل ڈی جی پی سی کے ساتھ جاری ہے۔

۲۲ نومبر ۲۰۲۲ء کو چاہ بولی دریافتی لائسنس او جی ڈی سی ایل (۷۰ فی صد حصص کے ساتھ آپریٹر) اور پی او ایل (۳۰ فی صد حصص) کو دیا گیا۔

ذیلی ادارہ :

کیپ گیس (پرائیویٹ) لمیٹڈ:

۱۰ سال کیپ گیس نے بعد از ٹیکس ۶۵.۴ ملین روپے نفع کمایا (۲۰۲۲ : ۲۷.۸ ملین روپے) ۲۰۲۳ء کے لئے کل ۹۵.۵٪ منافع کا اعلان کیا گیا ہے۔ (۲۰۲۲: ۶۰.۶۰: ۴۰۰ فی صد)۔ سال کے دوران، کیپ گیس نے اوسط ۲۲ میٹرک ٹن پومیہ مائع پٹرولیم گیس حاصل کی۔

خام تیل کی نقل و حمل:

کھوڑ خام تیل ڈیکٹنگ کی سہولت اور دیگر پائپ لائنز سے اطمینان بخش طریقے سے کام جاری ہے۔ دوران سال اس سہولت اور پائپ لائن کے ذریعے ۸.۹ ملین بیرل خام تیل (۲۰۲۲ : ۸.۶ ملین بیرل) ٹپ (Nashpa)، تل بلاک اور دیگر مقامات سے انک ریفرنری لمیٹڈ کو پمپ کیا گیا۔

خطرات اور مواقع:

بورڈ ایک بنیادی انتظامی اہلیت کے طور پر موبیٹ کاروباری خطرات کے تدارک کے فلسفے کے لئے پرعزم ہے۔ بورڈ نے خطرات کی پالیسی اور نظام کی تشکیل کے ذریعے ایک منظم طریقہ کار قائم کیا ہے۔ کمپنی خطرات کے تدارک کے نظام کو بہتر کرنے، نافذ کرنے اور مسلسل نگرانی کرنے پر عمل پیرا ہے۔ خطرات کی نشاندہی اور ترجیحات مقرر کی گئی ہیں تاکہ ان خطرات سے بہتر طریقے سے نمٹا جاسکے۔

کمپنی کو درپیش کچھ بڑے ممکنہ خطرات اپنے تدارک کے لئے کئے اقدامات سمیت مندرجہ ذیل ہیں :

۱۔ تیل کی قیمت میں اتار چڑھاؤ: کمپنی کی تیل اور گیس کی قیمتیں بین الاقوامی خام تیل

اور متعلقہ مصنوعات سے منسلک ہیں۔ بین الاقوامی قیمتوں میں ناموافق تبدیلی کمپنی کے منافع پر منفی اثر ڈالتی ہے۔

۲۔ دریافتی خطرات: دریافتی عمل کے دوران ہائیڈروکاربنز کے مناسب مقدار میں نہ ملنے کا قوی امکان رہتا ہے۔ اس کی بڑی وجوہات میں رقبے یا کھدائی کی جگہ کا غلط انتخاب، غیر معیاری ارضیاتی اعداد و شمار یا اس کی پروسسنگ میں غلطیاں شامل ہیں۔ ان ممکنہ خطرات کا تدارک کرنے کے لیے کمپنی تجربہ کار ماہرین کی خدمات حاصل کرتے ہوئے جدید ترین ٹیکنالوجی کا استعمال یقینی بناتی ہے۔ کمپنی نئے مواقع تلاش کرنے کے لئے مسلسل کوشاں رہتی ہے اور کامیابی کے امکانات کو بڑھانے کے لئے E&P کمپنیوں کے ساتھ مختلف معاہدوں کے ذریعے دست تعاون بڑھاتی ہے۔

۳۔ کھدائی کے دوران درپیش ممکنہ خطرات: تیل اور گیس کے لیے کھدائی فطری طور پر خطرات سے پُر ہے جن میں کنویں کا نذر آتش ہونا، پائپ یا دیگر آلات کا پھنس جانا، آگ کے حادثات اور کام کے دوران چوٹ لگ جانا شامل ہیں۔ اس کے علاوہ مناسب مقدار میں تیل یا گیس نہ دریافت ہونے سے کمپنی کی آمدنی پر منفی اثر پڑتا ہے۔ ان خطرات کے تدارک کے لیے کمپنی موختر اور پیشہ ور افراد کا انتخاب کرتی ہے اور رگ اور اس سے وابستہ خدمات اور آلات کے لیے بھی اعلیٰ معیار کو یقینی بنایا جاتا ہے۔ اس کے علاوہ تمام کنوؤں کی دوران کھدائی کنویں کی کنٹرول کی انشورنس کرائی جاتی ہے۔

۴۔ تیل اور گیس کے اہم فیلڈز (قطعات) کی کارکردگی میں کمی: کمپنی کی مستقبل کی آمدنی اور منافع اس کے تیل اور گیس کی فیلڈز کی پیداوار اور ذخائر پر منحصر ہے۔ فیلڈز کی اصل پیداوار تیل اور گیس کے ذخائر کی کارکردگی میں کمی یا پیداوار سے متعلق دیگر عوامل کی وجہ سے اندازوں سے یکسر مختلف ہو سکتی ہے۔

۵۔ منصوبہ بندی سے متعلق ممکنہ خطرات: خریداری کے عمل میں کمزوری کمپنی کے منافع میں ممکنہ خطرے کا باعث ہے۔ یہ کمزوری مندرجہ ذیل ممکنہ خطرات کو جنم دے سکتی ہے:

۱۔ کاروباری خطرات

۲۔ انتظامی سامان کا وقت پر نہ موجود ہونا

۳۔ معاہدوں سے متعلق جرماتوں کا امکان ہونا

کمپنی ان ممکنہ خطرات کے تدارک کے لیے کھدائی شروع کرنے سے پہلے کنویں کا تفصیلی خاکہ تیار کرتی ہے اور جس سامان کے بچنے میں طویل مدت درکار ہوتی ہے، ان کی خریداری کا پہلے آرڈر دے دیا جاتا ہے۔

۶۔ ذخائر کے متعلق خطرات: ذخائر اور پیداوار کے غلط زائد تخمینہ کے نتیجے میں سرمایہ ضائع ہو سکتا ہے۔ اس لیے اس خطرے کو کم کرنے کے لیے جہاں تک ممکن ہو کمپنی ایک

ڈائریکٹر رپورٹ

شروع اللہ کے نام سے جو بے حد مہربان نہایت رحم کرنے والا ہے۔

السلام علیکم!

ڈائریکٹر کو ۳۰ جون ۲۰۲۳ء کو ختم ہونے والے سال کے لئے کمپنی کے مالیاتی نتائج اور سالانہ رپورٹ پیش کرتے ہوئے خوشی محسوس ہو رہی ہے۔

کہ فی حصص مجموعی منافع ۱۳۱.۲۹ روپے (۲۰۲۲ء : ۹۴.۲۸ فی حصص) رہا۔
دریافتی سرگرمیوں کا احاطہ آگے ہر جغرافیائی علاقے کی تفصیل کے ساتھ اس رپورٹ میں کیا گیا ہے۔

ڈائریکٹرز:

۱۲ جون ۲۰۲۳ء کو منعقدہ بائیسویں (۲۲ویں) غیر معمولی اجلاس عام میں، ۲۷ جون ۲۰۲۳ء سے تین سال کی مدت کے لئے ایک نئے بورڈ آف ڈائریکٹرز کا انتخاب کیا گیا جو کہ درج ذیل ہے:

- ۱۔ جناب لیٹ جی۔ فرعون
- ۲۔ جناب وائیل جی۔ فرعون
- ۳۔ جناب شعیب اے۔ ملک
- ۴۔ جناب ساجد نواز
- ۵۔ جناب عبدالستار
- ۶۔ جناب شمیم احمد خان
- ۷۔ جناب آغا شیر شاہ

کمپنیوں کی تشکیل:

بورڈ نے درج ذیل اراکین پر مشتمل کمیٹیاں تشکیل دی ہیں:

آڈٹ کمیٹی

جناب شمیم احمد خان	جناب عبدالستار
چیئر مین	رکن
جناب بابر بشیر نواز	جناب آغا شیر شاہ
رکن	رکن
متبادل ڈائریکٹر جناب وائیل جی۔ فرعون	

انسانی وسائل اور معاوضہ کمیٹی (HR & R)

جناب بابر بشیر نواز	جناب شعیب اے۔ ملک	جناب عبدالستار
چیئر مین	رکن	رکن
	متبادل ڈائریکٹر جناب	
	لیٹ جی۔ فرعون	

مالیاتی نتائج:

خلاصہ درج ذیل ہے:

رقم (۱۰۰۰)	
۲۹،۶۵۸،۶۵۹	منافع تمام اخراجات کے بعد
(۱۳،۲۰۶،۰۷۷)	ٹیکسیشن
۳۶،۴۵۴،۵۸۲	منافع بعد از ٹیکس

الحمد للہ! اس سال کمپنی نے بعد از ٹیکس ۳۶،۴۵۴ ملین روپے نفع کمایا جو گذشتہ برس (۲۰۲۲ء : ۲۵،۹۳۵ ملین روپے) کی نسبت ۴۰.۵۵ فیصد زائد رہا۔ اس شاندار کارکردگی کی بدولت فی حصص آمدنی ۱۲۸.۴۲ روپے رہی۔ (۲۰۲۲ء : ۹۱.۳۷ روپے فی حصص)۔ منافع میں اس متاثر کن اضافے کی نمایاں وجہ تیل اور گیس کی قیمتوں میں روپے / امریکی ڈالر کی برابری کے مثبت اثرات کے ساتھ ساتھ مالیاتی اثاثوں پر زرمبادلہ کے فوائد، شرح منافع اور ڈپازٹس میں اضافہ ہے۔ اس میں کسی حد تک دریافتی لاگت میں اضافہ اور پیداوار میں اثر انداز ہوئی۔ دریافتی حصہ میں دریافتی لاگت میں ۵،۸۳۳ ملین روپے کے اضافے کے ساتھ گُل خرچ ۶،۷۲۰ ملین روپے رہا (۲۰۲۲ : ۸،۷۷۷ ملین روپے)۔ اس اضافے کی وجہ ڈی جی خان اور مارگلہ بلاکس میں واقع دو خشک کنوں کی لاگت کا دریافتی اخراجات میں شمولیت کا فیصلہ ہے۔ اس کے باوجود، دریافت کے لئے ہمارا عزم غیر متزلزل ہے، کیونکہ ہم اس شعبے میں امید افزاء مواقع کی تلاش میں سرگرداں رہتے ہیں۔ جبکہ اس سال بھی چیلنج کا سامنا رہا، جیسے کہ خام تیل کی پیداوار میں ۹ فیصد کمی، گیس کی پیداوار میں ۸ فیصد کمی، اور ایل پی جی کی پیداوار گزشتہ سال کے مقابلے میں بنیادی طور پر ذخائر کی قدرتی کمی کی وجہ سے ۴ فیصد کم رہی۔ پیداواری صلاحیتوں کو بہتر بنانے کے لئے ہماری آگے بڑھنے کی ثابت قدمی ہماری حکمت عملی کا سنگ بنیاد رہے گی۔ دوران سال کمپنی کا بعد از ٹیکس مجموعی منافع ۳۰،۳۰۰ ملین روپے رہا (۲۰۲۲ء : ۲۶،۷۷۷ ملین روپے) جو ظاہر کرتا ہے

Developed & Undeveloped Reserves

Proved Developed Reserves:

Reserves that can be expected to be recovered through existing wells with existing equipment and operating methods or in which the cost of the required equipment is relatively minor compared to the cost of a new well.

Proved Undeveloped Reserves:

Those reserves that are undeveloped simply because of implementation of the approved, committed and budgeted development project is ongoing and drilling of the producing wells, for example is still in progress at the date of evaluation; and

Those reserves that are undeveloped (under existing producing fields) because the final investment decision for the project has yet to be made and/or other approvals or contract that are expected to be confirmed have not yet been finalized.

Sustainability and Corporate Social Responsibility

Assessment of the Company's value creation
ability and contribution towards Sustainable
Development Goals

Corporate Social Responsibility (CSR)

It is a social responsibility to be committed to improve the lives of the people in the communities.

POL's CSR program is comprehensive and covers a wide range of activities, including:

- **Education:** POL builds and supports schools, colleges, and universities in the communities where it operates. It also provides scholarships to students from disadvantaged backgrounds.
- **Healthcare:** POL builds and supports hospitals, clinics, and other healthcare facilities. It also provides free medical checkups and treatment to people in need.
- **Infrastructure development:** POL builds and repairs roads, bridges, and other infrastructure in the communities where it operates.

- **Sports:** POL sponsors sports events and teams, and it also provides training and equipment to young athletes.
- **Humanitarian and social work:** POL supports humanitarian and social work organizations that are working to improve the lives of the people in Pakistan.

POL's CSR program has made a significant impact on the lives of people in the communities where it operates.

In addition to the above, POL has also taken a leading role in contributing to society during times of crisis. For example, in the wake of the recent devastating floods in Pakistan, POL and its staff contributed Rs 31.28 million to the Prime Minister's Flood Relief Fund 2022.

Education

Education is a leading instrument of nation building and economic growth of people. Here, at POL, our key focus is on education, which we are keenly supporting in a number of ways. POL focuses on education at the basic, primary, secondary and higher secondary levels.

Since inception POL has spent approx. Rs 121 million to improve the infrastructure of government educational institutions through up gradation of schools & colleges of the vicinity by constructing class rooms, toilets, providing computers and science laboratory apparatuses and also providing furniture and fixtures that serve more than 50,000 students.

POL is not only spending on social welfare activities of its areas of operation but we are also running our own Technical

Institute, Higher Secondary Schools and Degree College Khaur with well-equipped lab facilities, modern library, highly qualified teaching staff and facilities for extracurricular activities. Brief summary of educational activities is mentioned below;

Dr. Rashad Institute of Technical Education

The college introduced its technical section in the Year 2015 affiliated with PBTE and registered with TEVTA. It started offering DAE in Petroleum, Electrical and Electronics. At present, the College is offering DAE in petroleum and Electrical. Observing the dire need for DAE in drilling, and with no detailed course offered in Pakistan the Instituted developed a three-year course in drilling and got it approved from TEVTA.

Dr. Rashad Degree College

The College started as an Intermediate College in 2007 and was upgraded to a degree College in the year 2010 with the objective of providing quality education to the next generation of Khaur and its surroundings.

The College is providing best educational facilities in Khaur and its surrounding area. It is producing good results at Inter and Graduation level. The

College offers Pure Sciences (Double Maths/Physics, Double Maths/ Computer, Botany, Zoology and Chemistry) at Degree level.

After the Higher Education Commission declared the two-year B.Sc. degree as the Associate Degree, the College managed to get affiliation with Punjab University for a four-year BS in Computer Science (BSCS-Hons.) program in the year 2018.

Since Education is a total personality development process therefore stress is laid on co-curricular activities as well. Different contests both in-house and outside are organized regularly.

The college has two sections i.e., male and female. Students are given proper grooming besides educational lessons so that they become good citizens of Pakistan. Different kinds of activities are planned for both the sections. The college intends to produce future teachers for Khaur, now about 30% of teachers in the school and college are the ex-students of "Dr. Rashad Degree College"

POL Model Secondary School

POL Model Secondary School Khaur was started and registered with Punjab Education Department w.e.f. 1st January, 1994 to impart quality

education to the children of POL employees. Later this facility was extended to local community as well. It has now grown with student strength of 853 both girls and boys. The school not only focuses on academic education but also training for social, moral and physical growth of its students. Some of our students have achieved distinction in SSC examination. Result of the School has been 100%, This Year 49 students appeared in the Matric Exams, out of which 35 got A +, 12 got A, 2 got B. One of our students, namely, Adan Arshad with 1074 / 1100 marks got 1st position in Tehsil Pindi Gheb & 8th Position in Attock district in matric Exams 2023.

Annual Competitions of English and Urdu speeches are held for students to build confidence and proficiencies of good and effective speakers. School has developed proper extracurricular activities calendar separately for Montessori & Secondary School sections. Its Montessori Section has proper Montessori trained teachers to handle the students of tender age.

School arranges Parents & Teachers' Association Meetings which are held after the monthly exams to ensure involvement of Parents for the success & progress of their wards as a permanent feature.

Corporate Social Responsibility (CSR)

School is putting in consistent efforts to achieve still higher goals. The school curriculum has been changed to make it a dynamic process to cater the changes in the society. School has framed its first ever rules & regulations book.

POL School not only facilitated parents by providing fee concession and gave discount to lessen the financial burden on parents.

Our School has always played a vital role not only in educating students but creating awareness among students and teaching staff to educate their families & community on different environmental issues.

POL School is teaching Holy Quran Grades I-V and Translation of the Holy Quran for Grades VI-X as a separate compulsory subject.

POL School has organized an amazing event of Punjab Culture Day on March 14, 2023 with great zeal to promote the Punjab culture and spread awareness among students and parents.

Various scholarships are awarded on merit in addition to the financial aid to its deserving students.

POL School has been running evening classes for last 3 years to cater the increasing educational needs of the community which no other school is offering.

POL Vocational Training Centre

POL has established a vocational training center for women in 2004. The aim was to develop skills for entrepreneurship and self-employment among women

of the local community. Up till now, more than 1000 women & girls have been trained over the period.

In July 2016, POL established Safety Coveralls stitching unit at VTC Khaur. Stitching unit is conceived to ensure its viability being cost effective and also make VTC staff members and students proficient in stitching skills.

Sports, Cultural & Religious Activities

At Khaur, the Company is providing facilities for sports and cultural activities for the local community. For sports, facilities for cricket, hockey and football grounds as well as for badminton and volley ball courts have been provided.

Independence Day (14th August) is also celebrated with great enthusiasm at Khaur

Workers Club. People from all walks of life including the Company employees and local community participate in the events conducted on the occasion.

Infrastructure Development

In order to upgrade living standards of the local community in the areas of operation, POL has not only spent on construction of road network, but we have also extended this facility to their door step through concrete pavement of their streets and construction of cause ways / culverts and drainage systems.

In Soan Pindori & Turkwal Block, 9 Schemes were completed last year i.e., Purchases of IT equipment, plant & machinery, furniture and fixture etc. for Government Special Education Center Doultala, Tehsil Gujar Khan, District Rawalpindi. Construction of road / streets & drain and allied work in village Pindori, Chak Beli Khan

& Bains Village UC Chak Beli Khan District Rawalpindi and Construction of road / streets & drain and allied work in village Turkwal, Barvelay Kalan, Barvelay Khurd & Tanveen UC Punjgran Tehsil Gujar Khan, District Rawalpindi are completed.

In Minwal Block, Scheme Construction of PCC Streets/ Drain/ Sullage Carrier in Village Koday & Joyamair Tehsil & District Chakwal is completed.

Supporting Drinking Water Schemes

Pakistan Oilfields Limited (POL) has played a proactive role in supporting communities inhabited in the vicinity of its operating fields. Our mission is to develop & enhance “Basic

Infrastructure” for social uplift. Several projects have been undertaken in this regard.

Being the Operator of DG Khan Block, POL took it upon itself to help the locals overcome this crisis by supplying clean drinking water for the surrounding communities of the area, and on a priority basis, POL installed Two (02) Solarized Submersible Water Pumps in Basti Mahmood Mujawar & Basti Haji Allah Wasaya Mujawar Mouza Gidi, UC 97 Tuman Leghari Zareen, District Dera Ghazi Khan at a total cost of Rs.4.3 million.

Drinking water is a scarce resource in the Potohar region of Punjab. Locals are dependent on open water ponds or rain water to fulfill their water needs. Operative in the area, POL took upon itself to help the locals overcome this crisis by supplying clean drinking water for the surrounding communities of its Pariwali and Soan (Pindori) D&P lease areas.

Corporate Social Responsibility (CSR)

Drinking water is a key issue in majority of the areas of Pakistan. The success of our water supply schemes gives POL the satisfaction of having contributed towards bringing an improvement in the lives of the local people.

Analysis of the Financial Information

Review of the Company's performance
by the Board of Directors

SWOT Analysis

Strength

- POL is part of Attock Group - the only vertically integrated group in Pakistan
- POL's Strengths are its balance sheet, cash generation, technical expertise and most of all, the dedication and will of its employees.
- Well established pipeline network (from POL owned and operated fields to Attock Refinery Limited) which safely transported 8.9 million barrels of crude during the year.
- Only E&P Company in Pakistan which is also marketing LPG under its brand name POLGAS. The Company has established a good storage capacity for continuous supply.
- POL has a separate IT wing to control and monitor related E&P functions and continuously upgrading its IT structure to cope with recent advancement in technology

Weakness

- The Company's future earnings and profitability is dependent upon the production and reserves of its oil and gas fields. Due to inherent nature of the business, the actual production may differ materially from estimates.
- The difficulty of extraction, the possibility that the accessible reserves in any deposit are smaller than estimated and reliance on depleting natural resources and which could result in decline conventional as well as incremental revenue
- POL's oil prices are linked with the international oil prices which is uncontrollable factor for POL as well as the industry as a whole. Any unfavorable variance in the international prices adversely affects the Company's profitability.
- Delays in approvals from Regulators (e.g. grant of new blocks, work plans and gas pricing etc.) which affects the operations and profitability.
- High cost for exploration/drilling.

Opportunity

- POL's oil prices are linked with the international oil prices and increase in international prices leads to increase in profits.
- The company is operating sophisticated crude transportation facility to transport crude to refineries at cost effective rates. The enhancement of crude transportation facility network provides an opportunity to increase incremental revenues by providing an alternative to road transportation
- Oil and Gas are highly demanded by domestic, power and industrial sector due to their ever increasing demand, as a result it ensures stability in cash flows and future profitability

Threats

- Oil and gas drilling by its very nature is a high risk activity. The hazards and costs involved during drilling of wells including well blow out, fishing, fire hazards and personal injury. In addition, the risk of incorrect selection of exploration acreage, poor quality of seismic data, error in processing or interpretation of seismic data, incorrect selection of drilling site would have an adverse effect on company earnings.
- The oil and gas industry is regulated by a number of government regulations which are required to be strictly followed. Default in this regard can have serious consequences. Moreover, delay in requisite approval from government in allocation of gas/condensate from new discoveries depriving the company of sizeable revenues
- Delays in the procurement process due to regulators e.g. bans on imports is a possible threat to the Company's profitability.
- With increased competition in the oil and gas exploration and production sector, particularly in relation to the application and award of exploration concessions, the Company may be faced with increased competition. Furthermore, the Company's LPG marketing business may also be adversely affected due to increased competition, decline in margins or disruption to LPG supply sources.

The Board provides strategic direction to management and fulfills its fiduciary responsibilities with a sense of commitment. The Board remained engaged with management which helped it to meet the exceptional and unforeseen challenges.

The Board has fulfilled all its mandatory responsibilities including ensuring compliance with all legal and regulatory requirements for POL and addressing possible threats/weaknesses while taking into consideration company's strengths and opportunities.

Analysis of Performance Indicators

Profitability ratio

The overall profitability (gross profit, net profit, ROE, and ROCE) have seen increasing mainly due to higher sales and other income during the year.

Liquidity ratio

The overall liquidity ratio of POL is satisfactory and the Company has sufficient cash and bank balances. In the current as well as last year, net cash flows from operating activities is positive. Increase in ratio from the previous year is mainly because of higher receipts from customers.

Activity / turnover ratios

POL has seen effective utilization of its assets base to generate high multiples of revenue consistently. Operating cycle has been effectively kept in range by minimal credit sales and improved collection of receivables.

Investment / market ratios

POL core objectives are to generate consistent high returns for its valued shareholders. This is also reflected from its steady increase in earnings of current/past years and consistent dividend to its valued shareholders.

POL shares are highly valued by investors and is considered as blue chip investment due to high price earnings ratio.

Economic Value Added (EVA)

	Rs in million	
	2023	2022
Net profit after tax	36,452,582	25,935,113
Invested capital	67,687,209	51,063,461
WACC	16.93%	19.50%
EVA	24,995	15,980

The above outcomes in 2023 in EVA means that the Company is creating value with its invested capital. Increase in the current year's profit is mainly due to higher sales and other income (due to higher markup rates and higher exchange gain on foreign currency bank balances).

Free cash flows

Return on Equity	34.74%	44.32%	40.67%	34.00%	50.79%	53.85%

Operating efficiency

of the company measured in terms of profit margins has shown increasing trends. However, in the current year increase in volume and price variance was nullified by reversal of gas price incentive as disclosed in detail in note 25.1 of the financial statements.

Asset turnover

Remained consistent with previous years which depict that increasing revenues are being generated by effectively utilizing Company's resources.

Equity multiplier

has remained consistent in previous years depicting that the increase in assets have effectively improved the equity of the company. However, increase in current period is mainly due to recovery on account of enhanced gas price which has not been recognized as revenue on prudent basis as detailed in note 25.1 of the Financial statements.

Return on Equity

For the year under review, ROE increase to 53.85 % as against 50.79% in the previous year. This is mainly because of an increase in crude oil prices resulting in an increase in net sales and profitability of the Company

Quarter Review

01

Quarter

Net sales

increased by 44% to Rs 15,976 million (Sep 30, 2021: Rs 11,077 million). Volume variance is unfavorable by Rs 880 million and price variance is favorable by Rs 5,779 million.

Sales volumes

of Crude Oil and Gas decreased by 8% and 12% respectively, while POLGAS volume increased by 0.4%.

Cost of sales

increased by 11% to Rs 4,387 million (Sep 30, 2021: Rs 3,961 million), mainly because of higher royalty during the period.

Gross profit

increased by 63% to Rs 11,589 million (Sep 30, 2021: Rs 7,116 million) mainly because of higher sales.

Exploration costs

increased by 904% to Rs 4,526 million (Sep 30, 2021: Rs 451 million) as in current period dry and abandoned well cost of DG Khan 1 Well amounting to Rs 4,353 million was charged to P&L.

Finance costs

increased by 94% to Rs 2,835 million (Sep 30, 2021: Rs 1,462 million) mainly due to increase in exchange loss by Rs 1,039 million because of depreciation of Rupees against US\$ in current period, and increase in unwinding cost by Rs 334 million..

Other income

increased by 146% to Rs 6,635 million (Sep 30, 2021: Rs 2,700 million) mainly because of higher income on bank deposits (due to higher deposits and interest rates) and exchange gain (due to depreciation of Rupee against US\$ (Rs 229.45 at Sep 30, 2022 vs Rs 205.5 at Jun 30, 2022)).

Profit after tax

increased by 60% to Rs 8,400 million (Sep 30, 2021: Rs 5,258 million) mainly due to higher sales and other income.

Earnings per share (EPS)

increased by 60% to Rs 29.59 (Sep 30, 2021: Rs 18.52).

02

Quarter

Net sales

decreased by 12 % to Rs 14,021 million as compared to first quarter due to unfavorable price and quantity variance of Rs. 1,271 million and Rs. 684 million respectively as compared to the first quarter.

Sales volumes

of Crude Oil and POLGAS decreased by 6% and 3% respectively while Gas increased by 0.3% as compared to first quarter.

Cost of sales

increased by 29% to Rs 5,644 million as compared to first quarter mainly because of higher operating and amortization cost during the period. This increase is offset by decrease in royalty expense.

Gross profit

decreased by 28% to Rs 8,378 million as compared to first quarter due to lower sales and higher operating cost during the period.

Exploration costs

decreased by 79% to Rs 953 million as compared to first quarter.

Finance costs

decreased by 117% to Rs - 486 million as compared to first quarter because of lower exchange loss due to appreciation of rupee against US dollar.

Other income

decreased by 68% to Rs 2,104 million as compared to first quarter mainly because of higher exchange loss on foreign currency bank balances.

Profit after tax

decreased by 29% to Rs 5,954 million as compared to first quarter due to decrease in sales volume and other income as compared to last quarter.

of Crude Oil, Gas and POLGAS decreased by 2%, 2% and 8% respectively as compared to second quarter.

Cost of sales

decreased by 5% to Rs 5,390 million as compared to second quarter mainly because of lower operating and amortization cost during the period. This decrease is offset by increase in royalty expense.

Gross profit

increased by 25% to Rs 10,483 million as compared to second quarter due to higher sales and lower operating and amortization cost during the period.

Exploration costs

decreased by 11% to Rs 850 million as compared to second quarter.

Finance costs

increased by 1219% to Rs 5,436 million as compared to second quarter due to depreciation of Rupees against US\$ in current period and increase in unwinding cost.

Other income

increased by 581% to Rs 14,330 million as compared to second quarter mainly because of higher exchange gain on foreign currency bank balances.

Profit after tax

increased by 173% to Rs 16,235 million as compared to second quarter due to higher sales and other income.

Earnings per share (EPS)

increased by 173% to Rs 57.19 as compared to second quarter.

04

Quarter

Net sales

decreased by 5% to Rs 15,081 million as compared to third quarter. Both Volume and price variances are unfavorable by Rs 657 million and Rs. 135 million respectively.

Sales volumes

of Crude Oil and Gas decreased by 8% and 2% respectively while POLGAS increased by 1% as compared to third quarter.

Cost of sales

decreased by 30% to Rs 3,794 million as compared to third quarter mainly because of lower amortization cost costs during the period.

Gross profit

increased by 8% to Rs 11,287 million as compared to third quarter due to lower cost of sales during the period.

Exploration costs

decreased 54% to Rs 391 million as compared to third quarter.

Finance costs

decreased by 66% to Rs 1,834 million as compared to third quarter due to appreciation of rupees against US dollar.

Other income

decreased by 72% to Rs 3,993 million as compared to third quarter mainly because of exchange loss on foreign currency bank balances.

Profit after tax

decreased by 64% to Rs 5,864 million as compared to third quarter due to lower other income and sales as compared to third quarter.

Earnings per share (EPS)

decreased by 64% to Rs 20.66 as compared to third quarter.

Annual Financial Review

Analysis of Statement of Profit or Loss

Sales:

Net sales increased by 17%. Volume variance is negative by Rs 4,421 million and price variance is positive by Rs 13,428 million. Price variance has two components, one is exchange rate, which is positive by Rs 15,315 million (average exchange parity for the year increased from Rs 178.08 to Rs 248.63 per US\$) and the other is price variance which is negative by Rs 1,886 million. Sales volume of Crude Oil, Gas and POLGAS decreased by 9%, 8% and 7% respectively, as compared to corresponding year. Crude Oil price decreased by 11%, Gas and POLGAS prices increased by 43% and 23% respectively, as compared to corresponding year.

Cost of sales:

Cost of sales increased by 7% to Rs 19,215 million (June 30, 2022: Rs 17,997 million), mainly because of higher operating cost and royalty expense which is offset by decrease in amortization cost during the year.

Exploration costs:

Exploration costs increased by 666% to Rs 6,720 million (June 30, 2022: Rs 877 million) as in current year, well cost of DG Khan-1 and Tarnol-1 was charged in exploration cost.

Other income:

Other income increased by 131% to Rs 27,062 million (June 30, 2022: Rs 11,697 million) mainly because of higher income on bank deposits and exchange gain (due to depreciation of Rupee against US\$ (Rs. 286.6 at June 30, 2023 vs Rs 205.50 at Jun 30, 2022))

Taxation:

Increase in provision for taxation is due to increase in profits and super tax charged for the period.

Profit for the year:

Profit after tax increased by 40.55% to Rs 36,453 million (June 30, 2022: Rs 25,935 million) mainly due to higher sales and other income.

Analysis of Cash Flow Statement

Operating activities:

A total of Rs 67,723 million was available as cash and cash equivalents at the beginning of the year. Cash generated from operations in 2023 higher by 4.5% to Rs 29,164 million (2022: Rs 27,906 million) mainly due to higher receipts from customers.

Investing activities:

A total of Rs 3,879 million cash was generated from investing activities (2022: Rs -921 million) which consists outlay for addition in fixed assets of Rs 5,781 (2022: Rs 4,570 million) and inflow of Rs 10,102 million (2022: Rs 3,116 million).

Financing activities:

Cash outflow in financing activities related to payment of dividends was Rs 10,395 million (2022: Rs 14,161 million) and effect of exchange rate changes is Rs 14,780 million (2022: Rs 7,327 million). Cash and cash equivalents at the end of year 2023 was Rs 105,151 million (2022: Rs 67,723 million).

Analysis of Statement of Financial Position

Non-Current Assets:

During the year, the additions to Property, Plant & Equipment were Rs 811 million (June 2022 Rs 1,502 million). Development and decommissioning cost increased by Rs 1,334 million mainly due to addition at Adhi, Adhi South, Tolanj West-2 and Jhandial-3. Further, amortization of development & decommissioning cost for the year is Rs 2,562 million. Exploration & evaluation additions of Rs 3,766 million were offset by Rs 5,025 million dry and abandoned well cost of DG Khan -1 and Tarnol -1 charged to P&L.

Non-Current Liabilities:

Provision for decommissioning costs increased by Rs 6,967 million mainly due to high exchange loss and unwinding cost, this increase is offset by decrease in provision for deferred income tax by Rs 1,177 million.

Analysis of variation in interim results as compared to full year results

Production volumes showed decreasing trend during the year. This decrease in production was mainly due to Tal block.

Crude oil price showed decreasing trend during the year. Gas price showed increasing trend except Q2 due to lower exchange rate and POLGAS price showed mixed trend, decrease in Q2 and Q4 and increase in Q-3.

Net Sales increased by 17% due to increase in prices and higher exchange rate during the year. Cost of sales, exploration cost, other charges and taxation were also increased during the period. Other income also increased by 131% due to higher mark-up rates and exchange gain on foreign currency balances. Profit after tax Rs 36,453 million (2022: Rs 25,935 million).

“

Profit after tax increased by 40.55% to Rs 36,453 million mainly due to higher sales and other income.

Independent Auditor's Review Report

To the Members of Pakistan Oilfields Limited

Review Report on the Statement of Compliance Contained in Listed Companies
(Code of Corporate Governance) Regulations, 2019

We have reviewed the enclosed Statement of Compliance with the Listed Companies (Code of Corporate Governance) Regulations, 2019 (the Regulations) prepared by the Board of Directors of Pakistan Oilfields Limited (the Company) for the year ended June 30, 2023 in accordance with the requirements of regulation 36 of the Regulations.

The responsibility for compliance with the Regulations is that of the Board of Directors of the Company. Our responsibility is to review whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Regulations and report if it does not and to highlight any non-compliance with the requirements of the Regulations. A review is limited primarily to inquiries of the Company's personnel and review of various documents prepared by the Company to comply with the Regulations.

As a part of our audit of the financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

The Regulations require the Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval, its related party transactions. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with the requirements contained in the Regulations as applicable to the Company for the year ended June 30, 2023.

Further, we highlight content of paragraph 1 of the statement where the matter of representation of female director on the Board of Directors of the Company has been explained.

Statement of Compliance with Listed Companies (Code of Corporate Governance) Regulations, 2019

For the year ended June 30, 2023

The Company has complied with the requirements of the regulations in the following manners:

1. The total number of directors are seven as per the following, -

- a. Male: 7
- b. Female: None

The regulation related to representation of female director on the Board is not yet applicable as the manner and terms and conditions are not specified by the Securities and Exchange Commission of Pakistan at the time of election of Directors of the Company.

2. The composition of the Board is as follows:

Category	Names
i. Independent Directors ***	Mr. Shamim Ahmad Khan Mr. Agha Sher Shah
ii. Other Non-Executive Directors	Mr. Laith G. Pharaon * Mr. Wael G. Pharaon** Mr. Abdus Sattar
iii. Executive Directors	Mr. Shuaib A. Malik Mr. Sajid Nawaz

* Alternate Director Mr. Shuaib A. Malik, Chairman & Chief Executive Pakistan Oilfields Limited

** Alternate Director Mr. Babar Bashir Nawaz

*** Best practices of corporate governance entail having an optimal number and mix of board members with adequate skills and experience. The current Board of Directors of the Company adequately meets this requirement. Further, existing independent directors play an effective part within the Board and make valuable contribution. Therefore, the fraction (2.3) has not been rounded up.

3. The directors have confirmed that none of them is serving as a director on more than seven listed companies, including this company;
4. The company has prepared a "Code of Conduct" and has ensured that appropriate steps have been taken to disseminate it throughout the Company along with its supporting policies and procedures;

5. The Board has developed a vision/mission statement, overall corporate strategy and significant policies of the Company. The Board has ensured that complete record of particulars of significant policies along with their date of approval or updating is maintained by the Company;
6. All the powers of the Board have been duly exercised and decisions on relevant matters have been taken by the Board/shareholders as empowered by the relevant provisions of the Act and these Regulations;
7. The meetings of the Board were presided over by the Chairman. The Board has complied with the requirements of the Act and the Regulations with respect to frequency, recording and circulating minutes of meeting of the Board;
8. The Board has a formal policy and transparent procedures for remuneration of directors in accordance with the Act and these Regulations;
9. Out of seven directors, five directors meet the exemption requirement of the Directors' Training Program and two directors have obtained the Directors' Training Program certification in prior years;
10. The Board has approved appointment of Chief Financial Officer, Company Secretary and Head of Internal Audit, including their remuneration and terms and conditions of employment and complied with relevant requirements of the Regulations. The Company Secretary and Chief Financial Officer is the same person, however, duties of both positions are distinct and clearly spelled out. Since long both these positions are handled by one person who has in-depth knowledge required by both positions and the Company is very much satisfied. Further, it has less financial burden on the Company.

Statement of Compliance with Listed Companies (Code of Corporate Governance) Regulations, 2019

For the year ended June 30, 2023

11. Chief Financial Officer and Chief Executive Officer duly endorsed the financial statements before approval of the Board;
12. The Board has formed committees comprising of members given below:

a) Audit Committee

Name	Role
Mr. Shamim Ahmad Khan	Chairman
Mr. Abdus Sattar	Member
Mr. Babar Bashir Nawaz	Member
Mr. Agha Sher Shah	Member

b) HR and Remuneration Committee

Name	Role
Mr. Babar Bashir Nawaz	Chairman *
Mr. Shuaib A. Malik	Member
Mr. Abdus Sattar	Member

* Chairman of HR & Remuneration Committee is a non-executive director having vast experience of management and the Board considers him the most suitable for this position who has the required knowledge and experience.

A constitutional petition filed by the Company is currently pending in the Sindh High Court challenging compliance with below mentioned requirements and to declare that the impugned provisions, namely Section 166, proviso to Section 154 of the Companies Act 2017; Regulations 6,7,9,16,28 and 29 of the Listed Companies (Code of Corporate Governance) Regulations, 2017 [which are now replaced by Regulation 6, 7, 9, 27, 28 (Regulation 16 of 2017 Regulations deleted) of the Listed Companies (Code of Corporate Governance) Regulations, 2019]; S.R.O 556(i)/2018; and S.R.O 73(i)/2018 relating to appointment of independent directors on the Board of Directors, appointment of independent director as Chairman of the Audit Committee and HR & Remuneration Committee, appointment of female director on the Board and appointment of separate persons as Chairman of the Board and Chief Executive of the Company are illegal and unconstitutional

and to strike them down; and to further declare that shareholders are lawfully entitled to elect Directors and to elect a Chairman of the Board of Directors without reference to the impugned provisions. The law officer of Securities and Exchange Commission of Pakistan has undertaken that no action contrary to the law would be taken against the Company.

The Chairman and Chief Executive is the same person. The duties of both positions are distinct and clearly spelled out. These positions are handled by one person since long who is managing the affairs of the Company successfully. He has exhaustive knowledge and experience of the Company's business and the Board is very much satisfied and considers him the most suitable person for these positions.

The Board itself has constituted Audit Committee and HR & Remuneration Committee and also feels that there is no need to have separate Nomination Committee.

The Board itself and through its Audit Committee continuously reviews business risks facing the Company to ensure that a sound system of risk identification, risk management and implementation of related systemic and internal controls exists. Major risks and mitigating factors are also published in annual report of the Company. The Board feels that there is no need to have separate Risk Management Committee.

13. The terms of reference of the aforesaid committees have been formed, documented and advised to the committee for compliance.
14. The frequency of meetings (quarterly/half yearly/ yearly) of the committee were as per following:

Committee	Frequency
Audit Committee	Quarterly
HR and Remuneration Committee	Yearly

15. The Board has set up an effective internal audit function.
16. The statutory auditors of the company have confirmed that they have been given a satisfactory rating under the Quality Control Review program of the Institute of Chartered Accountants of Pakistan and registered with Audit Oversight Board of Pakistan, that they and all their partners are in compliance with International Federation of Accountants (IFAC) guidelines on code of ethics as adopted by the Institute of Chartered Accountants of Pakistan and that they and the partners of the firm involved in the audit are not a close relative (spouse, parent, dependent and non-dependent children) of the chief executive officer, chief financial officer, head of internal audit, company secretary or director of the Company;
17. The statutory auditors or the persons associated with them have not been appointed to provide other services except in accordance with the Act, these Regulations or any other regulatory requirement and the auditors have confirmed that they have observed IFAC guidelines in this regard.
18. We confirm that all requirements of regulations 3, 6, 7, 8, 27, 32, 33 and 36 of the Regulations have been complied with. Also refer paragraph 1 of the Statement.
19. Explanation for non-compliance with requirements, other than regulations 3, 6, 7, 8, 27, 32, 33 and 36 of the Regulations have been given in paragraph 10 & 12.

In our opinion and to the best of our information and according to the explanations given to us, the statement of financial position, statement of profit or loss, the statement of profit or loss and other comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at June 30, 2023 and of the profit and other comprehensive income, the changes in equity and its cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following are the key audit matters:

S.No.	Key Audit Matters	How the matter was addressed in our audit
(i)	<p>Analysis of impairment of development and decommissioning costs and exploration and evaluation assets</p> <p><i>(Refer note 4.13, 14 and 15 to the financial statements)</i></p> <p>As at June 30, 2023, the development and decommissioning costs amounted to Rs 7,825 million and exploration and evaluation assets amounted to Rs 1,761 million.</p> <p>The Company assesses at the end of each reporting period whether there is any indication that a Cash Generating Unit (CGU) may be impaired.</p> <p>Where impairment indicator is triggered for any CGU, an impairment test is performed by the management based on estimates of the value in use of that CGU.</p> <p>The calculation of value in use of development and decommissioning costs requires the exercise of significant management's estimates and judgements on certain assumptions such as (i) estimation of the volume of oil and gas recoverable reserves; (ii) estimation of future oil and gas prices; (iii) cost profiles and inflation applied; (iv) foreign exchange rates; and (v) discount rates.</p> <p>We considered this matter as key audit matter due to significant value of the related assets at reporting date and due to significance of judgements used by management.</p>	<p>Our audit procedures in relation to management's impairment test, amongst others, included the following:</p> <ul style="list-style-type: none"> Assessed the methodology used by management to estimate value in use of each CGU; Assessed the assumptions of cash flow projections in calculation of the value in use of CGUs, challenging the reasonableness of key assumptions i.e. oil and gas reserves, oil and gas prices, production costs, foreign exchange rates and discount rates based on our knowledge of the business and industry by comparing the assumptions to historical results, and published market and industry data; Assessed the impairment indicators as per IFRS 6 "Exploration for and Evaluation of Mineral Resources" for material balances included in exploration and evaluation assets; Performed sensitivity analysis in consideration of the potential impact of reasonably possible downside changes in assumptions relating to oil and gas prices, discount rate and other assumptions and; Assessed the appropriateness of disclosures made in the financial statements.
(ii)	<p>Investment in associated company</p> <p><i>(Refer note 4.14 and 16 to the financial statements)</i></p> <p>The Company has investment in its associated company National Refinery Limited (NRL). As at June 30, 2023, the carrying amount of investment in above referred associated company amounted to Rs 8,047 million which carrying value is higher by Rs 5,048 million in relation to the quoted market value of such shares. The Company carries out impairment assessment, at each reporting period end, of the value of investment where there are indicators of impairment.</p>	<p>Our audit procedures in relation to assessment of carrying value of investment in associated company, amongst others, included the following:</p> <ul style="list-style-type: none"> Assessed the appropriateness of management's accounting for investment in associated company; Understood management's process for identifying the existence of impairment indicators in respect of investment in associated company; Evaluated the independent external investment advisor's competence, capabilities and objectivity; Made inquiries of the independent external investment advisor and assessed the valuation methodology used;

S.No.	Key Audit Matters	How the matter was addressed in our audit
	<p>The Company has assessed the recoverable amount of the investment in associated company based on the higher of the Value-In-Use ("VIU") and fair value (quoted market price as at June 30, 2023). VIU is based on a valuation analysis carried out by an independent external investment advisor engaged by the Company using a discounted cash flow model which involves estimation of future cash flows. This estimation is inherently uncertain and requires significant judgement on both future cash flows and the discount rate applied to the future cash flows.</p> <p>In view of significant management judgement involved in the estimation of VIU, we consider this as a key audit matter.</p>	<ul style="list-style-type: none"> • Checked, on sample basis the reasonableness of the input data provided by the management to the independent external investment advisor, to supporting evidence; • Assessed the reasonableness of cash flow projections, challenging and performing audit procedures on assumptions such as growth rate, future revenue and costs, terminal growth rate and discount rate by comparing the assumptions to historical results, budgets and comparing the current year's results with prior year forecast and other relevant information; • Checked mathematical accuracy of cash flows projection; • Performed independently a sensitivity analysis in consideration of the potential impact of reasonably possible upside or downside changes in key assumptions; • Checked quoted price of investment in NRL as of June 30, 2023 with publicly available stock exchange data; and • Assessed the appropriateness of the Company's disclosures in the financial statements in this respect.
(iii)	<p>Recognition of Revenue</p> <p><i>(Refer note 4.24 and 25 to the financial statements)</i></p> <p>The Company is engaged in the production and sale of oil and gas resources.</p> <p>The Company recognised net sales during the year from the sale of crude oil, gas and POLGAS – Refill of cylinders amounting to Rs 33,564 million, Rs 15,841 million and Rs 11,029 million respectively.</p> <p>Revenue is recognised when control of the products has transferred, being when the products are delivered to the customer, and there is no unfulfilled obligation that could affect the customer's acceptance of the product. Revenue is measured at the fair value of the consideration to which the Company expects to be entitled in exchange for transferring good / services. Effect of adjustments, if any, arising from revision in sale prices is reflected as and when the prices are finalised with the customers and / or approved by Government of Pakistan.</p>	<p>Our audit procedures in relation to the matter, amongst others, included the following:</p> <ul style="list-style-type: none"> • Assessed the design, implementation and operating effectiveness of the relevant key internal controls over revenue recognition from the sale of products; • Performed test of details on sample basis for sales transactions by inspecting respective invoices, delivery challans and acknowledgement of customers; • Checked on sample basis, notifications of OGRA for gas and POLGAS prices. For POLGAS, also checked on sample basis Company's mechanism for the calculation of price based on OGRA's notification. Performed, on; a sample basis, recalculation of crude oil and gas prices in accordance with applicable petroleum policies / agreements / decision of Economic Coordination Committee of the Cabinet;

S.No.	Key Audit Matters	How the matter was addressed in our audit
	<p>We considered this as key audit matter due to the significance of the amounts requiring significant time and resource to audit due to magnitude, inherent risk of material misstatement and revenue being a key economic indicator of the Company.</p>	<ul style="list-style-type: none"> Where pricing is provisional / sales agreement not finalised, (a) inspected correspondence with the customers and relevant government authorities during the year and held discussions with the Company; (b) inspected term sheets etc; and (c) checked price recorded is in line with applicable petroleum policy / agreed with the customers; Assessed sales transactions on either side of the statement of financial position date to assess whether they are recorded in relevant accounting period; Performed analytical procedures to analyse variation in the price and quantity sold during the year; Tested journal entries related to revenue recognized during the year based on identified risk criteria; and Assessed the appropriateness of disclosures made in the financial statements.
(iv)	<p>Litigation with respect to conversion of TAL Block petroleum concession to Petroleum Policy 2012</p> <p><i>(Refer note 25.1 to the financial statements)</i></p> <p>The Ministry of Energy (Petroleum Division) issued a notification dated December 27, 2017 (SRO) which required that the Supplemental Agreement already executed in respect of TAL block for conversion of petroleum concession from Petroleum Exploration and Production Policy 1997 to Petroleum Exploration and Production Policy 2012 shall be amended (within 90 days) to include Windfall Levy on Oil and Condensate (WLO), failing which the working interest owners will not remain eligible for gas price incentive as per Petroleum Policy 2012. The impugned notification was issued after the approval of Council of Common Interest (CCI) dated November 24, 2017.</p> <p>The Company challenged the said notification in the Islamabad High Court and the matter is pending before the Court in principle on the ground that an already executed arrangement cannot be retrospectively altered unilaterally. The Honourable Court has restrained the Government for any action under the impugned notification and to maintain status quo. Company's contention is duly supported by the legal advice on the matter.</p>	<p>Our audit procedures in relation to the matter, amongst others, included the following:</p> <ul style="list-style-type: none"> Inspected Petroleum Concession Agreement (PCA) and Supplemental Agreements signed with the Government of Pakistan; Checked SRO issued by the Ministry of Energy; Checked relevant clauses of Petroleum Exploration & Production Policy 2012 for applicability of WLO; Discussed the matter with directors, management and internal legal department of the Company; Obtained confirmation from the Company's external legal advisor and checked legal opinion obtained by the Company and the order issued by the Islamabad High Court; Evaluated technical ability of the internal and external legal advisors used by the Company; Assessed the matter under applicable accounting frame work; and Assessed the appropriateness of disclosures made in the financial statements in respect of this matter.

S.No.	Key Audit Matters	How the matter was addressed in our audit
	<p>The supplemental agreement was signed under the conversion package where gas price was enhanced and WLO was not applicable. The impugned SRO, by giving retrospective effect, amounted to taking away the vested rights already accrued in favour of the Company. As per the legal opinion Government has no authority to give any law or policy a retrospective effect.</p> <p>The Company has not recognised the revenue (net of sales tax) to the extent of Rs 25,266 million since inception to June 30, 2023 on account of enhanced gas price incentive due to conversion from Petroleum Policy 1997 to Petroleum Policy 2012 and will be accounted for upon resolution of this matter.</p> <p>We considered this as key audit matter due to the significant amounts involved and significant judgments made by management regarding the matter.</p>	

Information Other than the Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Act, 2017(XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the board of directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the board of directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion:

- (a) proper books of account have been kept by the Company as required by the Companies Act, 2017 (XIX of 2017);
- (b) the statement of financial position, the statement of profit or loss, the statement of profit or loss and other comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes thereon have been drawn up in conformity with the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account and returns;
- (c) investments made, expenditure incurred and guarantees extended during the year were for the purpose of the Company's business; and
- (d) zakat deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980), was deducted by the Company and deposited in the Central Zakat Fund established under section 7 of that Ordinance.

The engagement partner on the audit resulting in this independent auditor's report is Asim Masood Iqbal.

Notes to and Forming Part of the Financial Statements

For the year ended June 30, 2023

1. LEGAL STATUS AND OPERATIONS

Pakistan Oilfields Limited (the Company) is incorporated in Pakistan as a public limited company and its shares are quoted on Pakistan Stock Exchange Limited. The registered office of the Company is situated at Morgah, Rawalpindi. The Company is principally engaged in exploration, drilling and production of crude oil and gas in Pakistan. Its activities also include marketing of liquefied petroleum gas under the brand name POLGAS and transmission of petroleum. The Company is a subsidiary of The Attock Oil Company Limited, UK and its ultimate parent is Coral Holding Limited.

Geographical location and addresses of all other business units of the Company have been disclosed in note 44.

2. STATEMENT OF COMPLIANCE

These are separate financial statements of the Company. These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017; and
- Provisions of and directives issued under the Companies Act, 2017.

Where provisions of and directives issued under the Companies Act, 2017 differ from the IFRS, the provisions of and directives issued under the Companies Act, 2017 have been followed.

3. CHANGES IN ACCOUNTING STANDARDS, INTERPRETATIONS AND PRONOUNCEMENTS

3.1 Standards, amendments and interpretations to existing standards that are not yet effective and have not been early adopted by the Company:

		Effective date (annual reporting periods beginning on or after)
IAS 1	Presentation of Financial Statements (Amendments)	January 1, 2023 & January 1, 2024
IAS 8	Accounting Policies, Changes in Accounting Estimates and Errors (Amendments)	January 1, 2023
IAS 12	Income Taxes (Amendments)	January 1, 2023
IFRS 4	Insurance Contracts (Amendments)	January 1, 2023
IFRS 16	Leases (Amendments)	January 1, 2024
IAS 7	Statement of Cash Flows (Amendments)	January 1, 2024
IFRS 7	Financial Instruments: Disclosures (Amendments)	January 1, 2024

3.2 The management anticipates that the adoption of the above standards, amendments and interpretations in future periods, will have no material impact on the financial statements other than the impact on presentation / disclosures.

Further, the following standards and interpretations have been issued by the International Accounting Standards Board (IASB), which are yet to be notified or has been waived off by the Securities and Exchange Commission of Pakistan (SECP), for the purpose of their applicability in Pakistan:

- IFRS 1 (First Time Adoption of International Financial Reporting Standards)
- IFRS 17 (Insurance Contracts)
- IFRIC 12 (Service concession arrangements)

3.3 The Securities and Exchange Commission of Pakistan (SECP) through S.R.O. 67 (I)/2023 dated January 20, 2023, in partial modification of its previous S.R.O. 985(1)/2019 and S.R.O 1177 (I)/2021 dated September 2, 2019 and September 13, 2021 respectively, has notified that in respect of companies holding financial assets due from the Government of Pakistan (GoP) in respect of circular debt, the requirements contained in IFRS 9 with respect to application of expected credit loss (ECL) model shall not be applicable till December 31, 2024, provided that such companies shall follow relevant requirements of IAS 39 'Financial Instruments: Recognition and Measurement' in respect of above referred financial assets during the exemption period. The Company has assessed that the above does not have any significant impact on its financial statements.

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

4.1 Basis of measurement

These financial statements have been prepared under the historical cost convention except as otherwise disclosed in the respective accounting policy notes.

4.2 Operating segments

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker. The chief operating decision-maker, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the Board of Directors that makes strategic decisions. The management has determined that the Company has a single reportable segment as the Board of Directors views the Company's operations as one reportable segment.

4.3 Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Company operates. The financial statements are presented in Pakistan Rupees, which is the Company's functional currency.

4.4 Foreign currency transactions and translation

Transactions in foreign currencies are recorded at the rates of exchange ruling on the date of transaction. All monetary assets and liabilities in foreign currencies are translated into rupees at the rates of exchange ruling on the date of the statement of financial position. Exchange differences are dealt with through the statement of profit or loss.

4.5 Taxation

Provision for current taxation is based on taxable income at applicable tax rates, adjusted for royalty payments to the Government.

Notes to and Forming Part of the Financial Statements

For the year ended June 30, 2023

Deferred tax is accounted for on all temporary differences using the liability method. Deferred tax liability has been calculated at the estimated effective rate of 36% (2022: 32%) after taking into account availability of future depletion allowance and set off available in respect of royalty payments to the Government.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

4.6 Provisions

Provisions are recognized when the Company has a legal or constructive obligation as a result of past events and when it is probable that an outflow of resources will be required to settle the obligation and a reliable estimate of the amount can be made.

4.7 Provision for decommissioning costs

Provision for decommissioning costs is recognized in full for development wells and production facilities. The amount recognized is the present value of the estimated cost to abandon a well and remove production facilities. A corresponding intangible asset of an amount equivalent to the provision is also created and is amortized on unit of production basis over the total proved developed reserves of the field or @ 5% where the life of a field is more than 20 years.

Most of these abandonment and removal events are many years in the future and the precise requirements that will have to be met when the abandonment and removal event actually occurs are uncertain. Abandonment and asset removal technologies and costs are constantly changing, as are political, environmental, safety and public expectations. Consequently, the timing and amount of future cash flows are subject to significant uncertainty.

The timing and amount of future expenditures are reviewed annually, together with the interest rate to be used in discounting the cash flows. Any difference between the liability recognized and actual costs incurred are charged/credited to statement of profit or loss in the year of decommissioning.

The effect of changes resulting from revisions to the estimate of the liability are incorporated on a prospective basis.

The decommissioning cost has been discounted at a real discount rate of 2.15% (2022: 1.00%) per annum.

4.8 Employee compensated absences

The Company provides for compensated absences for all eligible employees in accordance with the rules of the Company.

4.9 Staff retirement benefits

The Company operates the following staff retirement benefits plans:

- (i) A pension plan for its management staff and a gratuity plan for its management and non-management staff. The pension and gratuity plans are invested through approved trust funds. Both are defined benefit final salary plans. The pension and gratuity plans are complementary plans for management staff. Pension payable to management staff is reduced by an amount determined by the actuary equivalent to amount paid by the gratuity fund. Management staff hired after January 1, 2012 are only entitled to benefits under gratuity fund. Actuarial valuations are conducted annually using the "Projected Unit Credit Method" and the latest valuation was conducted as at June 30, 2023.

Actuarial gain and losses arising from experience adjustments and change in actuarial assumptions are charged or credited to equity in other comprehensive income in the period in which they arise.

Past service costs are recognized immediately in statement of profit or loss.

Since both are complementary plans, combined details and valuation for pension plan and gratuity plan are given in note 38.

- (ii) Separate approved contributory provident funds for management and non-management employees for which contributions are made by the Company and the employee at the rate of 10% of basic salary. Charge included in these financial statements is Rs 38,900 thousand (2022: Rs 31,779 thousand).

4.10 Trade and other payables

Liabilities for trade and other payables are carried at cost which is the fair value of the consideration to be paid in future for goods and services received. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period.

4.11 Contingent liabilities

A contingent liability is disclosed when the Company has a possible obligation as a result of past events, whose existence will be confirmed only by the occurrence or non-occurrence, of one or more uncertain future events not wholly within the control of the Company; or the Company has a present legal or constructive obligation that arises from past events, but it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation, or the amount of the obligation cannot be measured with sufficient reliability.

4.12 Property, plant and equipment

Property, plant and equipment are stated at cost less accumulated depreciation and impairment losses except for freehold land and capital work in progress, which are stated at cost less accumulated impairment losses (if any).

Depreciation is provided on straight line method at rates specified in note 13.1 to the financial statements. Depreciation is charged on additions from the month the assets become available for the intended use up to the month in which these are derecognized. The useful lives, residual values and depreciation method are reviewed on a regular basis. The effect of any changes in estimate is accounted for on a prospective basis.

Maintenance and normal repairs are charged to income as and when incurred. Major renewals and improvements are capitalized and the assets so replaced, if any, are retired.

Gains and losses on disposal of an item of property, plant and equipment are determined by comparing the proceeds from disposal with the carrying amount of property, plant and equipment, and are recognized net within "other income" in the statement of profit or loss.

4.13 Exploration assets / costs and development costs

- 4.13.1** Exploration and development costs are accounted for using the "Successful Efforts Method" of accounting.

Notes to and Forming Part of the Financial Statements

For the year ended June 30, 2023

4.13.2 Exploration costs

All exploration costs, other than those relating to exploratory drilling, are charged to income as incurred. Exploratory drilling costs i.e. costs directly associated with drilling of an exploratory well, are initially capitalized pending determination of proven reserves. These costs are either charged to income if no proved reserves are found or transferred to development costs after impairment loss, if proved reserves are found.

All capitalized costs are subject to review for impairment at least once a year and any impairment determined is immediately charged to income.

4.13.3 Development costs

Development costs are stated at cost less accumulated amortization and impairment losses. Expenditure on drilling of development wells, including unsuccessful development wells, is capitalized within development costs. Capitalized development costs are amortized on a unit of production basis over the total proved developed reserves of the field or @ 5% per annum where the life of the field is more than 20 years.

4.14 Investments in subsidiary and associated companies

These are carried at cost less impairment losses. The profits and losses of the subsidiary and associated companies are carried forward in the financial statements of the subsidiary and associated companies and not dealt within or for the purpose of these financial statements except to the extent of dividend declared by the subsidiary and associated companies. Gain and loss on disposal of investment is included in income currently.

4.15 Stores and spares

Stores and spares are valued at cost determined on moving average formula less allowance for obsolete items. Stores in transit are stated at invoice value plus other charges paid thereon.

4.16 Stock in trade

Stocks are valued at the lower of average annual cost (including appropriate production overheads) and net realizable value. Net realizable value is determined on the basis of estimated selling price of the product in the ordinary course of business less costs necessary to be incurred for its sale.

4.17 Impairment of non-financial assets

Assets that have an indefinite useful life, for example land, are not subject to depreciation and are tested annually for impairment. Assets that are subject to depreciation are reviewed for impairment at each statement of financial position date, or wherever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognized for the amount for which the asset's carrying amount exceeds its recoverable amount. An asset's recoverable amount is the higher of its fair value less costs to sell and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows. Non-financial assets that suffered an impairment are reviewed for possible reversal of the impairment at each statement of financial position date. Reversals of the impairment loss are restricted to the extent that asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no new impairment loss had been recognized. An impairment loss or reversal of impairment loss is recognized in income for the year.

4.18 Trade debts and other receivables

Trade receivables are amounts due from customers for services performed in the ordinary course of business. If collection is expected in one year or less, they are classified as current assets. If not, they are presented as non-current assets.

Trade receivables are recognised initially at the amount of consideration that is unconditional, unless they contain significant financing components when they are recognised at fair value. They are subsequently measured at amortised cost using the effective interest rate method, less loss allowance.

Other receivables are recognised at cost, which is the fair value of the consideration given.

Refer note 4.21 for a description of the Company's impairment policies.

4.19 Financial instruments

Financial assets and financial liabilities are recognised in the statement of financial position when the Company becomes a party to the contractual provisions of the instrument. All the financial assets are derecognized at the time when the Company loses control of the contractual rights that comprise the financial assets. All financial liabilities are derecognized at the time when they are extinguished that is, when the obligation specified in the contract is discharged, cancelled, or expired. Any gains or losses on de-recognition of the financial assets and financial liabilities are taken to the statement of profit or loss.

4.20 Financial assets

Classification

The Company classifies its financial assets in the following measurement categories:

- (i) Amortised cost where the effective interest rate method will apply;
- (ii) Fair value through profit or loss (FVTPL); and
- (iii) Fair value through other comprehensive income (FVTOCI)

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income (OCI). For investments in equity instruments that are not held for trading, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income (FVTOCI).

The Company reclassifies debt investments when and only when its business model for managing those assets changes.

Notes to and Forming Part of the Financial Statements

For the year ended June 30, 2023

Recognition and derecognition

Regular way purchases and sales of financial assets are recognised on trade-date, the date on which the Company commits to purchase or sell the asset. Further, financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Company has transferred substantially all the risks and rewards of ownership.

Measurement

At initial recognition, the Company measures a financial asset at its fair value plus, in the case of a financial asset not at FVTPL, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at FVTPL are expensed in statement of profit or loss.

Debt instruments

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Company can classify its debt instruments:

a) Amortised cost

Financial assets that are held for collection of contractual cash flows where the contractual terms of the financial assets give rise on specified dates to cash flows that represent solely payments of principal and interest, are measured at amortised cost. Interest income from these financial assets is included in other income using the effective interest rate method. Any gain or loss arising on derecognition is recognised directly in profit or loss and presented in other income together with foreign exchange gains and losses. Impairment losses are presented as separate line item in the statement of profit or loss.

b) Fair value through other comprehensive income (FVTOCI)

Assets that are held for collection of contractual cash flows and for selling the financial assets, where the contractual terms of the financial asset give rise on specified dates to cash flows that represent solely payments of principal and interest, are measured at FVTOCI. Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses and interest revenue, and foreign exchange gains and losses which are recognised in profit or loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to statement of profit or loss and recognised in other income. Interest income from these financial assets is included in other income using the effective interest rate method. Foreign exchange gains and losses are presented in other income and impairment expenses are presented as separate line item in the statement of profit or loss.

c) Fair value through profit or loss (FVTPL)

Assets that do not meet the criteria for amortised cost or FVTOCI are measured at FVTPL. A gain or loss on a debt investment that is subsequently measured at FVTPL is recognised in profit or loss and presented net within other income in the period in which it arises.

Equity instruments

The Company subsequently measures all equity investments at fair value. Where the Company's management has elected to present fair value gains and losses on equity investments in OCI, there is no subsequent reclassification of fair value gains and losses to profit or loss following the derecognition of the investment. Dividends from such investments continue to be recognised in profit or loss as other income when the Company's right to receive payments is established.

Changes in the fair value of financial assets at FVTPL are recognised in statement of profit or loss.

4.21 Impairment of financial assets

The Company assesses on a historical as well as on a forward looking basis the expected credit losses (ECL) as associated with its trade debts, deposits and other receivables and cash and bank balances carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk. For trade debts, the Company applies IFRS 9 simplified approach to measure the expected credit losses (loss allowance) which uses a lifetime expected loss allowance while general 3-stage approach for deposits and other receivables and cash and bank balances i.e to measure ECL through loss allowance at an amount equal to 12-month ECL if credit risk on a financial instrument or a group of financial instruments has not increased significantly since initial recognition.

Following are financial instruments that are subject to the ECL model:

- Trade debts
- Advances, deposits and other receivables
- Cash and bank balances
- Short term investments

(i) Simplified approach for trade debts

The Company recognises lifetime ECL on trade debts, using the simplified approach. The measurement of ECL reflects:

- an unbiased and probability-weighted amount that is determined by evaluating a range of possible outcomes;
- reasonable and supportable information that is available at the reporting date about past events, current conditions and forecasts of future economic conditions.

Trade debts with individually significant balance are separately assessed for ECL measurement. All other receivables are grouped and assessed collectively based on shared credit risk characteristics and the days past due. The expected credit losses on these financial assets are estimated based on the Company's historical credit loss experience, adjusted for factors that are specific to the debtors, general economic conditions and an assessment of both the current as well as the forecast direction of conditions at the reporting date, including time value of money where appropriate.

Notes to and Forming Part of the Financial Statements

For the year ended June 30, 2023

Where lifetime ECL is measured on a collective basis to cater for cases where evidence of significant increases in credit risk at the individual instrument level may not yet be available, the financial instruments are grouped on the following basis:

- Nature of financial instruments;
- Past-due status;
- Nature, size and industry of debtors; and
- External credit ratings where available.

The grouping is regularly reviewed by management to ensure that constituents of each group continue to share similar credit risk characteristics.

Recognition of loss allowance

The Company recognizes an impairment gain or loss in the statement of profit or loss for all financial instruments with a corresponding adjustment to their carrying amount through a loss allowance account, except for investments in debt instruments that are measured at FVTOCI, for which the loss allowance is recognised in other comprehensive income and accumulated in the investment revaluation reserve, and does not reduce the carrying amount of the financial asset in the statement of financial position.

Write-off

The Company writes off financial assets, in whole or in part, when it has exhausted all practical recovery efforts and has concluded that there is no reasonable expectation of recovery. The assessment of no reasonable expectation of recovery is based on unavailability of debtor's sources of income or assets to generate sufficient future cash flows to repay the amount.

The Company may write-off financial assets that are still subject to enforcement activity. Subsequent recoveries of amounts previously written off will result in impairment gains.

(ii) General approach for short term investments, deposits and other receivables and cash and bank balances.

The measurement of expected credit losses is a function of the probability of default, loss given default (i.e. the magnitude of the loss if there is a default) and the exposure at default. The assessment of the probability of default and loss given default is based on historical data adjusted by forward-looking information (adjusted for factors that are specific to the counterparty, general economic conditions and an assessment of both the current as well as the forecast direction of conditions at the reporting date, including time value of money where appropriate). As for the exposure at default for financial assets, this is represented by the assets' gross carrying amount at the reporting date. Loss allowances are forward looking, based on 12 month expected credit losses where there has not been a significant increase in credit risk rating, otherwise allowances are based on lifetime expected losses.

Expected credit losses are a probability weighted estimate of credit losses. The probability is determined by the risk of default which is applied to the cash flow estimates. In the absence of a change in credit rating, allowances are recognised when there is reduction in the net present value of expected cash flows. On a significant increase in credit risk, allowances are recognised without a change in the expected cash flows, although typically expected cash flows do also change; and expected credit losses are rebased from 12 month to lifetime expectations.

Significant increase in credit risk

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. To assess whether there is a significant increase in credit risk, the Company compares the risk of a default occurring on the instrument as at the reporting date with the risk of default as at the date of initial recognition. It considers available reasonable and supportable forward-looking information.

The following indicators are considered while assessing credit risk

- actual or expected significant adverse changes in business, financial or economic conditions that are expected to cause a significant change to the debtor's ability to meet its obligations;
- actual or expected significant changes in the operating results of the debtor;
- significant increase in credit risk on other financial instruments of the same debtor; and
- significant changes in the value of the collateral supporting the obligation or in the quality of third-party guarantees, if applicable.

Definition of default

The Company considers the following as constituting an event of default for internal credit risk management purposes as historical experience indicates that receivables that meet either of the following criteria are generally not recoverable.

- when there is a breach of financial covenants by the counterparty; or
- information developed internally or obtained from external sources indicates that the debtor is unlikely to pay its creditors, including the Company, in full (without taking into account any collaterals held by the Company).

Irrespective of the above analysis, in case of trade debts, the Company considers that default has occurred when the debt is more than 365 days past due, unless the Company has reasonable and supportable information to demonstrate that a more lagging default criterion is more appropriate.

Credit - impaired financial assets

A financial asset is credit-impaired when one or more events that have a detrimental impact on the estimated future cash flows of that financial asset have occurred. Evidence that a financial asset is credit-impaired includes observable data about the following events:

- significant financial difficulty of the issuer or the borrower;
- a breach of contract, such as a default or past due event;

Notes to and Forming Part of the Financial Statements

For the year ended June 30, 2023

- the lender(s) of the borrower, for economic or contractual reasons relating to the borrower's financial difficulty, having granted to the borrower a concession(s) that the lender(s) would not otherwise consider;
- it is becoming probable that the borrower will enter bankruptcy or other financial reorganisation; or
- The disappearance of an active market for that financial asset because of financial difficulties.

4.22 Financial Liabilities

Classification, initial recognition and subsequent measurement

Financial liabilities are classified in the following categories:

- fair value through profit or loss; and
- other financial liabilities.

The Company determines the classification of its financial liabilities at initial recognition. All financial liabilities are recognized initially at fair value and, in case of other financial liabilities also include directly attributable transaction costs. The subsequent measurement of financial liabilities depends on their classification, as follows:

a) Fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held-for-trading and financial liabilities designated upon initial recognition as being at fair value through profit or loss. The Company has not designated any financial liability upon recognition as being at fair value through profit or loss.

b) Other financial liabilities

After initial recognition, other financial liabilities which are interest bearing subsequently measured at amortized cost, using the effective interest rate method. Gains and losses are recognized in profit or loss for the year, when the liabilities are derecognized as well as through effective interest rate amortisation process.

Derecognition of financial liabilities

The Company derecognises financial liabilities when and only when the Company's obligations are discharged, cancelled or they expire.

4.23 Offsetting

Financial assets and liabilities are offset and the net amount is reported in the statement of financial position if the Company has a legally enforceable right to set-off the recognized amounts and there is an intention to settle on a net basis, or realize the asset and settle the liability simultaneously.

4.24 Revenue recognition

Revenue is recognised when control of the products has transferred, being when the products are delivered to the customer, and there is no unfulfilled obligation that could affect the customer's acceptance of the product. Revenue is recognised as follows:

- a) crude oil, upon delivery to customer;
- b) natural gas, upon delivery to the customer; and
- c) Liquefied Petroleum Gas (LPG), upon delivery to distributors at LPG plant facility.

Revenue is measured at the fair value of the consideration to which the Company expects to be entitled in exchange for transferring goods/services. Prices of crude oil and gas are calculated in accordance with Petroleum Concession Agreements / Petroleum Policy / or as notified by the Government Authorities. Effect of adjustment, if any, arising from revision in sale price is reflected as and when the prices are finalized with the customers and/or approved by the Government.

Billings are generally raised in the following month which are payable within 30 to 45 days in accordance with the contractual arrangement with customers.

4.25 Other Income

Income on investments at amortised costs and bank deposits is recognized on time proportion basis using the effective yield method.

Dividend income is recognized when the right to receive dividend is established.

4.26 Joint arrangements

Investments in joint arrangements are classified as either joint operations or joint ventures depending on the contractual right and obligations of the parties to the arrangement. The Company has assessed the nature of its joint arrangements and determined them to be joint operations. The Company has recognized its share of assets, liabilities, income and expenditure jointly held or incurred under the joint operations on the basis of latest available audited accounts of the joint operations and where applicable, the cost statements received from operators of the joint arrangements for the intervening period up to the statement of financial position date.

4.27 Cash and cash equivalents

For the purpose of the cash flow statement, cash and cash equivalents comprise cash in hand, demand deposits and other short term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of change in value, and finances under mark up arrangements.

4.28 Dividend distribution

Dividend distribution to the shareholders is accounted for in the period in which dividend is declared.

4.29 Leases

4.29.1 Right of use asset

The Company assesses whether a contract is or contains a lease at inception of the contract. If the Company assesses that a contract contains a lease and meets requirements of IFRS 16, the Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

Notes to and Forming Part of the Financial Statements

For the year ended June 30, 2023

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

4.29.2 Lease liability

If applicable, the lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or if that rate cannot be readily determined, the Company's incremental borrowing rate. Generally, the Company uses its incremental borrowing rate as the discount rate.

Lease payments in the measurement of the lease liability comprise the following:

- a. fixed payments, including in-substance fixed payments;
- b. variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date;
- c. amounts expected to be payable under a residual value guarantee; and
- d. the exercise price under a purchase option that the Company is reasonably certain to exercise, lease payments in an optional renewal period if the Company is reasonably certain to exercise an extension option, and penalties for early termination of a lease unless the Company is reasonably certain not to terminate early.

The lease liability is measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Company's estimate of the amount expected to be payable under a residual value guarantee, or if the Company changes its assessment of whether it will exercise a purchase, extension or termination option.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

Variable lease payments are recognised in profit or loss in the period in which the condition that triggers those payments occurs.

The Company has opted not to recognize right-of use assets for short-term leases i.e. leases with a term of twelve(12) months or less. The payments associated with such leases are recognized in profit or loss when incurred.

- 4.29.3** During the year Rs 505,492 thousand (2022: Rs 568,925 thousand) have been capitalised in Development & Decommissioning costs and Exploration & Evaluation assets in respect of short-term leases.

5. CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS

The preparation of financial statements in conformity with approved accounting standards requires the use of certain accounting estimates. It also requires management to exercise judgment in the process of applying the Company's accounting policies. Estimates and judgments are continually evaluated and are based on historical experience, including expectation of future events that are believed to be reasonable under the circumstances. The areas where various assumptions and estimates are significant to the Company's financial statements or where judgment was exercised in application of accounting policies are as follows:

- i) Estimated crude oil/gas reserves used for amortization of development and decommissioning costs - note 4.13 and 14
- ii) Estimated useful life of property, plant and equipment - note 4.12 and 13.1
- iii) Estimated costs, discount and inflation rate used for provision for decommissioning costs - note 4.7 and 9.2
- iv) Estimate of recoverable amount of investment in associated Company - note 4.14 and 16
- v) Estimated value of staff retirement benefits obligations - note 4.9 and 38
- vi) Provision for taxation - note 4.5 and 33
- vii) Price adjustment related to crude oil sales - note 4.24 and 25
- viii) Impairment of financial assets - note 4.21
- ix) Right of use asset and corresponding lease liability - note 4.29

On December 27, 2017, the Ministry of Energy (Petroleum Division) notified certain amendments in Petroleum Policy 2012 which also included addition of the following explanation of conversion package:

Notes to and Forming Part of the Financial Statements

For the year ended June 30, 2023

“the conversion package shall include (i) price of Natural Gas for New Exploration Efforts (ii) windfall levy on Natural Gas (iii) EWT gas production, pricing and obligations (iv) Windfall levy on Oil & Condensate, only for PCAs converting from 1994 and 1997 Petroleum Policies and (v) Financial obligations relating to production bonus, social welfare and training”.

Under the said Notification, the Supplemental Agreements already executed for conversion from Petroleum policies of 1994 & 1997 shall be amended within 90 days, failing which the working interest owners will not remain eligible for gas price incentive. On January 3, 2018, Directorate General Petroleum Concessions (DGPC) required all exploration and production companies to submit supplemental agreements to incorporate the aforementioned amendments in Petroleum Concession Agreements (PCAs) signed under 1994 and 1997 policies, for execution within the stipulated time as specified above.

Based on legal advice, the Company is of the view that already executed Supplemental Agreement cannot be changed unilaterally, the Supplemental Agreement was signed under the Conversion Package where gas price was enhanced and Windfall Levy on Oil / Condensate (WLO) was not applicable, the impugned SRO by giving retrospective effect amounts to taking away the vested rights already accrued in favour of the Company. The Government has no authority to give any law or policy a retrospective effect. The Company filed Constitutional Petition challenging the imposition of WLO on February 19, 2018 against Federation of Pakistan through Ministry of Energy (Petroleum Division), Islamabad. The Honourable Islamabad High Court after hearing the petitioner on February 20, 2018, directed the parties to maintain the status quo in this respect. After multiple hearings, last hearing was fixed on June 30, 2022, however the same could not be heard and next date of hearing is yet to be announced.

On prudent basis additional revenue (net of sales tax) on account of enhanced gas price incentive due to conversion from Petroleum Policy 1997 to Petroleum Policy 2012 since inception to June 30, 2023 amounting to Rs 25,265,875 thousand will be accounted for upon resolution of this matter (including Rs 19,658,634 thousand related to period since inception to June 30, 2022). Additional revenue on account of enhanced gas price incentive of Rs 23,092,312 thousand and sales tax of Rs 3,928,026 thousand received from customer on the basis of notified prices has been shown as “Other liabilities” under “trade and other payables”. Sales tax of Rs 3,928,026 thousand (June 30, 2022: Rs 3,237,101 thousand) received from customer on the basis of notified prices is declared in the monthly sales tax return as well as duly deposited with Federal Board of Revenue by the Company. The amount so deposited is shown within “sales tax refundable” in “advances, deposits, prepayments and other receivables”.

37.3 FINANCIAL RISK MANAGEMENT

37.3.1 Financial risk factors

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk (including currency risk, interest rates risk and price risk). The Company's overall risk management policy focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on the Company's financial performance.

(a) Credit risk

Credit risk represents the risk that one party to a financial instrument will cause financial loss for the other party by failing to discharge an obligation.

As of June 30, 2023, trade debts of Rs 4,870,997 thousand (2022: Rs 740,525 thousand) were past due but not impaired. The ageing analysis of these trade receivables is as follows:

Above 12 months	108,536	35,885
	4,761,504	632,291
	4,870,997	740,525

(b) Liquidity risk

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities.

The Company manages liquidity risk by maintaining sufficient cash and marketable securities. At June 30, 2023, the Company had financial assets of Rs 121,073,977 thousand (2022: Rs 78,472,350 thousand).

The table below analyses the Company's financial liabilities into relevant maturity groupings based on the remaining period at the statement of financial position to the maturity date. The amounts disclosed in the table are undiscounted cash flows which have been inflated using appropriate inflation rate, where applicable.

Long term deposits	-	895,565	-
Trade and other payables	26,012,620	-	-
Unclaimed dividend	275,702	-	-

(c) Market risk

(i) Currency risk

Foreign exchange risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Foreign exchange risk arises mainly from future commercial transactions or receivables and payables that exist due to transactions in foreign currencies.

The Company is exposed to currency risk arising from currency exposure with respect to the US dollar. Currently foreign exchange risk is restricted to trade debts, bank balances, receivable from / payable to joint operating partners, payable to suppliers.

Financial assets include Rs 59,591,245 thousand (2022: Rs 36,827,358 thousand) and financial liabilities include Rs 2,798,153 thousand (2022: Rs 139,193 thousand) which are subject to currency risk.

The following significant exchange rates were applied during the year:

	2023	2022
Rupees per USD	Rupees	
Average rate	247.55	176.98
Reporting date rate	286.60	205.75

If exchange rates had been 10% lower / higher with all other variables held constant, profit after tax for the year would have been Rs 3,975,516 thousand (2022: Rs 2,568,172) lower / higher.

(ii) Interest rate risk

Interest rate risk represents the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The Company has no significant long term interest bearing financial assets and liabilities whose fair value or future cash flows will fluctuate because of changes in market interest rates.

Notes to and Forming Part of the Financial Statements

For the year ended June 30, 2023

Financial assets include Rs 106,216,876 thousand (2022: Rs 67,718,157 thousand) which are subject to interest rate risk. Applicable interest rates for financial assets have been indicated in respective notes.

If interest rates had been 1% higher / lower with all other variables held constant, profit after tax for the year would have been Rs 530,391 thousand (2022: Rs 403,060 thousand) higher / lower, mainly as a result of higher / lower interest income from these financial assets.

(iii) Price risk

Price risk represents the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar instruments traded in the market.

The Company is exposed to equity securities price risk because of investments held by the Company and classified on the statement of financial position as investments classified as fair value through profit or loss. To manage its price risk arising from investments in equity securities, the Company diversifies its portfolio. Diversification of the portfolio is done in accordance with the investment policy of the Company.

Financial assets include Rs 1,112,163 thousand (2022: Rs nil) which are subject to price risk.

If prices had been 1% higher / lower with all other variables held constant, profit after tax for the year would have been Rs 6,784 thousand (2022: Rs nil) higher / lower, mainly as a result of exposure to fluctuation in prices of these financial assets.

37.3.2 Capital risk management

The Company's objectives when managing capital are to ensure the Company's ability not only to continue as a going concern but also to meet its requirements for expansion and enhancement of its business, maximize return of shareholders and optimize benefits for other stakeholders to maintain an optimal capital structure and to reduce the cost of capital.

In order to achieve the above objectives, the Company may adjust the amount of dividends paid to shareholders, issue new shares through bonus or right issue or sell assets to reduce debts or raise debts, if required.

Consistent with others in the industry, the Company monitors capital on the basis of the gearing ratio. The gearing ratio of the Company has always been low and the Company has mostly financed its projects and business expansions through equity financing. Further, the Company is not subject to externally imposed capital requirements.

37.3.3 Fair value of financial assets and liabilities

All financial assets and financial liabilities are initially recognised at fair value of consideration paid or received, net of transaction costs as appropriate. The carrying values of other financial assets and liabilities of the Company not carried at fair value is a reasonable approximation of their fair values. The table below analyzes financial assets are measured at fair value, by valuation method. The different levels have been defined as follows:

- Level 1 : Quoted prices in active markets for identical assets and liabilities;
- Level 2 : Observable inputs; and
- Level 3 : Unobservable inputs

The Company held the following financial assets at fair value:

	Level 1	Level 2	Level 3	Total
June 30, 2023	Rupees ('000)			
Other financial assets classified as fair value through profit or loss	1,112,163	-	-	1,112,163
June 30, 2022				
Other financial assets classified as fair value through profit or loss	-	-	-	-

		2,158,896	100	1,826,152	100

The funds have no investment in the Company's own securities.

38.7 Principal actuarial assumptions

The principal assumptions used in the actuarial valuation are as follows:

	2023	2022
	%	%
Discount rate	15.25	13
Expected rate of salary increase	13.75	12
Expected rate of pension increase	9	6.75

38.8 Mortality was assumed to be 70% of the EFU (61-66) Table at valuations on both dates, June 30, 2022 and 2023.

38.9 The pension and gratuity plans are defined benefits final salary plans and both plans are invested through approved trust funds. The trustees of the funds are responsible for plan administration and investment. The Company appoints the trustees who are employees of the Company.

The plans expose the Company to various actuarial risks: investment risk and salary risk from both plans and longevity risk from the pension plan.

The asset ceiling does not apply. The Company can use the surplus in the pension and gratuity fund to reduce its future contributions or can apply to the Commissioner of Income Tax for a refund.

38.10 Sensitivity analysis

The calculation of the defined benefit obligation is sensitive to assumptions set out above. The following table summarizes how the impact on the defined benefit obligation at the end of the reporting period would have increased / (decreased) as a result of a change in respective assumptions by one percent.

	Defined benefit obligation	
	1 percent increase	1 percent decrease
	Rupees ('000)	
Discount rate	(156,362)	183,857
Salary increase	64,615	(58,868)
Pension increase	119,015	(105,080)

If life expectancy increases by 1 year, the obligation increases by Rs 58,089 thousand.

The impact of changes in financial assumptions has been determined by revaluation of the obligations on different rates. The impact of increase in longevity has been calculated on the aggregate for each class of employees.

38.11 The weighted average number of the defined benefit obligation is given below:

Plan Duration	Pension	Gratuity
	Years	
June 30, 2023	11.7	7.9
June 30, 2022	11.4	8

38.12 The Company contributes to the pension and gratuity funds on the advice of the fund's actuary. The contributions are equal to the current service cost with adjustment for any deficit.

Independent Auditors' Report

To the members of Pakistan Oilfields Limited Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the annexed consolidated financial statements of Pakistan Oilfields Limited and its subsidiary (the Group), which comprise the consolidated statement of financial position as at June 30, 2023, and the consolidated statement of profit or loss, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion, consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at June 30, 2023, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of the Chartered Accountants of Pakistan (the Code), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following are the key audit matters:

S.No.	Key Audit Matters	How the matter was addressed in our audit
(i)	<p>Analysis of impairment of development and decommissioning costs and exploration and evaluation assets</p> <p><i>(Refer note 4.15, 15 and 16 to the consolidated financial statements)</i></p> <p>As at June 30, 2023, the development and decommissioning costs amounted to Rs 7,825 million and exploration and evaluation assets amounted to Rs 1,761 million.</p> <p>The Group assesses at the end of each reporting period whether there is any indication that a Cash Generating Unit (CGU) may be impaired.</p> <p>Where impairment indicator is triggered for any CGU, an impairment test is performed by the management based on estimates of the value in use of that CGU.</p> <p>The calculation of value in use of development and decommissioning costs requires the exercise of significant management's estimates and judgements on certain assumptions such as (i) estimation of the volume of oil and gas recoverable reserves; (ii) estimation of future oil and gas prices; (iii) cost profiles and inflation applied; (iv) foreign exchange rates; and (v) discount rates.</p> <p>We considered this matter as key audit matter due to the significant value of the related assets at reporting date and due to significance of judgements used by management.</p>	<p>Our audit procedures in relation to management's impairment test, amongst others, included the following:</p> <ul style="list-style-type: none"> Assessed the methodology used by management to estimate value in use of each CGU; Assessed the assumptions of cash flow projections in calculation of the value in use of CGUs, challenging the reasonableness of key assumptions i.e. oil and gas reserves, oil and gas prices, production costs, foreign exchange rates and discount rates based on our knowledge of the business and industry by comparing the assumptions to historical results, and published market and industry data; Assessed the impairment indicators as per IFRS 6 "Exploration for and Evaluation of Mineral Resources" for material balances included in exploration and evaluation assets; Performed sensitivity analysis in consideration of the potential impact of reasonably possible downside changes in assumptions relating to oil and gas prices, discount rate and other assumptions and; Assessed the appropriateness of disclosures made in the consolidated financial statements.

S.No.	Key Audit Matters	How the matter was addressed in our audit
(ii)	<p>Investment in associated companies</p> <p><i>(Refer note 18 to the consolidated financial statements)</i></p> <p>The Group has investment in its associated companies National Refinery Limited (NRL) and Attock Petroleum Limited (APL). As at June 30, 2023, the carrying amount of investment in above referred associated companies amounted to Rs 11,395 million (net of recognised impairment loss of Rs 3,625 million) and Rs 4,416 million respectively which carrying values are higher by Rs 8,396 million and Rs 1,795 million respectively in relation to the quoted market value of their respective shares. The Group carries out impairment assessment at each reporting period end of the value of investment where there are indicators of impairment.</p> <p>The Group has assessed the recoverable amount of the investment in associated companies based on the higher of the value-in-use ("VIU") and fair value (quoted market price as at June 30, 2023). VIU is based on valuation analysis carried out by an independent external investment advisor engaged by the Group for NRL and by the management's expert for APL. VIU is based on a discounted cash flow model which involves estimation of future cash flows. This estimation is inherently uncertain and requires significant judgement on both future cash flows and the discount rate applied to the future cash flows.</p> <p>In view of significant management judgement involved in the determination of recoverable value i.e. higher of VIU and fair value, we considered this as a key audit matter.</p>	<p>Our audit procedures in relation to assessment of carrying value of investment in associated companies, amongst others, included the following:</p> <ul style="list-style-type: none"> Assessed the appropriateness of management's accounting for investment in associated companies; Understood management's process for identifying the existence of impairment indicators in respect of investment in associated companies; Evaluated the independent external investment advisor's and management expert's competence, capabilities and objectivity; Made inquiries of the independent external investment advisor/ management expert and assessed the valuation methodology used; Checked, on sample basis, the reasonableness of the input data provided by the management to the independent external investment advisor and the management's expert, to supporting evidence; Assessed the reasonableness of cash flow projections, challenging and performing audit procedures on assumptions such as growth rate, future revenue and costs, terminal growth rate and discount rate by comparing the assumptions to historical results, budgets and comparing the current year's results with prior year forecast and other relevant information; Checked mathematical accuracy of cash flows projections; Performed independently a sensitivity analysis in consideration of the potential impact of reasonably possible upside or downside changes in key assumptions; and Checked quoted price of investment in NRL and APL as of June 30, 2023 with publicly available stock exchange data; and Assessed the adequacy of the Group's disclosures in the consolidated financial statements in this respect.

S.No.	Key Audit Matters	How the matter was addressed in our audit
(iii)	<p>Recognition of Revenue</p> <p><i>(Refer note 4.25 and 27 to the consolidated financial statements)</i></p> <p>The Group is engaged in the production and sale of oil and gas resources.</p> <p>The Group recognised net sales during the year from the sale of crude oil, gas and POLGAS/CAPGAS – Refill of cylinders amounting to Rs 33,564 million, Rs 15,841 million and Rs 12,511 million respectively.</p> <p>Revenue is recognised when control of the products has transferred, being when the products are delivered to the customer, and there is no unfulfilled obligation that could affect the customer's acceptance of the product. Revenue is measured at the fair value of the consideration to which the Group expects to be entitled in exchange for transferring good/ services. Effect of adjustments, if any, arising from revision in sale prices is reflected as and when the prices are finalised with the customers and / or approved by Government of Pakistan.</p> <p>We considered this as key audit matter due to the significance of the amounts requiring significant time and resource to audit due to magnitude, inherent risk of material misstatement and revenue being a key economic indicator of the Group.</p>	<p>Our audit procedures in relation to the matter, amongst others, included the following:</p> <ul style="list-style-type: none"> Assessed the design, implementation and operating effectiveness of the relevant key internal controls over revenue recognition from the sale of products; Performed test of details on sample basis for sales transactions by inspecting respective invoices, delivery challans and acknowledgement of customers; Checked on sample basis, notifications of OGRA for natural gas and POLGAS/CAPGAS prices. For POLGAS/CAPGAS, also checked on sample basis Group's mechanism for the calculation of price based on OGRA's notification. Performed, on a sample basis, recalculation of crude oil and natural gas prices in accordance with applicable petroleum policies / agreements / decision of Economic Coordination Committee of the Cabinet; Where pricing is provisional / sales agreement not finalised, (a) inspected correspondence with the customers and relevant government authorities during the year and held discussions with the Group; (b) inspected term sheets etc; and (c) checked price recorded is in line with applicable petroleum policy / agreed with the customers; Assessed sales transactions on either side of the consolidated statement of financial position date to assess whether they are recorded in relevant accounting period; Performed analytical procedures to analyse variation in the price and quantity sold during the year; Tested journal entries related to revenue recognized during the year based on identified risk criteria; and Assessed the appropriateness of disclosures made in the consolidated financial statements.

S.No.	Key Audit Matters	How the matter was addressed in our audit
(iv)	<p>Litigation with respect to conversion of TAL Block petroleum concession to Petroleum Policy 2012</p> <p><i>((Refer note 27.1 to the consolidated financial statements))</i></p> <p>The Ministry of Energy (Petroleum Division) issued a notification dated December 27, 2017 (SRO) which required that the Supplemental Agreement already executed in respect of TAL block for conversion of petroleum concession from Petroleum Exploration and Production Policy 1997 to Petroleum Exploration and Production Policy 2012 shall be amended (within 90 days) to include Windfall Levy on Oil and Condensate (WLO), failing which the working interest owners will not remain eligible for gas price incentive as per Petroleum Policy 2012. The impugned notification was issued after the approval of Council of Common Interest (CCI) dated November 24, 2017.</p> <p>The Group challenged the said notification in the Islamabad High Court and the matter is pending before the Islamabad High Court in principle on the ground that an already executed arrangement cannot be retrospectively altered unilaterally. The Islamabad High Court has restrained the Government for any action under the impugned notification and to maintain status quo. Group's contention is duly supported by the legal advice on the matter.</p> <p>The supplemental agreement was signed under the conversion package where gas price was enhanced and WLO was not applicable. The impugned SRO, by giving retrospective effect, amounted to taking away the vested rights already accrued in favour of the Group. As per the legal opinion Government has no authority to give any law or policy a retrospective effect.</p> <p>The Group has not recognised the revenue (net of sales tax) to the extent of Rs 25,266 million since inception to June 30, 2023 on account of enhanced gas price incentive due to conversion from Petroleum Policy 1997 to Petroleum Policy 2012 and will be accounted for upon resolution of this matter.</p> <p>We considered this as key audit matter due to the significant amounts involved and significant judgments made by management regarding the matter.</p>	<p>Our audit procedures in relation to the matter, amongst others, included the following:</p> <ul style="list-style-type: none"> Inspected Petroleum Concession Agreement (PCA) and Supplemental Agreements signed with the Government of Pakistan; Checked SRO issued by the Ministry of Energy; Checked relevant clauses of Petroleum Exploration & Production Policy 2012 for applicability of WLO; Discussed the matter with directors, management and internal legal department of the Group; Obtained confirmation from the Group's external legal advisor and checked legal opinion obtained by the Group and the order issued by the Islamabad High Court; Evaluated technical ability of the internal and external legal advisors used by the Group; Assessed the matter under applicable accounting frame work; and Assessed the appropriateness of disclosures made in the consolidated financial statements in respect of this matter.

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information comprises the information included in the annual report but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and the Board of Directors for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting and reporting standards as applicable in Pakistan and Companies Act, 2017 and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is responsible for overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Board of Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Board of Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Board of Directors, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditor's report is Asim Masood Iqbal.

IAS 7	Statement of Cash Flows (Amendments)	January 1, 2024
IFRS 7	Financial Instruments: Disclosures (Amendments)	January 1, 2024

- 3.2** The management anticipates that the adoption of the above standards, amendments and interpretations in future periods, will have no material impact on the financial statements other than the impact on presentation / disclosures.

Further, the following standards and interpretations have been issued by the International Accounting Standards Board (IASB), which are yet to be notified or has been waived off by the Securities and Exchange Commission of Pakistan (SECP), for the purpose of their applicability in Pakistan:

- IFRS 1 (First Time Adoption of International Financial Reporting Standards)
- IFRS 17 (Insurance Contracts)
- IFRIC 12 (Service concession arrangements)

- 3.3** The Securities and Exchange Commission of Pakistan (SECP) through S.R.O. 67 (I)/2023 dated January 20, 2023, in partial modification of its previous S.R.O. 985(1)/2019 and S.R.O 1177 (I)/2021 dated September 2, 2019 and September 13, 2021 respectively, has notified that in respect of companies holding financial assets due from the Government of Pakistan (GoP) in respect of circular debt, the requirements contained in IFRS 9 with respect to application of expected credit loss (ECL) model shall not be applicable till December 31, 2024, provided that such companies shall follow relevant requirements of IAS 39 'Financial Instruments: Recognition and Measurement' in respect of above referred financial assets during the exemption period. The Company has assessed that the above does not have any significant impact on its financial statements.

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

4.1 Basis of measurement

These financial statements have been prepared under the historical cost convention except as otherwise disclosed in the respective accounting policy notes.

4.2 Basis of consolidation

The consolidated financial statements include the financial statements of POL and its subsidiary CAPGAS with 51% holding (2022: 51%).

a) Subsidiary

Subsidiaries are all entities (including structured entities) over which the Group has control. The Group controls an entity when the Group is exposed to, or has right to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date that control ceases.

The assets and liabilities of subsidiary company have been consolidated on a line by line basis and the carrying value of investments held by the parent company is eliminated against the subsidiary shareholders' equity in the consolidated financial statements.

Material intra-group balances and transactions have been eliminated.

Non-controlling interests are that part of the net results of the operations and of net assets of the subsidiary attributable to interests which are not owned by the parent company. Non-controlling interest are presented as a separate item in the consolidated financial statements.

For the year ended June 30, 2023

b) Associates

Associates are all entities over which the Group has significant influence but not control, generally accompanying a shareholding of between 20% and 50% of the voting rights. Investment in associates are accounted for using the equity method of accounting. Under this method, the investment is initially recognized at cost, and the carrying amount is increased or decreased to recognise the investor's share of the profit or loss of the investee after the date of acquisition. The Group's investment in associates includes goodwill identified on acquisition.

If the ownership interest in an associate is reduced but significant influence is retained, only a proportionate share of the amounts previously recognized in other comprehensive income is reclassified to statement of profit or loss where applicable.

The Group's share of post-acquisition profit is recognized in the statement of profit or loss, and its share of post-acquisition movements in other comprehensive income is recognized in statement of profit or loss and other comprehensive income with the corresponding adjustment to the carrying amount of the investment. When the Group's share of losses in an associate equals or exceeds its interest in the associate, including any other unsecured receivables, the Group does not recognize further losses, unless it has incurred legal or constructive obligations or made payments on behalf of the associate.

The Group determines at each reporting date whether there is any objective evidence if the associate is impaired. If this is the case, the Group calculates the amount of impairment as the difference between the recoverable amount of the associate and its carrying amount and recognises the amount adjacent to share of profit/ (loss) of associates in the statement of profit or loss.

4.3 Operating segments

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker. The chief operating decision-maker, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the Board of Directors that makes strategic decisions. The management has determined that the Group has a single reportable segment as the Board of Directors views the Group's operations as one reportable segment.

4.4 Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Group operates. The financial statements are presented in Pakistan Rupees, which is the Group's functional currency.

4.5 Foreign currency transactions and translation

Transactions in foreign currencies are recorded at the rates of exchange ruling on the date of transaction. All monetary assets and liabilities in foreign currencies are translated into rupees at the rates of exchange ruling on the date of the statement of financial position. Exchange differences are dealt with through the statement of profit or loss.

4.6 Taxation

Provision for current taxation is based on taxable income at applicable tax rates, adjusted for royalty payments to the Government.

Deferred tax is accounted for on all temporary differences using the liability method. Deferred tax liability has been calculated at the estimated effective rate of 36% (2022: 32%) after taking into account availability of future depletion allowance and set off available in respect of royalty payments to the Government whereas deferred tax asset / liability of CAPGAS has been calculated at applicable tax rate.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

4.7 Provisions

Provisions are recognized when the Group has a legal or constructive obligation as a result of past events and when it is probable that an outflow of resources will be required to settle the obligation and a reliable estimate of the amount can be made.

4.8 Provision for decommissioning costs

Provision for decommissioning costs is recognized in full for development wells and production facilities. The amount recognized is the present value of the estimated cost to abandon a well and remove production facilities. A corresponding intangible asset of an amount equivalent to the provision is also created and is amortized on unit of production basis over the total proved developed reserves of the field or @ 5% where the life of a field is more than 20 years.

Most of these abandonment and removal events are many years in the future and the precise requirements that will have to be met when the abandonment and removal event actually occurs are uncertain. Abandonment and asset removal technologies and costs are constantly changing, as are political, environmental, safety and public expectations. Consequently, the timing and amount of future cash flows are subject to significant uncertainty.

The timing and amount of future expenditures are reviewed annually, together with the interest rate to be used in discounting the cash flows. Any difference between the liability recognized and actual costs incurred are charged/credited to statement of profit or loss in the year of decommissioning.

The effect of changes resulting from revisions to the estimate of the liability are incorporated on a prospective basis.

The decommissioning cost has been discounted at a real discount rate of 2.15% (2022: 1.00%) per annum.

4.9 Employee compensated absences

The Group provides for compensated absences for all eligible employees in accordance with the rules of the Group.

4.10 Staff retirement benefits

The Company and its subsidiary operates the following staff retirement benefits plans:

POL

POL operates the following staff retirement benefits plans:

- (i) A pension plan for its management staff and a gratuity plan for its management and non-management staff. The pension and gratuity plans are invested through approved trust funds. Both are defined benefit final salary plans. The pension and gratuity plans are complementary plans for management staff. Pension payable to management staff is reduced by an amount determined by the actuary equivalent to amount paid by the gratuity fund. Management staff hired after January 1, 2012 are only entitled to benefits under gratuity fund. Actuarial valuations are conducted annually using the "Projected Unit Credit Method" and the latest valuation was conducted as at June 30, 2023.

Actuarial gain and losses arising from experience adjustments and change in actuarial assumptions are charged or credited to equity in other comprehensive income in the period in which they arise.

Past service costs are recognized immediately in statement of profit or loss.

Since both are complementary plans, combined details and valuation for pension plan and gratuity plan are given in note 40.

- (ii) Separate approved contributory provident funds for management and non-management employees for which contributions are made by the Company and the employee at the rate of 10% of basic salary. Charge included in these financial statements is Rs 38,900 thousand (2022: Rs 31,779 thousand).

CAPGAS

The subsidiary is operating a non funded gratuity plan for management and non-management employees. The liability for gratuity plan is provided on the basis of actuarial valuation conducted as at June 30, 2023 using the "Project Unit Credit Method".

4.11 Trade and other payables

Liabilities for trade and other payables are carried at cost which is the fair value of the consideration to be paid in future for goods and services received. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period.

4.12 Contingent liabilities

A contingent liability is disclosed when the Group has a possible obligation as a result of past events, whose existence will be confirmed only by the occurrence or non-occurrence, of one or more uncertain future events not wholly within the control of the Group; or the Group has a present legal or constructive obligation that arises from past events, but it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation, or the amount of the obligation cannot be measured with sufficient reliability.

4.13 Property, plant and equipment

Property, plant and equipment are stated at cost less accumulated depreciation and impairment losses except for freehold land and capital work in progress, which are stated at cost less accumulated impairment losses (if any).

Depreciation is provided on straight line method at rates specified in note 14.1 to the financial statements. Depreciation is charged on additions from the month the assets become available for the intended use up to the month in which these are derecognized. The useful lives, residual values and depreciation method are reviewed on a regular basis. The effect of any changes in estimate is accounted for on a prospective basis.

Maintenance and normal repairs are charged to income as and when incurred. Major renewals and improvements are capitalized and the assets so replaced, if any, are retired.

Gains and losses on disposal of an item of property, plant and equipment are determined by comparing the proceeds from disposal with the carrying amount of property, plant and equipment, and are recognized net within "other income" in the statement of profit or loss.

4.14 Other intangible assets

These are carried at cost less accumulated amortization and accumulated impairment losses, if any. Amortization is calculated using the straight line method over the period of useful life of the asset at the rates specified in note 17. Costs associated with maintaining intangibles are recognized as expense as and when incurred. Amortization on additions is charged from the month in which an intangible asset is acquired or capitalized, while no amortization is charged for the month in which the intangible asset is disposed off.

4.15 Exploration assets / costs and development costs

4.15.1 Exploration and development costs are accounted for using the "Successful Efforts Method" of accounting.

4.15.2 Exploration costs

All exploration costs, other than those relating to exploratory drilling, are charged to income as incurred. Exploratory drilling costs i.e. costs directly associated with drilling of an exploratory well, are initially capitalized pending determination of proven reserves. These costs are either charged to income if no proved reserves are found or transferred to development costs after impairment loss, if proved reserves are found.

All capitalized costs are subject to review for impairment at least once a year and any impairment determined is immediately charged to income.

4.15.3 Development costs

Development costs are stated at cost less accumulated amortization and impairment losses. Expenditure on drilling of development wells, including unsuccessful development wells, is capitalized within development costs. Capitalized development costs are amortized on a unit of production basis over the total proved developed reserves of the field or @ 5% per annum where the life of the field is more than 20 years.

4.16 Stores and spares

Stores and spares are valued at cost determined on moving average formula less allowance for obsolete items. Stores in transit are stated at invoice value plus other charges paid thereon.

4.17 Stock in trade

Stocks are valued at the lower of average annual cost (including appropriate production overheads) and net realizable value. Net realizable value is determined on the basis of estimated selling price of the product in the ordinary course of business less costs necessary to be incurred for its sale.

Notes to and Forming Part of the Consolidated Financial Statements

For the year ended June 30, 2023

4.18 Impairment of non-financial assets

Assets that have an indefinite useful life, for example land, are not subject to depreciation and are tested annually for impairment. Assets that are subject to depreciation are reviewed for impairment at each statement of financial position date, or wherever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognized for the amount for which the asset's carrying amount exceeds its recoverable amount. An asset's recoverable amount is the higher of its fair value less costs to sell and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows. Non-financial assets that suffered an impairment are reviewed for possible reversal of the impairment at each statement of financial position date. Reversals of the impairment loss are restricted to the extent that asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no new impairment loss had been recognized. An impairment loss or reversal of impairment loss is recognized in income for the year.

4.19 Trade debts and other receivables

Trade receivables are amounts due from customers for services performed in the ordinary course of business. If collection is expected in one year or less, they are classified as current assets. If not, they are presented as non-current assets.

Trade receivables are recognised initially at the amount of consideration that is unconditional, unless they contain significant financing components when they are recognised at fair value. They are subsequently measured at amortised cost using the effective interest rate method, less loss allowance.

Other receivables are recognised at cost, which is the fair value of the consideration given.

Refer note 4.22 for a description of the Group's impairment policies.

4.20 Financial instruments

Financial assets and financial liabilities are recognised in the statement of financial position when the Group becomes a party to the contractual provisions of the instrument. All the financial assets are derecognized at the time when the Group loses control of the contractual rights that comprise the financial assets. All financial liabilities are derecognized at the time when they are extinguished that is, when the obligation specified in the contract is discharged, cancelled or expired. Any gains or losses on de-recognition of the financial assets and financial liabilities are taken to the statement of profit or loss.

4.21 Financial assets

Classification

The Group classifies its financial assets in the following measurement categories:

- (i) Amortised cost where the effective interest rate method will apply;
- (ii) Fair Value Through Profit or Loss (FVTPL); and
- (iii) Fair Value Through Other Comprehensive Income (FVTOCI)

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or Other Comprehensive Income (OCI). For investments in equity instruments that are not held for trading, this will depend on whether the Group has made an irrevocable election at the time of initial recognition to account for the equity investment at Fair Value Through Other Comprehensive Income (FVTOCI).

The Group reclassifies debt investments when and only when its business model for managing those assets changes.

Recognition and derecognition

Regular way purchases and sales of financial assets are recognised on trade-date, the date on which the Group commits to purchase or sell the asset. Further, financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Group has transferred substantially all the risks and rewards of ownership.

Measurement

At initial recognition, the Group measures a financial asset at its fair value plus, in the case of a financial asset not at FVTPL, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at FVTPL are expensed in statement of profit or loss.

Debt instruments

Subsequent measurement of debt instruments depend on the Group's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Group can classify its debt instruments:

a) Amortised cost

Financial assets that are held for collection of contractual cash flows where the contractual terms of the financial assets give rise on specified dates to cash flows that represent solely payments of principal and interest, are measured at amortised cost. Interest income from these financial assets is included in other income using the effective interest rate method. Any gain or loss arising on derecognition is recognised directly in profit or loss and presented in other income together with foreign exchange gains and losses. Impairment losses are presented as separate line item in the statement of profit or loss.

b) Fair Value Through Other Comprehensive Income (FVTOCI)

Assets that are held for collection of contractual cash flows and for selling the financial assets, where the contractual terms of the financial asset give rise on specified dates to cash flows that represent solely payments of principal and interest, are measured at FVTOCI. Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses and interest revenue, and foreign exchange gains and losses which are recognised in profit or loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to statement of profit or loss and recognised in other income. Interest income from these financial assets is included in other income using the effective interest rate method. Foreign exchange gains and losses are presented in other income and impairment expenses are presented as separate line item in the statement of profit or loss.

c) Fair Value Through Profit or Loss (FVTPL)

Assets that do not meet the criteria for amortised cost or FVTOCI are measured at FVTPL. A gain or loss on a debt investment that is subsequently measured at FVTPL is recognised in profit or loss and presented net within other income in the period in which it arises.

Notes to and Forming Part of the Consolidated Financial Statements

For the year ended June 30, 2023

Equity instruments

The Group subsequently measures all equity investments at fair value. Where the Group's management has elected to present fair value gains and losses on equity investments in OCI, there is no subsequent reclassification of fair value gains and losses to profit or loss following the derecognition of the investment. Dividends from such investments continue to be recognised in profit or loss as other income when the Group's right to receive payments is established.

Changes in the fair value of financial assets at FVTPL are recognised in statement of profit or loss.

4.22 Impairment of financial assets

The Group assesses on a historical as well as on a forward looking basis the expected credit losses (ECL) as associated with its trade debts, deposits and other receivables and cash and bank balances carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk. For trade debts, the Group applies IFRS 9 simplified approach to measure the expected credit losses (loss allowance) which uses a life time expected loss allowance while general 3-stage approach for deposits and other receivables and cash and bank balances i.e to measure ECL through loss allowance at an amount equal to 12-month ECL if credit risk on a financial instrument or a group of financial instruments has not increased significantly since initial recognition.

Following are financial instruments that are subject to the ECL model:

- Trade debts
- Deposits and other receivables
- Cash and bank balances
- Short term investments

(i) Simplified approach for trade debts

The Group recognises life time ECL on trade debts, using the simplified approach. The measurement of ECL reflects:

- an unbiased and probability-weighted amount that is determined by evaluating a range of possible outcomes;
- reasonable and supportable information that is available at the reporting date about past events, current conditions and forecasts of future economic conditions.

Trade debts with individually significant balance are separately assessed for ECL measurement. All other receivables are grouped and assessed collectively based on shared credit risk characteristics and the days past due. The expected credit losses on these financial assets are estimated based on the Group's historical credit loss experience, adjusted for factors that are specific to the debtors, general economic conditions and an assessment of both the current as well as the forecast direction of conditions at the reporting date, including time value of money where appropriate.

Where lifetime ECL is measured on a collective basis to cater for cases where evidence of significant increases in credit risk at the individual instrument level may not yet be available, the financial instruments are grouped on the following basis:

- Nature of financial instruments;
- Past-due status;

- Nature, size and industry of debtors; and
- external credit ratings where available.

The grouping is regularly reviewed by management to ensure the constituents of each group continue to share similar credit risk characteristics.

Recognition of loss allowance

The Group recognizes an impairment gain or loss in the statement of profit or loss for all financial instruments with a corresponding adjustment to their carrying amount through a loss allowance account, except for investments in debt instruments that are measured at FVTOCI, for which the loss allowance is recognised in other comprehensive income and accumulated in the investment revaluation reserve, and does not reduce the carrying amount of the financial asset in the statement of financial position.

Write-off

The Group write off financial assets, in whole or in part, when it has exhausted all practical recovery efforts and has concluded there is no reasonable expectation of recovery. The assessment of no reasonable expectation of recovery is based on unavailability of debtor's sources of income or assets to generate sufficient future cash flows to repay the amount.

The Group may write-off financial assets that are still subject to enforcement activity. Subsequent recoveries of amounts previously written off will result in impairment gains.

(ii) General approach for short term investment, deposits and other receivables and cash and bank balances.

The measurement of expected credit losses is a function of the probability of default, loss given default (i.e. the magnitude of the loss if there is a default) and the exposure at default. The assessment of the probability of default and loss given default is based on historical data adjusted by forward-looking information (adjusted for factors that are specific to the counterparty, general economic conditions and an assessment of both the current as well as the forecast direction of conditions at the reporting date, including time value of money where appropriate). As for the exposure at default for financial assets, this is represented by the assets' gross carrying amount at the reporting date. Loss allowances are forward looking, based on 12 month expected credit losses where there has not been a significant increase in credit risk rating, otherwise allowances are based on lifetime expected losses.

Expected credit losses are a probability weighted estimate of credit losses. The probability is determined by the risk of default which is applied to the cash flow estimates. In the absence of a change in credit rating, allowances are recognised when there is reduction in the net present value of expected cash flows. On a significant increase in credit risk, allowances are recognised without a change in the expected cash flows, although typically expected cash flows do also change; and expected credit losses are rebased from 12 month to lifetime expectations.

Significant increase in credit risk

The Group considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. To assess whether there is a significant increase in credit risk, the Group compares the risk of a default occurring on the instrument as at the reporting date with the risk of default as at the date of initial recognition. It considers available reasonable and supportable forward-looking information.

Notes to and Forming Part of the Consolidated Financial Statements

For the year ended June 30, 2023

The following indicators are considered while assessing credit risk:

- actual or expected significant adverse changes in business, financial or economic conditions that are expected to cause a significant change to the debtor's ability to meet its obligations;
- actual or expected significant changes in the operating results of the debtor;
- significant increase in credit risk on other financial instruments of the same debtor; and
- significant changes in the value of the collateral supporting the obligation or in the quality of third-party guarantees, if applicable.

Definition of default

The Group considers the following as constituting an event of default for internal credit risk management purposes as historical experience indicates that receivables that meet either of the following criteria are generally not recoverable.

- when there is a breach of financial covenants by the counterparty; or
- information developed internally or obtained from external sources indicates that the debtor is unlikely to pay its creditors, including the Group, in full (without taking into account any collaterals held by the Group).

Irrespective of the above analysis, in case of trade debts, the Group considers that default has occurred when the debt is more than 365 days past due, unless the Group has reasonable and supportable information to demonstrate that a more lagging default criterion is more appropriate.

Credit - impaired financial assets

A financial asset is credit-impaired when one or more events that have a detrimental impact on the estimated future cash flows of that financial asset have occurred. Evidence that a financial asset is credit-impaired includes observable data about the following events:

- significant financial difficulty of the issuer or the borrower;
- a breach of contract, such as a default or past due event;
- the lender(s) of the borrower, for economic or contractual reasons relating to the borrower's financial difficulty, having granted to the borrower a concession(s) that the lender(s) would not otherwise consider;
- it is becoming probable that the borrower will enter bankruptcy or other financial reorganisation; or
- the disappearance of an active market for that financial asset because of financial difficulties.

4.23 Financial Liabilities

Classification, initial recognition and subsequent measurement

Financial liabilities are classified in the following categories:

- fair value through profit or loss; and
- other financial liabilities.

The Group determines the classification of its financial liabilities at initial recognition. All financial liabilities are recognized initially at fair value and, in case of other financial liabilities also include directly attributable transaction costs. The subsequent measurement of financial liabilities depends on their classification, as follows:

a) Fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held-for-trading and financial liabilities designated upon initial recognition as being at fair value through profit or loss. The Group has not designated any financial liability upon recognition as being at fair value through profit or loss.

b) Other financial liabilities

After initial recognition, other financial liabilities which are interest bearing subsequently measured at amortized cost, using the effective interest rate method. Gain and losses are recognized in profit or loss for the year, when the liabilities are derecognized as well as through effective interest rate amortisation process.

Derecognition of financial liabilities

The Group derecognises financial liabilities when and only when the Group's obligations are discharged, cancelled or they expire.

4.24 Offsetting

Financial assets and liabilities are offset and the net amount is reported in the statement of financial position if the Group has a legally enforceable right to setoff the recognized amounts and the Group intends to settle on a net basis, or realize the asset and settle the liability simultaneously.

4.25 Revenue recognition

Revenue is recognised when control of the products has transferred, being when the products are delivered to the customer, and there is no unfulfilled obligation that could affect the customer's acceptance of the product. Revenue is recognised as follows:

- a) crude oil, upon delivery to customer;
- b) natural gas, upon delivery to the customer; and
- c) Liquefied Petroleum Gas (LPG), upon delivery to distributors at LPG plant facility

Revenue is measured at the fair value of the consideration to which the Group expects to be entitled in exchange for transferring goods/services. Prices of crude oil and gas are calculated in accordance with Petroleum Concession Agreements / Petroleum Policy / or as notified by the Government Authorities. Effect of adjustment, if any, arising from revision in sale price is reflected as and when the prices are finalized with the customers and/or approved by the Government.

Billings are generally raised in the following month which are payable within 30 to 45 days in accordance with the contractual arrangement with customers.

4.26 Other Income

Income on investments at amortised costs and bank deposits is recognized on time proportion basis using the effective yield method.

Dividend income is recognized when the right to receive dividend is established.

Notes to and Forming Part of the Consolidated Financial Statements

For the year ended June 30, 2023

4.27 Joint arrangements

Investments in joint arrangements are classified as either joint operations or joint ventures depending on the contractual right and obligations of the parties to the arrangement. The Group has assessed the nature of its joint arrangements and determined them to be joint operations. The Group has recognized its share of assets, liabilities, income and expenditure jointly held or incurred under the joint operations on the basis of latest available audited accounts of the joint operations and where applicable, the cost statements received from operators of the joint arrangements for the intervening period up to the statement of financial position date.

4.28 Cash and cash equivalents

For the purpose of the cash flow statement, cash and cash equivalents comprise cash in hand, demand deposits and other short term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of change in value, and finances under mark up arrangements.

4.29 Dividend distribution

Dividend distribution to the shareholders is accounted for in the period in which dividend is declared.

4.30 Leases

4.30.1 Right of use asset

The Group assesses whether a contract is or contains a lease at inception of the contract. If the Group assesses that a contract contains a lease and meets requirements of IFRS 16, the Group recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

4.30.2 Lease liability

If applicable, the lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or if that rate cannot be readily determined, the Group's incremental borrowing rate. Generally, the Group uses its incremental borrowing rate as the discount rate.

Lease payments in the measurement of the lease liability comprise the following:

- a. fixed payments, including in-substance fixed payments;
- b. variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date;
- c. amounts expected to be payable under a residual value guarantee; and
- d. the exercise price under a purchase option that the Group is reasonably certain to exercise, lease payments in an optional renewal period if the Group is reasonably certain to exercise an extension option, and penalties for early termination of a lease unless the Group is reasonably certain not to terminate early.

The lease liability is measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Group's estimate of the amount expected to be payable under a residual value guarantee, or if the Group changes its assessment of whether it will exercise a purchase, extension or termination option.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

Variable lease payments are recognised in profit or loss in the period in which the condition that triggers those payments occurs.

The Group has opted not to recognize right of use assets for short-term leases i.e. leases with a term of twelve(12) months or less. The payments associated with such leases are recognized in profit or loss when incurred.

- 4.30.3** During the year Rs 505,492 thousand (2022: Rs 568,925 thousand) have been capitalised in Development & Decommissioning costs and Exploration & Evaluation assets in respect of short-term leases.

5. CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS

The preparation of financial statements in conformity with approved accounting standards requires the use of certain accounting estimates. It also requires management to exercise judgement in the process of applying the Group's accounting policies. Estimates and judgements are continually evaluated and are based on historical experience, including expectation of future events that are believed to be reasonable under the circumstances. The areas where various assumptions and estimates are significant to the Group's financial statements or where judgment was exercised in application of accounting policies are as follows:

- i) Estimated crude oil/gas reserves used for amortization of development and decommissioning costs - note 4.15 and 15
- ii) Estimated useful life of property, plant and equipment - note 4.13 and 14.1
- iii) Estimated costs, discount and inflation rate used for provision for decommissioning costs - note 4.8 and 10.2
- iv) Estimate of recoverable amount of investment in associated companies - note 4.2 and 18
- v) Estimated value of staff retirement benefits obligations - note 4.10 and 40
- vi) Provision for taxation - note 4.6 and 36
- vii) Price adjustment related to crude oil sales - note 4.25 and 27
- viii) Impairment of financial assets - note 4.22
- ix) Right of use assets and corresponding lease liability - note 4.30
- x) Estimated useful life of intangible assets - note 4.14 and note 17

13 CONTINGENCIES AND COMMITMENTS

13.1 Contingencies

13.1.1 POL

There were no material contingencies which warrant disclosure as at June 30, 2023 (2022: Rs nil).

13.1.2 CAPGAS

In 2018, the Islamabad High Court held that the use of cylinders for the supply of LPG by the Company did not attract the levy and charge of sales tax under sales tax Act, 1990 and consequently the Company was not entitled to claim and adjust input tax amounting to Rs 5,644 thousand. The Company has filed an appeal with the Supreme Court of Pakistan which is pending adjudication. The management and legal advisor of the Company are confident that the matter will be decided in favour of the Company. Accordingly, no provision has been made in the financial statements of CAPGAS.

- 18.4** The carrying value of investment in National Refinery Limited at June 30, 2023 is net of impairment loss of Rs 3,625,891 thousand (2022: Rs 5,790,702 thousand). The Group has assessed the recoverable amount of the investment in National Refinery Limited based on higher of Value In Use (VIU) and fair value (level 1 in the fair value hierarchy - quoted market price as at June 30, 2023). VIU is based on a valuation analysis carried out by an external investment advisor engaged by the Group. VIU has been assessed on discounted cash flow based valuation methodology which assumes gross profit margin of 5.52% (2022: 5.74%), a terminal growth rate of 4.0% (2022: 4.0%) and weighted average cost of capital of 30.20% (2022: 17.51%).
- 18.5** Based on a valuation analysis carried out by the management, the recoverable amount of investment in Attock Petroleum Limited exceeds its carrying amount. The recoverable amount has been estimated based on a value in use calculation. These calculations have been made on discounted cash flow based valuation methodology which assumes an average gross profit margin of 4.92% (2022: 5.83%), a terminal growth rate of 4.0% (2022: 4.0%) and a capital asset pricing model based discount rate of 23.10% (2022: 20.51%).

27.1 On August 28, 2015, the Company signed the Supplemental Agreement with the Government of Pakistan (the Government) for conversion of TAL Block Petroleum Concession Agreement (PCA) signed under the 1997 Petroleum Policy to Petroleum (Exploration & Production) Policy 2012 (Petroleum Policy 2012). Price regimes prevailing in Petroleum Policy 2007, Petroleum Policy 2009 and Petroleum Policy 2012 shall be applicable correlated with the spud date of wells in the respective policies starting from November 27, 2007 and for future exploratory efforts under the above mentioned block. The conversion package included Windfall levy on Natural gas only. Draft statements specifying sums aggregating US \$ 34,213 thousand (Rs 3,393,389 thousand) till June 30, 2015 due to the Company in respect of Mamikhel, Maramzi & Makori East discoveries in TAL block were submitted to the Government on December 8, 2015. On October 9, 2017 Oil and Gas Regulatory Authority (OGRA) issued gas price notifications of the subject arrears.

On December 27, 2017, the Ministry of Energy (Petroleum Division) notified certain amendments in Petroleum Policy 2012 which also included addition of the following explanation of conversion package:

“the conversion package shall include (i) price of Natural Gas for New Exploration Efforts (ii) windfall levy on Natural Gas (iii) EWT gas production, pricing and obligations (iv) Windfall levy on Oil & Condensate, only for PCAs converting from 1994 and 1997 Petroleum Policies and (v) Financial obligations relating to production bonus, social welfare and training”.

Under the said Notification, the Supplemental Agreements already executed for conversion from Petroleum policies of 1994 & 1997 shall be amended within 90 days, failing which the working interest owners will not remain eligible for gas price incentive. On January 3, 2018, Directorate General Petroleum Concessions (DGPC) required all exploration and production companies to submit supplemental agreements to incorporate the aforementioned amendments in Petroleum Concession Agreements (PCAs) signed under 1994 and 1997 policies, for execution within the stipulated time as specified above.

Based on legal advice, the Company is of the view that already executed Supplemental Agreement cannot be changed unilaterally, the Supplemental Agreement was signed under the Conversion Package where gas price was enhanced and Windfall Levy on Oil / Condensate (WLO) was not applicable, the impugned SRO by giving retrospective effect amounts to taking away the vested rights already accrued in favour of the Company. The Government has no authority to give any law or policy a retrospective effect. The Company filed Constitutional Petition challenging the imposition of WLO on February 19, 2018 against Federation of Pakistan through Ministry of Energy (Petroleum Division), Islamabad. The Honourable Islamabad High Court after hearing the petitioner on February 20, 2018, directed the parties to maintain the status quo in this respect. After multiple hearings, last hearing was fixed on June 30, 2022, however the same could not be heard and next date of hearing is yet to be announced.

On prudent basis additional revenue (net of sales tax) on account of enhanced gas price incentive due to conversion from Petroleum Policy 1997 to Petroleum Policy 2012 since inception to June 30, 2023 amounting to Rs 25,265,875 thousand will be accounted for upon resolution of this matter (including Rs 19,658,634 thousand related to period since inception to June 30, 2022). Additional revenue on account of enhanced gas price incentive of Rs 23,092,312 thousand and sales tax of Rs 3,928,026 thousand received from customer on the basis of notified prices has been shown as “Other liabilities” under “trade and other payables”. Sales tax of Rs 3,928,026 thousand (June 30, 2022: Rs 3,237,101 thousand) received from customer on the basis of notified prices is declared in the monthly sales tax return as well as duly deposited with Federal Board of Revenue by the Company. The amount so deposited is shown within “sales tax refundable” in “advances, deposits, prepayments and other receivables”.

39.3 FINANCIAL RISK MANAGEMENT

39.3.1 Financial risk factors

The Group's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk (including currency risk, interest rates risk and price risk). The Group's overall risk management policy focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on the Group's financial performance.

(a) Credit risk

Credit risk represents the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation.

As of June 30, 2023, trade debts of Rs 4,870,997 thousand (2022: Rs 740,525 thousand) were past due but not impaired. The ageing analysis of these trade receivables is as follows:

	4,870,997	740,525

Notes to and Forming Part of the Consolidated Financial Statements

For the year ended June 30, 2023

(b) Liquidity risk

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities.

The Group manages liquidity risk by maintaining sufficient cash and marketable securities. At June 30, 2023, the Group had financial assets of Rs 121,343,030 thousand (2022: Rs 78,677,008 thousand).

The table below analyses the Group's financial liabilities into relevant maturity groupings based on the remaining period at the statement of financial position to the maturity date. The amounts disclosed in the table are undiscounted cash flows which have been inflated using appropriate inflation rate, where applicable.

	Less than 1 year	Between 1 to 5 years	Over 5 years
	Rupees ('000)		
At June 30, 2023

At June 30, 2022			
Long term deposits	-	895,565	120,162
Trade and other payables	26,035,039	-	-
Unclaimed dividend	275,702	-	-

(c) Market risk

(i) Currency risk

Foreign exchange risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Foreign exchange risk arises mainly from future commercial transactions or receivables and payables that exist due to transactions in foreign currencies.

The Group is exposed to currency risk arising from currency exposure with respect to the US dollar. Currently foreign exchange risk is restricted to trade debts, bank balances, receivable from/ payable to joint operating partners and payable to suppliers.

Financial assets include Rs 59,591,245 thousand (2022: Rs 36,827,358 thousand) and financial liabilities include Rs 2,798,153 thousand (2022: Rs 139,193 thousand) which are subject to currency risk.

The following significant exchange rates were applied during the year:

	2023	2022
Rupees per USD	Rupees	
Average rate	247.55	176.98
Reporting date rate	286.60	205.75

If exchange rates had been 10% lower / higher with all other variables held constant, profit after tax for the year would have been Rs 3,975,516 thousand (2022: Rs 2,568,172) lower / higher.

(ii) Interest rate risk

Interest rate risk represents the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The Group has no significant long term interest bearing financial assets and liabilities whose fair value or future cash flows will fluctuate because of changes in market interest rates.

Financial assets include Rs 106,487,040 thousand (2022: Rs 67,780,632 thousand) which are subject to interest rate risk. Applicable interest rates for financial assets have been indicated in respective notes.

If interest rates had been 1% higher / lower with all other variables held constant, profit after tax for the year would have been Rs 557,657 thousand (2022: Rs 369,607 thousand) higher / lower, mainly as a result of higher/lower interest income from these financial assets.

(iii) Price risk

Price risk represents the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

The Group is exposed to equity securities price risk because of investments held by the Group and classified on the statement of financial position as investments classified as fair value through profit or loss. To manage its price risk arising from investments in equity securities, the Group diversifies its portfolio. Diversification of the portfolio is done in accordance with the investment policy of the Group.

Financial assets include Rs 1,112,163 thousand (2022: Rs nil) which are subject to price risk.

If prices had been 1% higher / lower with all other variables held constant, profit after tax for the year would have been Rs 6,784 thousand (2022: Rs nil) higher / lower, mainly as a result of exposure to fluctuation in prices of these financial assets.

Notes to and Forming Part of the Consolidated Financial Statements

For the year ended June 30, 2023

39.3.2 Capital risk management

The Group's objectives when managing capital are to ensure the Group's ability not only to continue as a going concern but also to meet its requirements for expansion and enhancement of its business, maximize return of shareholders and optimize benefits for other stakeholders to maintain an optimal capital structure and to reduce the cost of capital.

In order to achieve the above objectives, the Group may adjust the amount of dividends paid to shareholders, issue new shares through bonus or right issue or sell assets to reduce debts or raise debts, if required.

Consistent with others in the industry, the Group monitors capital on the basis of the gearing ratio. The gearing ratio of the Group has always been low and the Group has mostly financed its projects and business expansions through equity financing. Further, the Group is not subject to externally imposed capital requirements.

39.3.3 Fair value of financial assets and liabilities

All financial assets and financial liabilities are initially recognised at fair value of consideration paid or received, net of transaction costs as appropriate. The carrying values of other financial assets and liabilities of the Group not carried at fair value is a reasonable approximation of their fair values. The table below analyzes financial assets are measured at fair value, by valuation method. The different levels have been defined as follows:

- Level 1 : Quoted prices in active markets for identical assets and liabilities;
- Level 2 : Observable inputs; and
- Level 3 : Unobservable inputs

The Group held the following financial assets at fair value:

	Level 1	Level 2	Level 3	Total
June 30, 2023	Rupees ('000)			
Other financial assets classified as fair value through profit or loss	1,112,163	-	-	1,112,163

	2,158,896	100	1,826,152	100

The funds have no investment in the Company's own securities.

40.8 Principal actuarial assumptions

The principal assumptions used in the actuarial valuation are as follows:

	2023	2022
	%	%
Discount rate	15.25	13
Expected rate of salary increase	13.75	12
Expected rate of pension increase	9	6.75

40.9 Mortality was assumed to be 70% of the EFU(61-66) Table at valuations on both dates, June 30, 2022 and 2023.

40.10 The pension and gratuity plans are defined benefits final salary plans and both plans are invested through approved trust funds. The trustees of the funds are responsible for plan administration and investment. The Company appoints the trustees who are employees of the Company.

The plans expose the Company to various actuarial risks: investment risk and salary risk from both plans and longevity risk from the pension plan.

The asset ceiling does not apply. The Company can use the surplus in the pension and gratuity fund to reduce its future contributions or can apply to the Commissioner of Income Tax for a refund.

40.11 Sensitivity analysis

The calculation of the defined benefit obligation is sensitive to assumptions set out above. The following table summarizes how the impact on the defined benefit obligation at the end of the reporting period would have increased / (decreased) as a result of a change in respective assumptions by one percent.

	Defined benefit obligation	
	1 percent increase	1 percent decrease
	Rupees ('000)	
Discount rate	(156,362)	183,857
Salary increase	64,615	(58,868)
Pension increase	119,015	(105,080)

If life expectancy increases by 1 year, the obligation increases by Rs 58,089 thousand.

The impact of changes in financial assumptions has been determined by revaluation of the obligations on different rates. The impact of increase in longevity has been calculated on the aggregate for each class of employees.

40.12 The weighted average duration of the defined benefit obligation is given below:

Plan Duration	Pension	Gratuity
	Years	
June 30, 2023	11.7	7.9
June 30, 2022	11.4	8

40.13 The Company contributes to the pension and gratuity funds on the advice of the fund's actuary. The contributions are equal to the current service cost with adjustment for any deficit.

The principal assumptions used in the actuarial valuation are as follows:

	2023	2022
	%	%
Discount rate	15.25	13.00
Expected rate of salary increase	15.25	13.00

40.19 Mortality was assumed to be 70% of the EFU (61-66) Table at valuations on both dates, June 30, 2023 and 2022.

40.20 Sensitivity analysis

The calculation of the defined benefit obligation is sensitive to assumptions set out above. The following table summarizes how the impact on the defined benefit obligation at the end of the reporting period would have increased/ (decreased) as a result of a change in respective assumptions by one percent.

	Defined benefit obligation	
	1 percent increase	1 percent decrease
	Rupees ('000)

Company Secretary

Notice of Annual General Meeting

NOTES:

1. CLOSURE OF SHARE TRANSFER BOOKS:

The share transfer books of the Company will remain closed and no transfer of shares will be accepted for registration from October 3, 2023 to October 9, 2023 (both days inclusive). Transfers received in order at the Registered Office / Share Registrar of the Company by the close of business on October 2, 2023 will be treated in time for the purpose of payment of the final cash dividend, if approved by the shareholders.

2. PARTICIPATION IN THE ANNUAL GENERAL MEETING:

A member entitled to participate and vote at this meeting is also entitled to appoint another proxy to participate and vote on his/her behalf. Proxies in order to be effective must be received at the Registered Office of the Company duly stamped and signed not later than 48 hours before the time of the meeting.

For appointing proxies

- a. In case of individuals, the account holders or sub account holders whose registration details are uploaded as per regulations, shall submit the proxy form as per the above requirements. The proxy form shall be witnessed by two persons whose names, addresses and CNIC numbers shall be mentioned on the proxy form. Copies of CNIC or the passport of the beneficial owners and the proxy shall be furnished with the proxy form.
- b. In case of corporate entities, the Board of Directors' resolution / power of attorney with specimen signature of the person nominated to represent and vote on behalf of the corporate entity, shall be submitted (unless it has not been provided earlier) along with proxy form to the Company.

3. CONFIRMATION OF "FILER" STATUS FOR INCOME TAX WITHHOLDING ON CASH DIVIDEND

For cash dividend, the rates of deduction of income tax, under section 150 of the Income Tax Ordinance, 2001 are as follows:

a.	Rate of tax deduction for filer of income tax returns	15%
b.	Rate of tax deduction for non filer of income tax returns	30%

In case of joint account, each holder is to be treated individually as either a filer or non-filer and tax will be deducted on the basis of shareholding of each joint holder as may be notified by the shareholder, in writing to the Company / Share Registrar. If no notification is received, each joint holder shall be assumed to have an equal number of shares.

The CNIC number / NTN detail is now mandatory and is required for checking the tax status as per the Active Taxpayers List (ATL) issued by the Federal Board of Revenue (FBR) from time to time.

4. EXEMPTION FROM DEDUCTION OF INCOME TAX / ZAKAT:

Members seeking exemption from deduction of income tax or are eligible for deduction at a reduced rate are requested to submit a valid tax withholding exemption certificate or necessary documentary evidence for this purpose. Members desiring non-deduction of zakat are also requested to submit a valid declaration for non-deduction of zakat.

CDC account holders are requested to submit their declaration for non-deduction of zakat to the relevant member stock exchange or to CDC if maintaining CDC investor account.

5. PAYMENT OF DIVIDEND THROUGH BANK ACCOUNT OF THE SHAREHOLDER:

Pursuant to the requirement of Section 242 of the Companies Act, 2017, shareholders are MANDATORILY required to provide their International Bank Account Number (IBAN) to receive their cash dividend directly in their bank accounts instead of dividend warrants. In this regard and in pursuance of the directives of the SECP vide Circular No. 18 of 2017 dated August 01, 2017, shareholders are requested to submit their written request (if not already provided) to the Company's registered address, giving particulars of their bank account. In the absence of shareholder's valid bank account detail by October 03, 2023, the Company will be constrained to withhold dividend of such members.

CDC account holders are requested to submit their mandate instruction to the relevant member stock exchange or to CDC if maintaining CDC investor account.

6. SUBMISSION OF COMPUTERIZED NATIONAL IDENTITY CARD (CNIC) FOR PAYMENT OF FINAL CASH DIVIDEND 2022-23

Pursuant to the directives of SECP, CNIC number of shareholders is MANDATORILY required for payment of dividend. Shareholders are therefore, requested to submit a copy of their valid CNIC (if not already provided) to the Company on its registered address / Share Registrar. In the absence of a member's valid CNIC, the Company will be constrained to withhold payment of cash dividend to such members.

CDC account holders are requested to submit attested copy of their CNIC to the relevant member stock exchange or to CDC if maintaining CDC investor account.

7. UNCLAIMED DIVIDEND AND UNDELIVERED SHARE CERTIFICATES

The Company has previously discharged its responsibility under Section 244 of the Companies Act, 2017 whereby the Company approached the shareholders to claim their unclaimed dividends and undelivered share certificates in accordance with the law.

Shareholders, whose dividends still remain unclaimed and/or undelivered share certificates are available with the Company, are hereby once again requested to approach the Company to claim their outstanding dividend amounts and/or undelivered share certificates.

Notice of Annual General Meeting

8. DEPOSIT OF PHYSICAL SHARES INTO CENTRAL DEPOSITORY:

As per Section 72 of the Companies Act, 2017, every existing listed company shall be required to replace its physical shares with book-entry form in a manner as may be specified and from the date notified by SECP, within a period not exceeding four years from the commencement of the Act i.e. May 30, 2017. Further SECP vide its letter dated March 26, 2021 has advised to comply with Section 72 of the Act and encourage shareholders to convert their shares in book-entry form.

In light of above, shareholders holding physical share certificates are requested to deposit their shares in Central Depository by opening CDC sub-accounts with any of the brokers or Investor Accounts maintained directly with CDC to convert their physical shares into scripless form. This will facilitate the shareholders to streamline their information in member's register enabling the Company to effectively communicate with the shareholders and timely disburse any entitlements. Further, shares held shall remain secure and maintaining shares in scripless form allows for swift sale/purchase.

9. CIRCULATION OF ANNUAL AUDITED FINANCIAL STATEMENTS TO SHAREHOLDERS THROUGH EMAIL/CD/USB/DVD OR ANY OTHER MEDIA:

SECP through SRO 787(1)/2014 dated September 8, 2014 and SRO 470(1)/2016 dated May 31, 2016 has allowed the companies to circulate its Annual Audited Financial Statements to its members through Email/CD/DVD/USB/ or any other Electronic Media at their registered Addresses.

The Company circulates its Annual Audited Financial Statements to its members through CD. However, shareholders who wish to receive the hard copy of Financial Statements shall have to fill the standard request form (available on the Company's website www.pakoil.com.pk) and send it to the Company's registered address.

In addition to above, the Company also placed its Financial Statements on its website www.pakoil.com.pk

10. CONSENT FOR VIDEO CONFERENCE FACILITY:

Pursuant to Section 132(2) of the Companies Act, 2017, if the Company receives a request from member(s) holding an aggregate ten percent (10%) or more shareholding residing at another city, such member(s) may request a video conferencing facility for the purposes of participating in the meeting at such a location by sending a request to the Company at least 7 (seven) days prior to the date of meeting, the Company will arrange video conference facility in that city subject to the availability of such facility in that city.

11. AVAILABILITY OF AUDITED FINANCIAL STATEMENTS ON THE COMPANY'S WEBSITE:
